SETTLEMENT

The following Settlement is hereby agreed to between Birla Carbon U.S.A., Inc. (“Respondent”) and the Department of Environmental Quality (“DEQ” or “the Department”), under authority granted by the Louisiana Environmental Quality Act, La. R.S. 30:2001, et seq. (“the Act”).

I

Respondent is a corporation that owns and/or operates a carbon black manufacturing facility located in Centerville, St. Mary Parish, Louisiana (“the Facility”).

II

On December 20, 2019, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement No. WE-CN-19-00646 (Exhibit 1).

III

Respondent denies it committed any violations or that it is liable for any fines, forfeitures and/or penalties.

IV

Nonetheless, Respondent, without making any admission of liability under state or federal

statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of THREE THOUSAND AND NO/100 DOLLARS (\$3,000.00), of which One Thousand Ninety-Nine and 04/100 Dollars (\$1,099.04) represents the Department's enforcement costs, in settlement of the claims set forth in this agreement. The total amount of money expended by Respondent on cash payments to the Department as described above, shall be considered a civil penalty for tax purposes, as required by La. R.S. 30:2050.7(E)(1).

## V

Respondent further agrees that the Department may consider the inspection report(s), permit record(s), the Consolidated Compliance Order & Notice of Potential Penalty (Enforcement No. WE-CN-19-00646) and this Settlement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the sole purpose of determining Respondent's compliance history.

## VI

This agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any right to administrative or judicial review of the terms of this agreement, except such review as may be required for interpretation of this agreement in any action by the Department to enforce this agreement.

## VII

This settlement is being made in the interest of settling the state's claims and avoiding for both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing

to the compromise and settlement, the Department considered the factors for issuing civil penalties set forth in La. R. S. 30:2025(E) of the Act.

#### VIII

As required by law, the Department has submitted this Settlement Agreement to the Louisiana Attorney General for approval or rejection. The Attorney General's concurrence is appended to this Settlement Agreement.

#### IX

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in St. Mary Parish, Louisiana. The advertisement, in form and wording approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

#### X

Payment is to be made within ten (10) days from notice of the Secretary's signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. Each payment shall be accompanied by a completed Settlement Payment Form (Exhibit A).

XI

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement.

XII

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.

This CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

**FINDINGS OF FACT**

An authorized representative of the Department inspected the abovementioned facility or conducted a file review of the facility to determine the degree of compliance with regulations promulgated in the Louisiana Administrative Code, Title 33. The State regulatory citations for the violation(s) identified during the inspection and/or file review are indicated below.

