The following Settlement is hereby agreed to between Air Products and Chemicals, Inc. (“Respondent”) and the Department of Environmental Quality (“DEQ” or “the Department”), under authority granted by the Louisiana Environmental Quality Act, La. R.S. 30:2001, et seq. (“the Act”).

I

**RE: NOTICE OF POTENTIAL PENALTY  
ENFORCEMENT TRACKING NO. AE-PP-16-00468  
AGENCY INTEREST NO. 31512**

Dear Sir(s):

On or about September 29, 2015, and November 9, 2015, inspections of the Geismar 2 – Syngas Separation Unit (facility), a raw synthesis gas processing facility, owned and/or operated by AIR PRODUCTS AND CHEMICALS, INC. (RESPONDENT), were performed to determine the degree of compliance with the Louisiana Environmental Quality Act (the Act) and the Air Quality Regulations. Additionally, a file review was conducted for the facility on or about March 2, 2018. The facility is located at 36637 Louisiana Highway 30 in Geismar, Ascension Parish, Louisiana. The facility operated under Title V Air Permit No. 0180-00071-V2 issued on September 4, 2013. The facility currently operates under Title V Air Permit No. 0180-00071-V3 issued on June 10, 2014.

While the investigation by the Louisiana Department of Environmental Quality (the Department) is not yet complete, the following violation was noted during the course of the inspections and file review:

- A. In the facility's 2014 Title V Annual Compliance Certification and 2016 Title V 1<sup>st</sup> Semiannual Monitoring Report submitted to the Department on or about March 31, 2015, and September 26, 2016, respectively, the Respondent reported failures to continuously monitor the presence of a flame by a heat sensing device for 102-97 Methane-Wash Cold Box No. 1 "Cold" Flare (EQT0005). Specifically, the heat sensing device failed on or about May 11, 2014, at 15:30 and the deviation continued until the heat sensing device was replaced on or about May 16, 2014, at 20:30. Additionally, an internal electrical board of the pilot monitoring eye device

failed on or about March 19, 2016, and flame presence was not monitored for approximately 797.5 hours until a new board was installed on or about April 21, 2016. The May 11, 2014 failure is a violation of Title V Air Permit No. 0180-00071-V2 Specific Requirement 7, and the March 19, 2016 failure is a violation of Title V Air Permit No. 0180-00071-V3 Specific Requirement 7. Each monitoring failure is also a violation of LAC 33:III.501.C.4 and La. R.S. 30:2057(A)(2).

- B. The Respondent failed to submit the facility's Title V 2nd Semiannual Monitoring Report for the second semiannual monitoring period of 2015 in a timely manner. Specifically, the Title V 2<sup>nd</sup> Semiannual Monitoring Report was due March 31, 2016, but was postmarked August 15, 2017. Each failure to submit a Title V Semiannual Monitoring Report is a violation of Title V Air Permit No. 0180-00071-V3 40 CFR Part 70 General Condition K, LAC 33:III.501.C.4 and La. R.S. 30:2057(A)(2).
- C. The Respondent failed to submit the facility's Title V Annual Compliance Certification for the annual monitoring period of 2015 in a timely manner. Specifically, the Title V Annual Monitoring Report was due March 31, 2016, but was postmarked August 15, 2017. Each failure to submit a Title V Annual Compliance Certification is a violation of Title V Air Permit No. 0180-00071-V3 40 CFR Part 70 General Condition M, LAC 33:III.501.C.4 and La. R.S. 30:2057(A)(2).
- D. In the facility's 2016 Title V Annual Compliance Certification submitted to the Department on or about March 31, 2017, respectively, the Respondent reported failures to continuously monitor the presence of a flame by a heat sensing device for 102-97 Methane-Wash Cold Box No. 1 "Cold" Flare (EQT0005) and 103-97 Industrial Warm Flare (EQT0006). Specifically, the power supply feeding the pilot eye monitoring units failed, consequently, causing the failure to monitor the flame presence of EQT0005 and EQT0006 for approximately 312 hours. The power supply failed on October 9, 2016, and a new power supply was ordered and installed on October 21, 2016. Each monitoring failure is a violation of Title V Air Permit No. 0180-00071-V3 Specific Requirements 7 and 16, LAC 33:III.501.C.4 and La. R.S. 30:2057(A)(2).
- E. In correspondence dated December 21, 2016, the Respondent reported an incident (T174650) that occurred on December 17, 2016. Specifically, the Respondent experienced a release due to a line failure which resulted in a pressure change in the unit. The line failure was repaired within 50 minutes of discovery and resulted in approximately 2,760 pounds of Syngas, which includes carbon monoxide, hydrogen, and methane. The release was deemed preventable. This release is a violation of LAC 33:III.905, La. R.S. 30:2057(A)(1) and 30:2057(A)(2).

