**ENVIRONMENTAL QUALITY**  
**Part I. Office of the Secretary**

**Subpart 1. Departmental Administrative Procedures**

**Chapter 12. Requests for Review of Environmental Conditions**

**§1203. Procedure for Submittal of Request**

A. - B.10. ...

C. An applicant shall submit the request for review, in accordance with the requirements of Subsection B of this Section, in triplicate, with the initial minimum fee in Subsection A of this Section, to the administrator of the Office of Environmental Assessment.

D. - E.2. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2001 et seq., and specifically 2011(D)(25), and R.S. 49:316.1(A)(2)(a) and (c).

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, Legal Affairs Division, LR 33:447 (March 2007), amended LR 33:2079 (October 2007), LR 35:2178 (October 2009), amended by the Office of the Secretary, Legal Affairs Division, LR 38:2749 (November 2012), amended by the Office of the Secretary, Legal Affairs and Criminal Investigation Division, LR 43:

**Subpart 3. Laboratory Accreditation**

**Chapter 47. Louisiana Environmental Laboratory Accreditation Program (LELAP)**

**State Accreditation Requirements**

**§4701. Accreditation Process**

A. The department accreditation process comprises four basic steps:

1. the submittal to the Office of Environmental Assessment of a written request from the laboratory in the form of an application provided by the department, along with payment of all applicable fees;

A.2. - B. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2011.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, LR 24:919 (May 1998), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:1435 (July 2000), amended by the Office of the

Secretary, Legal Affairs Division, LR 31:2434 (October 2005), LR 33:2081 (October 2007), amended by the Office of the Secretary, Legal Division, LR 38:2749 (November 2012), LR 43:933 (May 2017), amended by the Office of the Secretary, Legal Affairs and Criminal Investigation Division, LR 43:

**§4703. Application for Accreditation**

A. ...

B. An application for environmental laboratory accreditation shall be made in writing to the Office of Environmental Assessment, using the current application provided by the department. This application shall include all requested information and be accompanied by the appropriate application fee. Supplemental information may be required.

C. - E. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2011.

**§4705. Categories of Accreditation**

A. At the time of application, each applicant shall clearly identify both the matrix (matrices) and the test categories for which accreditation is sought. A copy of each relevant test method documentation and the requisite equipment for the method shall be available at the laboratory. A current list of approved methods for each parameter/analyte shall be maintained by the Office of Environmental Assessment and shall be included as part of the application package. In cases where a method used by the laboratory is not listed, the laboratory shall submit documentation that verifies that the results obtained from the method in use are equal to or better than those results obtained from the approved method(s). The department shall review the data submitted by the laboratory and shall notify the laboratory in writing within 60 calendar days regarding whether the method is acceptable or unacceptable as an alternate method of analysis.

B. - B.11. ...

C. An accredited laboratory may request the addition of a matrix (matrices) and test category (categories) to its scope of accreditation at any time. Such a request shall be submitted on the current application to the Office of Environmental Assessment. Unless the previous on-site inspection can verify the competence of the laboratory to perform the additional tests, another on-site inspection may be required.

#### **§4711. Proficiency Testing Participation**

A. - E. ...

F. Each participating laboratory shall authorize the proficiency test provider to release the results of the proficiency evaluation (PE) test to the Office of Environmental Assessment at the same time that they are submitted to the laboratory. Every laboratory that receives test results that are "unacceptable" for a specific analyte must investigate and identify likely causes for these results, resolve any problems, and report such activity to the Office of Environmental Assessment, along with the submittal of corrective action proficiency sample test results. The laboratory shall report only the analytes for which corrective action was required.

## **Chapter 7. Settlement and Negotiations**

### **§705. Negotiations**

A. - B.4. ...

C. Negotiations after Issuance of Administrative Orders. PRPs who have received unilateral administrative orders may negotiate with the Office of Environmental Assessment for dismissal of the administrative order upon execution of a cooperative agreement unless an emergency situation has been declared or the department determines that a stay of remedial actions or of enforcement will be detrimental to the public health, welfare, or the environment. The department has sole discretion in determining whether to enter into negotiations after issuance of a unilateral administrative order. Except by written determination of the department, no request for or conduct of negotiations in accordance with this Section shall serve to stay or modify the terms of any such unilateral administrative order.

### **§803. Public Participation**

A. In order to ensure that the public has an opportunity to comment on site-related decisions, the Office of Environmental Assessment, or PRPs as directed by the department, shall provide opportunities for public participation as listed in this Section. All public participation activities undertaken by PRPs shall be performed under the direction and approval of the department.

1. – 1.b. ...

2. For sites where the secretary has made a demand for remedial action in accordance with R.S. 30:2275, the department shall, upon written request, provide an opportunity for a public meeting prior to approval of a site remedial investigation plan and selection of a remedy. Additionally, if a written request is received, the department shall hold a public comment period of not more than 60 calendar days duration prior to approval of a site remedial investigation plan and selection of a site remedy. Written requests shall be mailed to the Office of Environmental Assessment.

