II

On April 21, 2014, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement No. AE-CN-13-00836, which was based upon the following findings of fact:

“The Respondent owns and/or operates Florien Plywood Plant (the facility), located at 225 Studeman Street in Florien, Sabine Parish, Louisiana. The facility operates or has operated under the authority of Title V Air Permits as shown in Table A:

TABLE A

*The Respondent submitted an application dated 10/5/2005 to modify Title V Permit No. 2700-00001-V1, 113 days prior to expiration.

On or about September 18, 2013, a file review of the facility was performed to determine the degree of compliance with the Act and the Air Quality Regulations.

While the investigation by the Department is not yet complete, the following violations were noted during the course of the inspection and file review:

- A. In correspondence dated July 23, 2013, the Respondent reported the results of emission testing conducted on or about May 30, 2013 for the Regenerative Catalytic/Thermal Oxidizer (RCO/RTO), EQT 15. Test results reported a Carbon Monoxide (CO) average level of 25.06 pounds per hour (lb/hr), exceeding the permit limit of 14.27 lb/hr, maximum. The failure to maintain CO below the permitted level is a violation of Title V Permit No. 2700-00001-V3, LAC 33:III.501.C.4, La. R.S. 30:2057(A)(1) and 30:2057(A)(2).
- B. In correspondence dated September 4, 2013, and received September 9, 2013 the Respondent submitted an application to modify Title V Permit No. 2700-00001-V3 to incorporate the emission test results for CO and for formaldehyde for the RCO/RTO. In correspondence dated August 1, 2013, the Respondent reported receiving the emission test results on or about July 18, 2013. The application was dated 48 days after receiving the emission test results. The failure to request a permit modification within forty-five (45) days after receiving test results that demonstrate that a permit modification is required is a violation of LAC 33:III.523.A, LAC 33:III.501.C.4, La. R.S. 30:2057(A)(1) and 30:2057(A)(2).
- C. In correspondence dated as shown, the Respondent submitted the facility's First Semiannual Monitoring Reports for the period encompassing January 1 through June 30 of the year shown and the facility's Second Semiannual Monitoring Reports for the period encompassing July 1 through December 31 of the year shown. Deviations reported that were not consistent with the facility's Startup/Shutdown/Malfunction (SSM) plan, and the Specific Requirement (SR) of Title V Permit No. 2700-00001-V2 are shown in table A:
