III

Respondent denies it committed any violations or that it is liable for any fines, forfeitures and/or penalties.

IV

Nonetheless, Respondent, without making any admission of liability under state or federal
statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of THREE THOUSAND FOUR HUNDRED TWO AND 52/100 DOLLARS ($3,402.52), of which Nine Hundred Eighty-Two and 52/100 Dollars ($982.52) represents the Department's enforcement costs, in settlement of the claims set forth in this agreement. V

Respondent further agrees that the Department may consider the inspection report(s), the Notice of Potential Penalty and this Settlement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the sole purpose of determining Respondent's compliance history.

VI

This agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. The advertisement, in form and wording approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

X

Payment is to be made within ten (10) days from notice of the Secretary's signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. NOTICE OF POTENTIAL PENALTY

I. The Respondent owns and/or operates the Cerenco Facility (the Facility), an existing surface coating and fabrication facility located at 4727 NW Evangeline Thoroughway in Carencro, Lafayette Parish, Louisiana. The Facility currently operates under Air Permit No. 1529-00005-01, issued on May 30, 2014. On March 14, 2018, a citizen complaint was received by the Department regarding painting without containment and overspray at the facility (Incident Report # 183548).

II. The following violations are identified:

<table>
<thead>
<tr>
<th>Date of Violation</th>
<th>Description of Violation</th>
</tr>
</thead>
<tbody>
<tr>
<td>3/21/2018</td>
<td>The Facility has two [2] blasting/painting sheds. The Department’s inspector observed that the larger shed had several areas of the screen tearing greater than one (1) foot and the screen of the right half of the shed stopped approximately three (3) feet before reaching the ground. When examining the walls of the smaller shed, a baffle indicated that the shed had an opening approximately two (2) feet wide from the ceiling to the back wall, and the shed was not overpainting to prevent leakage of particulate matter. The failure to repair a baffle prior to use if a single tear greater than one (1) foot or multiple tears greater than six (6) inches is present, and to ensure that tears have overlapping seams to prevent leakage of particulate matter is a violation of Specific Requirement No. 8 of Air Permit No. 1260-00185-01, LAC 33:III.501.C.4, LAC 33:III.1329.C.1, LAC 33:III.1326.C.3, and L.A. R.S. 30:2057(A)(1) and 30:2057(A)(2). The Respondent provided photos to the Department on March 28, 2018 that show that this area of concern was corrected.</td>
</tr>
<tr>
<td>3/21/2018</td>
<td>The Facility has two [2] blasting/painting sheds. Both sheds had several holes/openings throughout the metal walls, and the seams were not overlapping. The facility shall ensure the item, or surrounding the structure to be blasted per LAC 33:III.1329.A.1 or prepare and implement a best management practices (BMP) plan per LAC 33:III.1329.A.2. The Respondent chose to follow the BMP, therefore, the failure to follow the BMP, being a violation of Specific Requirement No. 6 of Air Permit No. 1260-00185-01, LAC 33:III.501.C.4, LAC 33:III.1329.A.2, and L.A. R.S. 30:2057(A)(1) and 30:2057(A)(2). The Respondent provided photos to the Department on March 29, 2018 that show that this area of concern was corrected.</td>
</tr>
<tr>
<td>3/31/2018</td>
<td>Upon leaving the facility, the Department’s Inspector made entry at Primeaux Rd, located at the eastern border of the facility, and observed several RV’s that had been impacted by paint overspray. The failure to control overspray is a violation of Specific Requirement No. of Air Permit No. 1260-00185-01, LAC 33:III.1305.A, and L.A. R.S. 30:2057(A)(2).</td>