## **Chapter 9. Voluntary Remediation**

### **§911. Application Process**

A. Voluntary Remedial Investigation Applications. Prior to performing a remedial investigation and submission of the application in Subsection B of this Section, the applicant may submit a voluntary remedial investigation application for review and approval by the administrative authority, which consists of the following:

1. a Voluntary Remedial Investigation Application Form VCP001, available from the Office of Environmental Assessment and on the department's website, with required attachments, accompanied by the remedial investigation work plan review fee; and

2. - 2.f. ...

B. Voluntary Remediation Applications. Prior to implementation of a voluntary remedial action at a site, applicants must submit a voluntary remediation application to the Office of Environmental Assessment for review and final approval. The application shall consist of the following:

1. a Voluntary Remediation Application Form VCP002, available from the Office of Environmental Assessment and on the department's website, with required attachments, accompanied by the remedial action plan review fee;

B.2. - C.1. ...

2. After the application is accepted for public review and before the beginning of the public comment period provided in Subsections D and F of this Section, the applicant shall provide the number of copies of the accepted application specified by the administrative authority to the Office of Environmental Assessment.

3. ...

D. Public Notice. Upon acceptance of the voluntary remediation application, as set forth in Subsection C of this Section, the applicant must place a public notice of the proposed voluntary remedial action plan in the local newspaper of general circulation in the parish where the voluntary remediation site is located. The public notice shall be a single classified advertisement at least 4 inches by 6 inches in size in the legal or public notices section. The applicant must provide proof of publication of the notice to the Office of Environmental Assessment prior to final approval of the plan. The public notice shall:

1. - 2. ...

3. indicate that comments shall be submitted to the Office of Environmental Assessment (including the contact person, mailing address, and physical address), as well as indicate the deadline for submission of comments;

4. - 5. ...

E. Direct Notice to Landowners. Within five days of the public notice in Subsection D of this Section, the applicant must send a direct written notice of the voluntary remedial action plan to persons owning immovable property contiguous to the voluntary remediation site. This notice shall be sent to persons listed as owners of the property on the rolls of the parish tax assessor as of the date on which the voluntary remediation application is submitted. The notice must be sent by certified mail and contain the same information that is provided in the public notice. Return receipts or other evidence of the receipt or attempted delivery of the direct notice must be provided to the Office of Environmental Assessment prior to final approval of the plan.

F. Public Hearing and Comment

1. Comments on the voluntary remedial action plan shall be accepted by the Office of Environmental Assessment for a period of 30 days after the date of the public notice and shall be fully considered by the administrative authority prior to final approval of the plan. However, if the administrative authority determines a shorter or longer comment period is

warranted, the administrative authority may provide for a shorter or longer comment period in the public notice described in Paragraph D.1 of this Section. Also, the comment period provided in the public notice may be extended by the administrative authority if the administrative authority determines such an extension is warranted.

**Part XI. Underground Storage Tanks**

**Chapter 3. Registration Requirements, Standards, and Fee Schedule**

**§301. Registration Requirements**

A. - A.2. ...

3. All existing UST systems previously registered with the department shall be considered to be in compliance with this requirement if the information on file with the department is current and accurate. Maintaining current and accurate information with the department includes notifying the Office of Environmental Assessment of changes in ownership, or of changes in UST system descriptions resulting from upgrading, by filing an amended registration form within 30 days of the change in ownership or in description of the UST system.

B. New UST Systems. Upon the effective date of these regulations, all owners of new *UST systems* (as defined in LAC 33:XI.103) must, at least 30 days before bringing such tanks into use, register them on an *Underground Storage Tank Registration Form* (UST-REG-01). Registration forms shall be filed with the Office of Environmental Assessment. The following registration requirements apply to new UST systems.

1. - 2. ...

C. All UST system owners or operators shall comply with the following requirements.

1. Any person who sells a UST system shall so notify the Office of Environmental Assessment in writing within 30 days after the date of the transaction. A person selling a UST must also notify the person acquiring a regulated UST system of the owner's registration obligations under this Section.

2. Any person who acquires a UST system shall submit to the Office of Environmental Assessment an amended registration form within 30 days after the date of acquisition.

### **§303. Standards for UST Systems**

A. - C.1. ...

2. The department may grant an extension to these dates only in the event that the UST or UST system installation is delayed due to adverse weather conditions or other unforeseen, unavoidable circumstances. A written contract alone does not qualify as an

unforeseen, unavoidable circumstance. In order to obtain an extension, the UST owner must submit a written request to the Office of Environmental Assessment, describing the circumstances that have caused the installation delay.

