Earth Day 2006

BATON ROUGE – This year’s theme is Celebrate Louisiana at the 17th annual Baton Rouge Earth Day. One of the nation’s largest environmental festivals will take place downtown along North Boulevard on Sunday, April 23, beginning at noon until 8:30 pm.

In 1970, more than 20 million people across America celebrated the first Earth Day. What started as a day of national environmental recognition has evolved into a world-wide campaign to protect our global environment.

For detailed information on Earth Day activities, entertainment, or to volunteer, visit www.earthdaybr.org