I.		The Respondent owns and/or operates a carbon black manufacturing facility located at 370 Columbian Chemicals Lane in Centerville, St. Mary Parish, Louisiana. The Respondent was issued Louisiana Pollutant Discharge Elimination System (LPDES) Permit LA0004154 on January 8, 2016, with an effective date of February 1, 2016. LPDES Permit LA0004154 was modified with an effective date of December 1, 2017. LPDES Permit LA0004154 will expire on January 31, 2021. Under the terms and conditions of LPDES Permit LA0004154, the Respondent is permitted to discharge stormwater runoff, water softener regeneration water, boiler blowdown, non-contact cooling water from the ozone generators cogeneration plant, ozonator scrubber water, cooling water tower blowdowns, reverse osmosis concentrate, the emergency discharge of the feed water pond, and treated sanitary wastewater into local drainage, thence into Bayou Blue, thence into Intracoastal Waterway (010601 (Phase I)) and local drainage thence into the Intracoastal Waterway (010803 (Phase II)), all waters of the state. Also, reauthorization under the reissued Louisiana Pollutant Discharge Elimination System (LPDES) General Permit LAR05P378 was granted to the Respondent effective September 6, 2016. LPDES General Permit LAR05P378 will expire on May 8, 2021. Under the terms and conditions of LPDES General Permit LAR05P378, the Respondent is permitted to discharge stormwater associated with industrial activity into Bayou Blue, waters of the state.
	<b>Date of Violation</b>	<b>Description of Violation</b>
II.	Inspection(s) June 11, 2019 File Review October 28, 2019	The Respondent failed to submit Discharge Monitoring Reports (DMRs) in a timely manner. The Respondent is required to submit monthly and quarterly DMRs by no later than the 28 <sup>th</sup> day of the month following each quarterly reporting period. The Respondent is also required to submit semiannual DMRs by no later than the 28 <sup>th</sup> day of the month following each semiannual monitoring period. Specifically, the Respondent did not submit timely DMRs for monthly, quarterly, and semiannual monitoring periods as indicated in <b>Attachment 1</b> . (LPDES Permit LA0004154 (Part II, Section J and Part III, Section A.2), La. R.S. 30:2076(A)(3), and LAC 33:IX.2701.L.4) By letter dated August 7, 2019, the Respondent reported that it had problems submitting in NetDMR from April 2017 through September 2017 because it was not able to receive access to enter data during this period. Paper DMRs were submitted during this period. Once access was granted in 2018, all missing DMRs in NetDMR were submitted.
III.	Inspection(s) June 11, 2019	The Respondent failed to comply with LPDES Permit LA0004154. Specifically, the Respondent failed to accurately report on the quarterly January through March 2019 DMR for Outfall 001, loading sample results for chloride, sulfate, and total dissolved solids (TDS). The results were not calculated using daily flow and daily analytical data and were reported in mg/l instead of lbs/day. (LPDES Permit LA0004154 (Part III, Sections A.2 and D.4), La. R.S. 30:2076(A)(3), and LAC 33:IX.2701.L.4) By letter dated August 7, 2019, the Respondent reported that it had requested from its sampling lab that results be converted from mg/l to lbs/day.
IV.	Inspection(s) June 11, 2019	The Respondent failed to maintain all monitoring records as required by LPDES Permit LA0004154. Specifically, the Respondent failed to provide documentation of pH meter calibrations for any sampling event, except for May 13, 2019. (LPDES Permit LA0004154 (Part III, Sections A.2 and C.3), La. R.S. 30:2076(A)(3), and LAC 33:IX.2701.J) By letter dated August 7, 2019, the Respondent reported that it had created a separate process that required the sampler to fill out a form to include sample date, calibration date, calibration results, sample results, and specific outfall results.
V.	Inspection(s) June 11, 2019	The Respondent failed to have an adequate Stormwater Pollution Prevention Plan (SWPPP). Specifically, the site layout map failed to include the following: (1) the size of the facility in acres; (2) the direction of storm water runoff on the north side of the cogeneration plant; (3) all of the receiving waters in the vicinity of the facility, indicating if any of the waters are impaired; (4) all storm water conveyances, specifically on the northeast side and along the south side of the facility; (5) location and description of all non-storm water discharges (did not have Outfall 003); and (6) two 1,500 gallon oily water storage tanks. (LPDES Permit LAR05P378 (Part 4, paragraph 4.3.2 and Part 8, Section A.2), LPDES Permit LA0004154 (Part II, Section H.4.b and c and Part III, Section A.2), La. R.S. 30:2076(A)(3), and LAC 33:IX.2701.A) By letter dated August 7, 2019, the Respondent reported that it had updated the SWPPP with the new site layout; a summary stating the acreage of the facility; sheet flow directions for storm water runoff for the cogeneration plant, including any additional areas missing sheet flow directions; identification and updating of all receiving waters; and the addition of two (2) oil-water separators to the plan.