D. - D.6.b.i.(e). ...

ii. Beginning January 20, 1992, all owners and operators must ensure that the individual exercising supervisory control over *installation critical-junctures* (as defined in LAC 33:XI.1303) of a UST system is certified in accordance with LAC 33:XI.Chapter 13. To demonstrate compliance with Subparagraph D.6.a of this Section, all owners and operators must provide a certification of compliance on the UST Registration of Technical Requirements Form (UST-REG-02) within 60 days of the introduction of any regulated substance. Forms shall be filed with the Office of Environmental Assessment.

c. Notification of Installation. The owner and operator must notify the Office of Environmental Assessment in writing at least 30 days before beginning installation of a UST system by:

6.c.i. ...

ii. notifying the appropriate regional office of the Office of Environmental Assessment by mail or fax seven days prior to commencing the installation and before commencing any *installation-critical juncture* (as defined in LAC 33:XI:1303);

D.6.c.iii. - E.6. ...

a. The owner and operator must notify the Office of Environmental Assessment in writing at least 30 days before beginning a UST system upgrade.

b. An amended registration form (UST-REG-02) must be submitted to the Office of Environmental Assessment within 30 days after the UST system is upgraded. The owner and operator must certify compliance with Subsection C of this Section on the amended registration form (UST-REG-02). Beginning January 20, 1992, the amended registration forms (UST-REG-01 and 02) shall include the name and department-issued certificate number of the individual exercising supervisory control over those steps in the upgrade that involve repair-critical junctures or installation-critical junctures (as defined in LAC 33:XI.1303) of a UST system.

A. - C.1.f. ...

2. Within 20 days after release confirmation or another reasonable period of time determined by the department in writing, owners and operators must submit a report to the Office of Environmental Assessment summarizing the initial abatement steps taken under Paragraph C.1 of this Section and any resulting information or data.

D. - D.1.e. ...

2. Within 60 days of release confirmation or another reasonable period of time determined by the department in writing, owners and operators must submit the information collected in compliance with Paragraph D.1 of this Section to the Office of Environmental Assessment in a manner that demonstrates its applicability and technical adequacy, or in a format and according to the schedule required by the department.

E. Free Product Removal. At sites where investigations under Subparagraph C.1.f of this Section indicate the presence of free product, owners and operators must remove free product to the maximum extent practicable as determined by the Office of Environmental Assessment, while continuing, as necessary, any actions initiated under Subsections B-D of this Section, or preparing for actions required under Subsections F-G of this Section. To meet the requirements of this Subsection, owners and operators must take the following actions.

1. - 3. ...

4. Unless directed to do otherwise by the department, prepare and submit to the Office of Environmental Assessment, within 45 days after confirming a release, a free product removal report that provides at least the following information:

### **§907. Assessing the Site at Closure or Change-in-Service**

A. Before permanent closure or a change-in-service is completed, owners and operators must measure for the presence of a release where contamination is most likely to be present at the UST site, utilizing the procedure approved by the department. In selecting sample types, sample locations, and measurement methods, owners and operators must consider the method of closure, the nature of the stored substance, the type of backfill, the depth to groundwater, and other factors appropriate for identifying the presence of a release. Results of this assessment must be submitted in duplicate to the Office of Environmental Assessment within 60 days following permanent closure or change in service. The assessment results shall include a site diagram indicating locations where samples were collected and a written statement specifying which USTs have been closed.

## **Chapter 11. Financial Responsibility**

### **§1111. Financial Test of Self-Insurance**

A. - C.5.b. ...

D. To demonstrate that it meets the financial test under Subsection B or C of this Section, the chief financial officer of the owner or operator, or guarantor, must sign, within 120 days of the close of each *financial reporting year*, as defined by the 12-month period for which financial statements used to support the financial test are prepared, a letter worded exactly as follows, except that the instructions in brackets are to be replaced by the relevant information and the brackets deleted. To prepare this letter, the owner or operator must use the form required by the department. This form may be obtained from the Office of Environmental Assessment.

\* \* \*

E. – F. ...

G. If the owner or operator fails to obtain alternate assurance within 150 days of finding that he or she no longer meets the requirements of the financial test based on the year-end financial statements, or within 30 days of notification by the administrative authority that he or she no longer meets the requirements of the financial test, the owner or operator must notify the Office of Environmental Assessment of such failure within 10 days.

A. - A.2. ...

B. Within 120 days of the close of each financial reporting year the guarantor must demonstrate that it meets the financial test criteria of LAC 33:XI.1111 based on year-end financial statements for the latest completed financial reporting year by completing the letter from the chief financial officer described in LAC 33:XI.1111.D and must deliver the letter to the owner or operator. If the guarantor fails to meet the requirements of the financial test at the end of any financial reporting year, within 120 days of the end of that financial reporting year the guarantor shall send by certified mail, before cancellation or nonrenewal of the guarantee, notice to the owner or operator and to the Office of Environmental Assessment. If the Office of

Environmental Assessment notifies the guarantor that he no longer meets the requirements of the financial test of LAC 33:XI.1111.B or C and D, the guarantor must notify the owner or operator within 10 days of receiving such notification from the Office of Environmental Assessment. In both cases, the guarantee will terminate no less than 120 days after the date the owner or operator receives the notification, as evidenced by the return receipt. The owner or operator must obtain alternative coverage as specified in LAC 33:XI.1139.C.
