# Definitions

## SEWAGE SLUDGE HAULING

REGISTRATION AND REPORTING REQUIREMENTS • HOW THEY APPLY TO YOU

# Sewage Sludge

**(Includes Domestic Septage & Portable Toilet Waste)**

*Sewage Sludge* - any solid, semisolid, or liquid residue removed during the treatment of municipal waste water or domestic sewage. *Sewage sludge* includes, but is not limited to, solids removed during primary, secondary, or advanced waste water treatment, scum, domestic septage, portable toilet pumpings, type III marine sanitation device pumpings (33 CFR Part 159), and sewage sludge products. *Sewage sludge* does not include grit or screenings, or ash generated during the incineration of sewage sludge.

**Also includes *Grease Trap Waste* When Pumped or Removed from a *Food Service Establishment* and Mixed with *Sewage Sludge***

*If you are hauling only grease trap waste, the sewage sludge regulations do not apply.*

## SEWAGE SLUDGE HAULING

REGISTRATION AND REPORTING REQUIREMENTS • HOW THEY APPLY TO YOU

# Pumper of Sewage Sludge

*Pumper of Sewage Sludge*—a person who removes sludge from a sanitary wastewater treatment facility; domestic septage from a residential septic tank, mechanical treatment plant, or dump station for recreational vehicles and watercrafts or vessels; residuals from a portable toilet; or grease from a food service facility that is mixed with sewage sludge.

## SEWAGE SLUDGE HAULING

REGISTRATION AND REPORTING REQUIREMENTS • HOW THEY APPLY TO YOU

# Transporter of Sewage Sludge

*Transporter of Sewage Sludge*—a person who pumps or moves sewage sludge off-site by means of land-based vehicles, barges, ships, rails, pipelines, or other modes of transportation. For oxidation ponds/lagoons/surface impoundments, this includes the removal of the sewage sludge from the oxidation ponds/lagoons/surface impoundments to the levees surrounding the oxidation ponds/lagoons/surface impoundments.

### SEWAGE SLUDGE HAULING

REGISTRATION AND REPORTING REQUIREMENTS • HOW THEY APPLY TO YOU

# Sewage Sludge Transporter/Hauler Registration

- a. **Registration – Registration Form (Form 7159) obtained from the Office of Environmental Services or through the department’s website.**
- b. **ALL the information required by the form shall be provided.**
- c. **The registration period - July 1<sup>st</sup> to June 30<sup>th</sup>.**
- d. **All registrations shall expire on June 30<sup>th</sup> of each year.**
- e. **To continue the operation of transporting sewage sludge - Apply for re-registration to the Office of Environmental Services by May 1<sup>st</sup> of each year.**
- f. **The fee for registration shall be an annual fee of \$100.**

## **SEWAGE SLUDGE HAULING**

REGISTRATION AND REPORTING REQUIREMENTS • HOW THEY APPLY TO YOU

# Sewage Sludge Transporter/Hauler Registration

- g. The Office of Environmental Services shall be notified prior to any modification to the information submitted for registration, including, but not limited to, the following:
  - i. The removal and/or addition of information about the facility to which the sewage sludge is being transported.
  - ii. The removal and/or addition of a vehicle that will be utilized for the transporting of sewage sludge.

## SEWAGE SLUDGE HAULING

REGISTRATION AND REPORTING REQUIREMENTS • HOW THEY APPLY TO YOU

# Sewage Sludge Transporter/Hauler Registration

- h. All transporters of sewage sludge and/or grease mixed with sewage sludge shall transport the sewage sludge and/or grease mixed with sewage sludge only to a facility permitted to receive sewage sludge.**
  
- i. All transporters of sewage sludge and/or grease mixed with sewage sludge shall maintain a daily log or record of activities containing the following information regarding the sewage sludge and/or grease mixed with sewage sludge:**
  - i. The date the transported material was obtained, pumped, or removed;**
  - ii. The origin or source of the material;**
  - iii. The volume of material removed (generated) from each site,**
  - iv. The transfer and/or disposal site; and,**
  - v. The amount of material that was transported or disposed.**

## SEWAGE SLUDGE HAULING

REGISTRATION AND REPORTING REQUIREMENTS • HOW THEY APPLY TO YOU

# Reporting for Transporters/Haulers of Sewage Sludge

(1) Date of Report: February 1, 2011

(2) Reporting Period: From: January 1, 2010 To: December 31, 2010

(NOTE: The Reporting Period is from January 1<sup>st</sup> to December 31<sup>st</sup> of the Previous Year.)

(3) Select the type of disposal (Check all that applies.):

Disposal in a Permitted Landfill

Introduction into a Permitted Domestic Sewage Treatment Works

(4) Indicate the Type of Material, annual amount received (prior to the material being prepared) and the annual amount prepared at your facility for the Reporting Period indicated in Number (2) above (Check all that applies):

Sewage Sludge  Amount Received: 5 Units: tons Amount Prepared: 0 Units: tons

Domestic Septage  Amount Received: \_\_\_\_\_ Units: \_\_\_\_\_ Amount Prepared: \_\_\_\_\_ Units: \_\_\_\_\_

Portable Toilet Waste  Amount Received: 1000 Units: gallons Amount Prepared: 0 Units: gallons

Grease Waste  Amount Received: \_\_\_\_\_ Units: \_\_\_\_\_ Amount Prepared: \_\_\_\_\_ Units: \_\_\_\_\_

(5) Total Annual Amount Disposed: 36.5 Check One:  Gallons/Yr  Tons/Yr

(6) If the disposal of the material indicated in Number 4 above is in a landfill, provide the results for the following:

Toxicity Characteristic Leaching Procedure (TCLP) -----  PASS  FAIL

Total PCB -----  PASS  FAIL

Paint Filter Liquids Test (NOTE: Only if required by the Landfill.) -----  PASS  FAIL

# REMINDERS

- All registrations expire on June 30, 2011.
- All registered transporters must submit the Sewage Sludge Hauler Notification Form by May 1, 2011.
- If you do not submit your form by May 1, 2011, you will not get your new registration prior to expiration. Therefore, you will not be able to haul sewage sludge.
- If you don't submit your Sewage Sludge Disposal Reporting Form, you will not be able to obtain your new registration.

**Latest News**

**Registration continues for environmental healthcare workshops**  
DEQ Communications - 3 days ago  
Workshops aimed at hospitals and healthcare providers are currently scheduled in Baton Rouge and Metairie. The workshops are intended to educate hospital employees and other healthcare providers on environmental matters, as well as providing useful tools to improve compliance with the Joint Commission's Environment of Care standards.  
For registration or more information go to

**Enviroschool for communities continues in February 2009**  
DEQ Communications - 4 days ago  
Enviroschool is a training session presented by the Department of Environmental Quality that helps the public better understand the agency and how it operates. In February, the topic for Baton Rouge, Shreveport, Lake Charles and New Orleans will be Water Permits 101: Understanding the Process. The session will introduce the water program's mission, major regulations that govern it, and types and examples of water permits. For Monroe and Alexandria, the topic will be Environmental Regulations 101: A Broad Overview. This session will talk about federal and state environmental regulations and what they are designed to do.