VI.	File Review October 28, 2019	The Respondent failed to comply with LPDES Permit LA0004154. Specifically, the Respondent failed to report the results of sampling for BODs and fecal coliform on the DMR for Outfall 201 for the period of July 2017 through December 2017. Additionally, the Respondent failed to report the results of chloride monitoring for the first quarter of 2017 on the DMR for Outfall 001. The Respondent indicated that the monitoring was conditional. The Department could not locate any results of chloride monitoring reported for this period. Lastly, the Respondent failed to report parameter sampling results for chloride, TDS, and Sulfates on its 2016 third quarterly DMR for Outfall 001. No results were located on the July 2016 DMR for Outfall 001 as indicated in the comments section of the third quarterly DMR. (LPDES Permit LA0004154 (Part III, Sections A.2 and D.4), La. R.S. 30:2076(A)(3), and LAC 33:IX.2701.L.4)
VII.	File Review October 28, 2019	The Respondent failed to comply with LPDES Permit LA0004154. Specifically, the Respondent failed to submit accurate/complete Discharge Monitoring Reports (DMRs) for Outfall 002 (intermittent discharge of treated sanitary wastewater (emergency discharge only)) for the months of July 2016, August 2016, and September 2016. The Respondent reported on the DMRs that the monitoring was conditional and was therefore, not required for the period. The permit requires monitoring when there was a discharge. On the DMRs, the Respondent did not report monitoring results or otherwise indicate that a discharge did not occur during the period. (LPDES Permit LA0004154 (Part III, Sections A.2 and D.4), La. R.S. 30:2076(A)(3), and LAC 33:IX.2701.L.4)
<b>ORDER</b>		
Based on the foregoing, the Respondent is hereby ordered to comply with the requirements that are indicated below:		
I.	To take, immediately upon receipt of this <b>COMPLIANCE ORDER</b> , any and all steps necessary to meet and maintain compliance with the Water Quality Regulations. This shall include, <b>but not be limited to</b> ; correcting <u>all</u> of the violations described in the "Findings of Fact" portion.	
II.	To submit to the Enforcement Division, within thirty (30) days after receipt of this <b>COMPLIANCE ORDER</b> , a written report that includes a detailed description of the circumstances surrounding the cited violation(s) and actions taken or to be taken to achieve compliance with the "Order" portion of this <b>COMPLIANCE ORDER</b> . This report and all other reports or information required to be submitted to the Enforcement Division by this <b>COMPLIANCE ORDER</b> shall be submitted to the Department at the address specified in this document.	
III.	To submit, within thirty (30) days after receipt of this <b>COMPLIANCE ORDER</b> , a copy of the SWPPP to the Enforcement Division.	
IV.	To submit to the Enforcement Division, within thirty (30) days after receipt of this <b>COMPLIANCE ORDER</b> , properly completed DMRs for the monitoring periods of the last three (3) years mentioned in Paragraphs III, VI, and VII of the "Findings of Fact" portion of this Order. If you are submitting copies of DMRs, please be advised that each copy of the DMR shall be signed and certified. If no sampling or monitoring was conducted during a monitoring period, the Respondent should indicate this in the space provided for "Comment and Explanation of Any Violations."	
<b>RIGHT TO APPEAL</b>		
I.	The Respondent has a right to an adjudicatory hearing on a disputed issue of material fact or of law arising from this <b>COMPLIANCE ORDER</b> . This right may be exercised by filing a written request with the Secretary no later than thirty (30) days after receipt of this <b>COMPLIANCE ORDER</b> .	
II.	The request for an adjudicatory hearing shall specify the provisions of the <b>COMPLIANCE ORDER</b> on which the hearing is requested and shall briefly describe the basis for the request. This request should reference the Enforcement Tracking Number and Agency Interest Number, which are located in the upper left-hand corner of the first page of this document and should be directed to the address specified in this document.	
III.	Upon the Respondent's timely filing a request for a hearing, a hearing on the disputed issue of material fact or of law regarding this <b>COMPLIANCE ORDER</b> may be scheduled by the Secretary of the Department. The hearing shall be governed by the Act, the Administrative Procedure Act (La. R.S. 49:950, et seq.), and the Division of Administrative Law's (DAL) Procedural Rules. The Department may amend or supplement this <b>COMPLIANCE ORDER</b> prior to the hearing, after providing sufficient notice and an opportunity for the preparation of a defense for the hearing.	
IV.	This <b>COMPLIANCE ORDER</b> shall become a final enforcement action unless the request for hearing is timely filed. Failure to timely request a hearing constitutes a waiver of the Respondent's right to a hearing on a disputed issue of material fact or of law under Section 2050.4 of the Act for the violation(s) described herein.	
V.	The Respondent's failure to request a hearing or to file an appeal or the Respondent's withdrawal of a request for hearing on this <b>COMPLIANCE ORDER</b> shall not preclude the Respondent from contesting the findings of facts in any subsequent penalty action addressing the same violation(s), although the Respondent is estopped from objecting to this <b>COMPLIANCE ORDER</b> becoming a permanent part of its compliance history.	
VI.	Civil penalties of not more than thirty-two thousand five hundred dollars (\$32,500) may be assessed for each day of violation. The Respondent's failure or refusal to comply with this <b>COMPLIANCE ORDER</b> and the provisions herein will subject the Respondent to possible enforcement procedures under La. R.S. 30:2025, which could result in the assessment of a civil penalty in an amount of not more than fifty thousand dollars (\$50,000) for each day of continued violation or noncompliance.	
VII.	For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.	
<b>NOTICE OF POTENTIAL PENALTY</b>		
I.	Pursuant to La. R.S. 30:2050.3(B), you are hereby notified that the issuance of a penalty assessment is being considered for the violation(s) described herein. Written comments may be filed regarding the violation(s) and the contemplated penalty. If you elect to submit comments, it is requested that they be submitted within ten (10) days of receipt of this notice.	
II.	Prior to the issuance of additional appropriate enforcement action(s), you may request a meeting with the Department to present any mitigating circumstances concerning the violation(s). If you would like to have such a meeting, please contact Richard Ober, Jr. at (225) 219-3135 within ten (10) days of receipt of this <b>NOTICE OF POTENTIAL PENALTY</b> .	
III.	The Department is required by La. R.S. 30:2025(E)(3)(a) to consider the gross revenues of the Respondent and the monetary benefits of noncompliance to determine whether a penalty will be assessed and the amount of such penalty. Please forward the Respondent's most current annual gross revenue statement along with a statement of the monetary benefits of noncompliance	

for the cited violation(s) to the above named contact person within ten (10) days of receipt of this **NOTICE OF POTENTIAL PENALTY**. Include with your statement of monetary benefits the method(s) you utilized to arrive at the sum. If you assert that no monetary benefits have been gained, you are to fully justify that statement. If the Respondent chooses not to submit the requested most current annual gross revenues statement within ten (10) days, it will be viewed by the Department as an admission that the Respondent has the ability to pay the statutory maximum penalty as outlined in La. R.S. 30:2025.

