SETTLEMENT

The following Settlement is hereby agreed to between Roehm America LLC f/k/a Evonik Cyro LLC (“Respondent”) and the Department of Environmental Quality (“DEQ” or “the Department”), under authority granted by the Louisiana Environmental Quality Act, La. R.S. 30:2001, et seq. (“the Act”).

I

Respondent is a limited liability company that owns and/or operates a methyl methacrylate production facility located in Westwego, Jefferson Parish, Louisiana (“the Facility”).

II

On December 6, 2018, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement No. AE-CN-18-00911 (Exhibit 1).

On May 21, 2019, the Department issued to Respondent an Amended Consolidated Compliance Order & Notice of Potential Penalty, Enforcement No. AE-CN-18-00911A (Exhibit 2).

III

Respondent denies it committed any violations or that it is liable for any fines, forfeitures

and/or penalties.

IV

Nonetheless, Respondent, without making any admission of liability under state or federal statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of EIGHT THOUSAND SIX HUNDRED AND NO/100 DOLLARS (\$8,600.00), of which Seven Hundred Seventy-Six and 07/100 Dollars (\$776.07) represents the Department's enforcement costs, in settlement of the claims set forth in this agreement. The total amount of money expended by Respondent on cash payments to the Department as described above, shall be considered a civil penalty for tax purposes, as required by La. R.S. 30:2050.7(E)(1).

V

Respondent further agrees that the Department may consider the inspection report(s), permit record(s), the Consolidated Compliance Order & Notice of Potential Penalty, the Amended Consolidated Compliance Order & Notice of Potential Penalty and this Settlement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the sole purpose of determining Respondent's compliance history.

VI

This agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any right to administrative or judicial review of the terms of this agreement, except such review as may be required for interpretation of this agreement in any action by the Department to enforce this agreement.

VII

This settlement is being made in the interest of settling the state's claims and avoiding for both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing to the compromise and settlement, the Department considered the factors for issuing civil penalties set forth in La. R. S. 30:2025(E) of the Act.

VIII

As required by law, the Department has submitted this Settlement Agreement to the Louisiana Attorney General for approval or rejection. The Attorney General's concurrence is appended to this Settlement Agreement.

IX

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in Jefferson Parish, Louisiana. The advertisement, in form and wording approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

X

Payment is to be made within ten (10) days from notice of the Secretary's signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. Each

payment shall be accompanied by a completed Settlement Payment Form (Exhibit A).

XI

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement.

XII

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.

**CONSOLIDATED
COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY**

The following **CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY** is issued to **EVONIK CYRO LLC (RESPONDENT)** by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

FINDINGS OF FACT

I.

The Respondent owns and/or operates the MMA Plant (facility), a methyl methacrylate (MMA) production facility located at 10800 River Road in Westwego, Jefferson Parish, Louisiana. The Respondent operates or has operated under the authority of the following Title V Permits:

PERMIT NO.	ISSUE DATE	EXPIRATION DATE
1982-V10	09/06/2017	02/22/2022
1982-V9	02/22/2017	02/22/2022
1982-V8	04/25/2016	06/26/2016
1982-V7	08/18/2014	06/26/2016
1982-V6	06/29/2011	06/26/2016

II.

On or about September 7-11, 2018, a Full Compliance Evaluation (FCE) Inspection was conducted to determine the Respondent's degree of compliance with the Act, the Air Quality Regulations, and all applicable permits. A subsequent file review was conducted on or about November 19, 2018. While the Department's review is not complete, the following violations were noted during the course of the inspection and/or file review:

