

# Announcing...

The Louisiana Department of Environmental Quality (LDEQ) is pleased to present its inaugural Green Business Expo on **Wednesday, August 25 from 7:00 am - 4:30 pm at the Galvez Conference Center, LDEQ Headquarters.** This timely exposition will showcase 9 presenters and exhibits from other innovative businesses. These businesses offer real cost saving opportunities for private and public enterprises, as well as provide an environmental return for the citizens of Louisiana. This interactive program will focus on creating a synergy between economic reality and environmental quality of life improvements through partnering with established and community stakeholders, innovative business concepts, and market opportunities. Participants will assist in building a report card which scores presenters and exhibitors on implementation possibilities of their technology. The LDEQ will issue an annual report card on the actual implementation of the businesses as well as calculations of data designed to illustrate the lowered impact on our environment by placing their products into the stream of commerce. Members from industry, federal, state, and local government and consumers will benefit from attendance at this event.

**Please visit the Green Business Expo page on the LDEQ website for complete information, registration and sponsorship opportunities @ [www.deq.louisiana.gov/greenbusinessexpo](http://www.deq.louisiana.gov/greenbusinessexpo)**