**IV.** This **CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY** is effective upon receipt.

# SETTLEMENT AGREEMENTS

## WHAT IS A SETTLEMENT AGREEMENT?

Once the Department has determined that a penalty is warranted for a violation, the Assistant Secretary of the Department, with the concurrence of the Attorney General, may enter into a settlement agreement with the Respondent as a means to resolve the Department's claim for a penalty.

## HOW DOES THE SETTLEMENT AGREEMENT PROCESS WORK?

To begin the settlement agreement process, the Department must receive a written settlement offer. Once this offer is submitted, it is sent for approval by the Assistant Secretary of the Office of Environmental Compliance. The formal Settlement Agreement is drafted and sent to the Attorney General's office where the Attorney General has a 90 day concurrence period. During this time, the Respondent is required to run a public notice in an official journal and/or newspaper of general circulation in each affected parish. After which, a 45 day public comment period is opened to allow the public to submit comments. Once the Department has received concurrence, the settlement agreement is signed by both parties. The Department then forwards a letter to the responsible party to establish a payment plan and/or beneficial environmental project (BEP).

## WHAT SHOULD I INCLUDE IN A SETTLEMENT AGREEMENT?

The Department uses the penalty determination method defined in LAC 33:1.705 as a guideline to accepting settlement offers. The penalty matrix is used to determine a penalty range for each violation based on the two violation specific factors, the nature and gravity of the violation and the degree of risk/impact to human health and property.

	NATURE AND GRAVITY OF THE VIOLATION		
	MAJOR	MODERATE	MINOR
MAJOR	\$32,500	\$20,000	\$15,000
	to \$20,000	to \$15,000	to \$11,000
MODERATE	\$11,000	\$8,000	\$5,000
	to \$8,000	to \$5,000	to \$3,000
MINOR	\$3,000	\$1,500	\$500
	to \$1,500	to \$500	to \$100

### Degree of Risk to Human Health or Property

**Major:** (actual measurable harm or substantial risk of harm) A violation of major impact to an environmental resource or a hazard characterized by high volume and/or frequent occurrence and/or high pollutant concentration.

**Moderate:** (potential for measurable detrimental impact) A violation of moderate impact and hazard may be one characterized by occasional occurrence and/or pollutant concentration that may be expected to have a detrimental effect under certain conditions

**Minor:** (no harm or risk of harm) A violation of minor impact are isolated single incidences and that cause no measurable detrimental effect or are administrative in nature.

### Nature and Gravity of the Violation

**Major:** Violations of statutes, regulations, orders, permit limits, or permit requirements that result in negating the intent of the requirement to such an extent that little or no implementation of requirements occurred.

**Moderate:** Violations that result in substantially negating the intent of the requirements, but some implementation of the requirements occurred.

**Minor:** Violations that result in some deviation from the intent of the requirement; however, substantial implementation is demonstrated.

The range is adjusted using the following violator specific factors:

1. history of previous violations or repeated noncompliance;
2. gross revenues generated by the respondent;
3. degree of culpability, recalcitrance, defiance, or indifference to regulations or orders;
4. whether the Respondent has failed to mitigate or to make a reasonable attempt to mitigate the damages caused by the violation; and
5. whether the violation and the surrounding circumstances were immediately reported to the department, and whether the violation was concealed or there was an attempt to conceal by the Respondent.

# SETTLEMENT AGREEMENTS

Given the previous information, the following formula is used to obtain a penalty amount.

$$\text{Penalty Event Total} = \text{Penalty Event Minimum} + (\text{Adjustment Percentage} \times (\text{Penalty Event Maximum} - \text{Penalty Event Minimum} ))$$

After this, the Department adds any monetary benefit of noncompliance to the penalty event. In the event that a monetary benefit is gained due to the delay of a cost that is ultimately paid, the Department adds the applicable judicial interest. Finally, the Department adds all response costs including, but not limited to, the cost of conducting inspections, and the staff time devoted to the preparation of reports and issuing enforcement actions.

**WHAT IS A BEP?**

A BEP is a project that provides for environmental mitigation which the respondent is not otherwise legally required to perform, but which the defendant/respondent agrees to undertake as a component of the settlement agreement.

Project categories for BEPs include public health, pollution prevention, pollution reduction, environmental restoration and protection, assessments and audits, environmental compliance promotion, and emergency planning, preparedness and response. Other projects may be considered if the Department determines that these projects have environmental merit and is otherwise fully consistent with the intent of the BEP regulations.

**WHAT HAPPENS IF MY OFFER IS REJECTED?**

If an offer is rejected by the Assistant Secretary, the Legal Division will contact the responsible party, or anyone designated as an appropriate contact in the settlement offer, to discuss any discrepancies.