- A. In the 2013 Second Semiannual Monitoring and Deviation Report dated March 27, 2014, the Respondent reported the failure to update the Risk Management Plant (RMP) within one (1) month of the change of emergency contact information. The failure to update the RMP accordingly is a violation of Specific Requirement 290 of Title V Permit No. 1982-V6, 40 CFR 68.195(b), which language has been adopted as a Louisiana regulation in LAC 33:III.5901.A, LAC 33:III.501.C.4, and La. R.S. 30:2057(A)(2). The Respondent corrected the violation by completing and submitting a new single registration form to include in the current RMP.
- B. In the 2013 Annual Compliance Certification dated March 27, 2014, and correspondence dated March 31, 2014, the Respondent reported the exceedance of the permitted emission limits from Plant Scrubber No. 1 (EQT0008). The Respondent reported on February 19 and 20, 2013, that scrubber water flow was reduced to prevent backpressure in the abatement system during a period of high pressure in the unit. The high pressure was caused by pluggage in the lines leaving the scrubber. The Respondent cleaned the abatement system flame arrestor to relieve pressure on the abatement system. The permitted emission limits were exceeded intermittently for approximately 14 hours. The emissions were reported as follows:

POLLUTANT	PERMIT LIMIT	AMOUNT REPORTED OVER THE PERMIT LIMIT
VOCs	0.17 max lb/hr	15.47 lbs
MMA	0.10 max lb/hr	9.18 lbs
Methanol	0.06 max lb/hr	5.342 lbs

Each exceedance of a permitted emission limit is a violation of Title V Permit No. 1982-V6, LAC 33:III.501.C.4, and La R.S. 30:2057(A)(1) and 30:2057(A)(2).

- C. In the 2014 First Semiannual Monitoring and Deviation Report dated September 30, 2014, the Respondent reported the exclusion of Particulate Matter (PM) emissions for the MMA Equipment Fugitives and Cooling Towers (FUG001) in the permit. According to correspondence dated September 17, 2015, the omission of PM emissions from the permit was discovered during a third party internal audit the week of September 22, 2014. In the correspondence dated September 17, 2015, the Respondent stated, "PM has been emitted at the facility since the installation of the MMA cooling towers in the 1980's." The release of an unpermitted pollutant is a violation of LAC 33:III.501.C.2, La. R.S. 30:2057(A)(1) and 30:2057(A)(2). The Department received a Part 70 Permit Renewal & Minor Modification Application dated December 15, 2015, which included PM emissions for the Cooling Towers.

The violations were also reported in the 2015 Annual Compliance Certification dated March 31, 2016. Title V Permit No. 1982-V8 was issued on April 25, 2016, permitting the PM emissions.

- D. In the 2016 First Semiannual Monitoring and Deviation Report for Title V Permit No. 1982-V7 and Title V Permit No. 1982-V8 both dated September 23, 2016, the Respondent reported the failure to update the Risk Management Plan (RMP) within one (1) month of the change of emergency contact information. The failure to update the RMP accordingly is a violation of Specific Requirement 237 of Title V Permit No. 1982-V7 AND Title V Permit No. 1982-V8, 40 CFR 68.195(b), which language has been adopted as a Louisiana regulation in LAC 33:III.5901.A, LAC 33:III.501.C.4, and La. R.S. 30:2057(A)(2). This violation was corrected on May 10, 2016, when the Respondent submitted an emergency contact correction through RMP e-submit.
- E. The Respondent reported the following violations from permitted operating parameters:

	REPORT (date)	PERMIT NUMBER	EMISSION POINT	INCIDENT DATE (duration)	OPERATING PARAMETER	REPORTED CAUSE	REGULATORY OF PERMIT REQUIREMENTS
I.	2017 First Semiannual Monitoring and Deviation Report (09/27/2017)	1982-V8	EQT 0008 MMA Plant Scrubber No. 1	02/07/2017 (3.17 hours)	Flow rate >=9.5 gallons/min, except during periods of scrubber maintenance	Utilities had insufficient water pressure to supply the scrubber with the required flow rate; Actual flow was not reported.	Specific Requirement 36