Pursuant to La. R.S. 30:2050.3(B), you are hereby notified that the issuance of a penalty assessment is being considered for the violation(s) described herein. Written comments may be filed regarding the violation(s) and the contemplated penalty. If you elect to submit comments, it is requested that they be submitted within ten (10) days of receipt of this notice.

Prior to the issuance of any additional appropriate enforcement action, you may request a meeting with the Department to present any mitigating circumstances concerning the violation(s). If you would like to have such a meeting, please contact Madison Kirkland at (225) 219-3165 within ten (10) days of receipt of this **NOTICE OF POTENTIAL PENALTY**.

The Department is required by La. R.S. 30:2025(E)(3)(a) to consider the gross revenues of the Respondent and the monetary benefits of noncompliance in order to determine whether a penalty will be assessed and the amount of such penalty. Please forward the Respondent's most current annual gross revenue statement along with a statement of the monetary benefits of noncompliance for the cited violations to the above named contact person within ten (10) days of receipt of this **NOTICE OF POTENTIAL PENALTY**. Include with your statement of monetary benefits the method(s) you utilized to arrive at the sum. If you assert that no monetary benefits have been gained, you are to fully justify this statement. If the Respondent chooses not to submit the requested most current annual gross revenues statement within ten (10) days, it will be viewed by the Department as an admission that the Respondent has the ability to pay the statutory maximum penalty as outlined in La. R.S. 30:2025.

For each violation described herein, the Department reserves the right to seek civil penalties and the right to seek compliance with its rules and regulations in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties and compliance.

The Department assesses civil penalties based on LAC 33:I.Subpart1.Chapter 7. To expedite closure of this **NOTICE OF POTENTIAL PENALTY**, the Respondent may offer a settlement amount to resolve any claim for civil penalties for the violation(s) described herein. The Respondent may offer a settlement amount, but the Department is under no obligation to enter into settlement negotiations. The decision to proceed with a settlement is at the discretion of the Department. The settlement offer amount may be entered on the attached "**NOTICE OF POTENTIAL PENALTY REQUEST TO SETTLE**" form. The Respondent must include a justification of the offer. **DO NOT** submit payment of the offer amount with the form. The Department will review the settlement offer and notify the Respondent as to whether the offer is or is not accepted.

Dear Sir(s):

On or about April 29, 2015 and June 14, 2017, inspections of the Geismar No. 1 Synthesis Gas Facility (facility), a syngas production facility, owned and/or operated by **AIR PRODUCTS AND CHEMICALS, INC. (RESPONDENT)**, were performed to determine the degree of compliance with the Louisiana Environmental Quality Act (the Act) and the Air Quality Regulations. Additionally, file reviews were conducted for the facility on or about June 10, 2016 and April 4, 2018. The facility is located at 8013 Louisiana Highway 3251 in Geismar, Ascension Parish, Louisiana. The facility previously operated under Title V Air Permit No. 0180-00023-V3 issued on September 19, 2011 and Title V Air Permit No. 0180-00023-V4 issued on January 12, 2016. The facility currently operates under Minor Source Permit No. 0180-00023-06 issued on March 23, 2018.
