SETTLEMENT

The following Settlement is hereby agreed to between Raceland Raw Sugar, L.L.C.  
(“Respondent”) and the Department of Environmental Quality (“DEQ” or “the Department”), under  

I

Respondent is a limited liability company that owns and/or operates a facility located in  
Raceland, Lafourche Parish, Louisiana (“the Facility”).

II

On February 1, 2017, the Department issued to Respondent a Consolidated Compliance  
Order & Notice of Potential Penalty, Enforcement No. AE-CN-15-00201 (Exhibit 1).

III

Respondent denies it committed any violations or that it is liable for any fines, forfeitures  
and/or penalties.

IV

Nonetheless, Respondent, without making any admission of liability under state or federal
statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of NINE THOUSAND AND NO/100 DOLLARS ($9,000.00), of which One Thousand Two Hundred Twenty-Three and 02/100 Dollars ($1,223.02) represents the Department’s enforcement costs, in settlement of the claims set forth in this agreement. The total amount of money expended by Respondent on cash payments to the Department as described above, shall be considered a civil penalty for tax purposes, as required by La. R.S. 30:2050.7(E)(1).

V

Respondent further agrees that the Department may consider the inspection report(s), permit record(s), the Consolidated Compliance Order & Notice of Potential Penalty and this Settlement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the sole purpose of determining Respondent’s compliance history.

VI

This agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any right to administrative or judicial review of the terms of this agreement, except such review as may be required for interpretation of this agreement in any action by the Department to enforce this agreement.

VII

This settlement is being made in the interest of settling the state’s claims and avoiding for both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing to the compromise and settlement, the Department considered the factors for issuing civil penalties set

VIII

As required by law, the Department has submitted this Settlement Agreement to the Louisiana Attorney General for approval or rejection. The Attorney General’s concurrence is appended to this Settlement Agreement.

IX

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in Lafourche Parish, Louisiana. The advertisement, in form and wording approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

X

Payment is to be made within ten (10) days from notice of the Secretary's signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. Each payment shall be accompanied by a completed Settlement Payment Form (Exhibit A).

XI

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement.
XII

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.

Each failure to maintain the required records is a violation of the applicable permit, any associated permit requirement listed above, LAC 33:III.501.C.4,
La. R.S. 30:2057(A)(1) and 30:2057(A)(2). Records reviewed by the inspector during a follow-up inspection on December 2, 2014, showed that the Facility has begun recording daily visual inspections of cyclone housing and flue gas ductwork for Boilers No.1, No.2 and No.5.

B. During the course of the November 14, 2014 inspection, the inspector noted that various containers containing oil were left open including those with wastes containing VOC’s. Allowing containers containing VOC’s to be left open and evaporate is a violation of Specific Requirement 166 of Title V Air Permit No.1560-00004-V8, LAC 33:III.2113.A.2, LAC 33:III.501.C.4, La. R.S. 30:2057(A)(1) and 30:2057(A)(2). Inspector stated that this violation has been corrected.

C. The scrubber water pressure was below 25.0 psig for Boiler No. 3 (EQT 0001) from October 18, 2014, to November 15, 2014, and for Boiler No. 4 (EQT 0002) from October 20, 2014, to November 15, 2014. This is a violation of Specific requirements 9, 17, 26 and 34 of Title V Air Permit No. 1560-00004-V8, LAC 33:III.501.C.4, La. R.S. 30:2057(A)(1) and 30:2057(A)(2). In electronic correspondence dated November 21, 2014, the Respondent stated that the low scrubber pressure reading was due to an error in calibration conducted on or about June 17, 2014, for boiler No. 4 and June 9, 2014, for boiler No. 3. The Respondent noted that the pressure transmitter was recalibrated on or about November 17, 2014, and the reading increased by approximately 8 psig.

D. In correspondence dated January 13, 2014, the Respondent reported that the Facility conducted a stack test on November 18, 2013, through November 19, 2013, which failed to demonstrate, compliance with the Particulate Matter (PM) limit for Boiler No. 1 (EQT0004). In correspondence dated February 17, 2014, the Department sent a letter summarizing the findings and results of the stack test. The stack test results were as follows:
<table>
<thead>
<tr>
<th>Pollutant</th>
<th>Run No.1</th>
<th>Run No.2</th>
<th>Run No.3</th>
<th>Average</th>
<th>Regulatory Standard limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>PM lb/hr</td>
<td>253.753</td>
<td>125.394</td>
<td>93.820</td>
<td>157.656</td>
<td>28.54/16.83</td>
</tr>
</tbody>
</table>

This is a violation of Title V Permit No. 1560-00004-V8, LAC 33:III.501.C.4, La. R.S. 30:2057(A)(1), and 30:2057(A)(2). In correspondence dated March 6, 2015, the Department reported that the Facility's stack test conducted on December 1, 2014, through December 2, 2014, demonstrated compliance with permitted PM limit for EQT0004.

VII.

For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.