III.	2017 Second Semiannual Monitoring and Deviation Report (03/28/2018)	1982-V10	EQT 0009 MMA Tank Farm Scrubber	12/03/2017 (8h 25 m)	Flow rate >=5.2 gallons/min	Flow slightly below 5.2 gpm; Actual flow was not reported.	Specific Requirement 59
IV.	2017 Second Semiannual Monitoring and Deviation Report (03/28/2018)	1982-V10	EQT 0009 MMA Tank Farm Scrubber	12/04/2017 (9h 25m)	Flow rate >=5.2 gallons/min	Flow slightly below 5.2 gpm; Actual flow was not reported.	Specific Requirement 59
V.	2017 Second Semiannual Monitoring and Deviation Report (03/28/2018)	1982-V10	EQT 0009 MMA Tank Farm Scrubber	12/05/2017 (5h 15m)	Flow rate >=5.2 gallons/min	Flow slightly below 5.2 gpm; Actual flow was not reported.	Specific Requirement 59

Each failure to operate according to permitted requirements is a violation of any applicable permit and associated requirement(s) listed above, LAC 33:III.501.C.4, La. R.S. 30:2057(A)(1), and 30:2057(A)(2).

F. The Respondent failed to meet the following reporting requirements:

	REPORT (date)	PERMIT NUMBER	REPORTING REQUIREMENT	DUE DATE	POSTMARKED DATE	REGULATORY or PERMIT REQUIREMENTS
I.	2013 Second Semiannual VOC Leaking Component Report (02/18/2014)	1982-V6	Semiannual Reports shall be submitted on January 31 and July 31.	01/31/2014	02/18/2014	Specific Requirement 250
II.	2014 First Semiannual VOC Leaking Component Report (08/13/2014)	1982-V6	Semiannual Reports shall be submitted on January 31 and July 31.	07/31/2014	08/21/2014	Specific Requirement 250
III.	2014 Second Semiannual VOC Leaking Component Report (02/19/2015)	1982-V7	Semiannual Reports shall be submitted on January 31 and July 31.	01/31/2015	02/23/2015	Specific Requirement 197
IV.	2015 First Semiannual VOC Leaking Component Report (08/24/2015)	1982-V7	Semiannual Reports shall be submitted on January 31 and July 31.	07/31/2015	08/31/2015	Specific Requirement 197
V.	2015 Second Semiannual Leaking Component Report	1982-V7	Semiannual Reports shall be submitted on January 31 and July 31.	01/31/2016	02/19/2016	Specific Requirement 197
VI.	2016 First Semiannual VOC Leaking Component Report	1982-V8	Semiannual Reports shall be submitted on January 31 and July 31.	07/31/2016	08/10/2016	Specific Requirement 197
VII.	2016 Second Semiannual VOC Leaking Component Report	1982-V8	Semiannual Reports shall be submitted on January 31 and July 31.	01/31/2017	02/24/2017	Specific Requirement 197

Each failure to comply with reporting requirements is a violation of applicable permits and associated requirements listed above, LAC 33:III.501.C.4, and La. R.S. 30:2057(A)(2).

III.

In the 2016 Second Semiannual Monitoring and Deviation Report dated March 28, 2017, the Respondent reported changes to the permitted emissions limits for the MMA Equipment Fugitives (FUG 0001). In Title V Permit No. 1982-V7 issued on August 18, 2014, FUG0001 was permitted for 19.55 tons per year of VOC. In Title V Permit No. 1982-V8 issued on April 25, 2016, FUG 0001 was permitted for 3.15 tons per year of VOC. According to the Respondent, the decrease in the permitted emission limit was due to changes in emissions estimation methods; the change in emission limits caused an exceedance of permit limits that were not due to an increase in emissions. In the Request for Minor Modification to Part 70 Air Permit dated July 14, 2017, the Respondent proposed to update the facility fugitive emissions source, MMA Equipment Fugitives (FUG 0001), to more accurately reflect current

operations. Title V Permit No. 1982-V10 was issued on September 6, 2017, increasing the FUG 0001 VOC from 3.17 tons per year to 25.94 tons per year.

COMPLIANCE ORDER

Based on the foregoing, the Respondent is hereby ordered:

To take, immediately upon receipt of this **COMPLIANCE ORDER**, any and all steps necessary to meet and maintain compliance with the Air Quality Regulations and all applicable permits.
