WHAT YOU CAN DO TO IMPROVE AIR QUALITY

1. **DRIVE LESS: WALK AND BIKE MORE**
   good for your health & reduces traffic congestion
2. **CARPOOL: RIDESHARE OR RIDE THE BUS**
   save wear-and-tear on your car, save money and improve the air
3. **CARE FOR YOUR CAR**
   improve gas mileage and reduce your car's emissions by more than half
4. **FUEL WHEN IT'S COOL**
   after 6 PM and don't top off the tank
5. **CONSERVE ENERGY IN YOUR HOME**
   save money and reduce air pollution from power plants
6. **BUY ENERGY EFFICIENT APPLIANCES**
   especially heating and air conditioning
7. **USE GASOLINE MOTORS AFTER 6 PM**
   such as lawn equipment
8. **SPREAD THE WORD**
   protecting our air and environment is everybody's responsibility
