

# YOU'RE INVITED!

## Brownfields Tools for Community Enhancement and Development in Louisiana

Free Brownfields Webinar: 10:30a Thursday, May 30, 2019!

### Hello Community Leaders, Planners, Real Estate Developers & Professionals, and Environmental Consultants!

You are cordially invited to attend a **free**, 30-minute Brownfields webinar co-hosted by the U.S. Environmental Protection Agency (EPA) Region 6, the Louisiana Department of Environmental Quality, and the Technical Assistance to Brownfields Program (TAB) at Kansas State University (KSU). The webinar will be held from 10:30-11:00am CT on Thursday, May 30, 2019. This webinar will also provide a quick introduction to upcoming Brownfield Workshops in Shreveport June 11-12 and in New Orleans July 31 – August 1.

**What is this about?** Many communities have an abandoned building, old gas station or other potentially contaminated building that is impeding future growth. This webinar is designed to help you and your community find answers to questions such as:

- What is a Brownfield site and how can various parties work together to assist in their redevelopment?
- How should a community approach the redevelopment?
- What programs are out there to assist local governments, nonprofits and developers in the environmental assessment/ cleanup of a Brownfield site and its redevelopment?

#### **Who would benefit from attending?**

- Local and regional government officials, environmental and real estate development nonprofits, economic and community development organizations and local neighborhood organizations looking for resources to address blighted properties in their communities.
- Property owners, real estate professional and developers interested in resources to help revitalize key properties.
- Environmental consultants interested in learning about tools available to assist their clients.
- Anyone interested in learning about Brownfield resources for local redevelopment projects.
