PROCEEDINGS UNDER THE LOUISIANA
ENVIRONMENTAL QUALITY ACT

SETTLEMENT

The following Settlement is hereby agreed to between Clean Harbors White Castle, LLC ("Respondent") and the Department of Environmental Quality ("DEQ" or "the Department"), under authority granted by the Louisiana Environmental Quality Act, L.a. R.S. 30:2001, et seq. ("the Act").

I

Respondent is a limited liability company that owns and/or operates a non-hazardous treatment facility located in Iberville Parish, Louisiana ("the Facility").

II

On May 21, 2007, the Department issued to Respondent a Compliance Order, Enforcement Tracking No. WE-C-07-0134 (Exhibit 1).

On August 27, 2008, the Department issued to Respondent a Consolidated Compliance Order
& Notice of Potential Penalty, Enforcement Tracking No. MM-CN-07-0106 (Exhibit 2).

On February 20, 2009, the Department issued to Respondent an Amended Compliance Order, Enforcement Tracking No. WE-C-07-0134A (Exhibit 3).

On January 26, 2010, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement Tracking No. SE-CN-09-0371 (Exhibit 4).

On May 26, 2010, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement Tracking No. WE-CN-10-00346 (Exhibit 5).

On May 16, 2011, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement Tracking No. WE-CN-11-00457 (Exhibit 6).

On February 3, 2012, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement Tracking No. WE-CN-11-01522 (Exhibit 7).

III

In response to the Consolidated Compliance Orders & Notices of Potential Penalty (Enforcement Tracking Nos. SE-CN-09-0371, WE-CN-10-00346, WE-CN-11-00457, and WE-CN-11-01522), Respondent made timely requests for hearings.

IV

Respondent denies it committed any violations or that it is liable for any fines, forfeitures and/or penalties.

V

Nonetheless, Respondent, without making any admission of liability under state or federal statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of FIFTY THOUSAND THREE HUNDRED AND NO/100 DOLLARS ($50,300.00), of which Eight Thousand Six Hundred Thirteen and 12/100 Dollars ($8,613.12) represents the Department's
enforcement costs, in settlement of the claims set forth in this agreement. The total amount of money expended by Respondent on cash payments to the Department as described above, shall be considered a civil penalty for tax purposes, as required by La. R.S. 30:2050.7(E)(1).

VI

Respondent further agrees that the Department may consider the inspection report(s), permit record(s), the Compliance Order, Amended Compliance Order, Consolidated Compliance Orders & Notices of Potential Penalty and this Settlement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the sole purpose of determining Respondent's compliance history.

VII

This agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any right to administrative or judicial review of the terms of this agreement, except such review as may be required for interpretation of this agreement in any action by the Department to enforce this agreement.

VIII

This settlement is being made in the interest of settling the state's claims and avoiding for both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing to the compromise and settlement, the Department considered the factors for issuing civil penalties set forth in La. R. S. 30:2025(E) of the Act.
IX

As required by law, the Department has submitted this Settlement Agreement to the Louisiana Attorney General for approval or rejection. The Attorney General’s concurrence is appended to this Settlement Agreement.

X

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in Iberville Parish, Louisiana. The advertisement, in form and wording approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

XI

Payment is to be made within ten (10) days from notice of the Secretary's signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. Each payment shall be accompanied by a completed Settlement Payment Form (Exhibit A).

XII

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement.
XIII

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.

PROCEEDINGS UNDER THE LOUISIANA
ENVIRONMENTAL QUALITY ACT,

COMPLIANCE ORDER

The following COMPLIANCE ORDER is issued to CLEAN HARBORS WHITE CASTLE, L.L.C. (RESPONDENT) by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C) and 30:2050.2.

FINDINGS OF FACT

I.

The Respondent owns and/or operates a privately owned non-hazardous waste treatment facility serving industrial customers which is located at 52735 Clark Road in White Castle, Iberville Parish, Louisiana. Louisiana Pollutant Discharge Elimination System (LPDES) permit LA0065501 was issued to Safety-Kleen (White Castle), Inc. on or about August 13, 2001, with
an effective date of September 1, 2001, and an expiration date of August 30, 2006. In a letter dated June 7, 2002, which was received by the Department on or about June 10, 2002, the Respondent requested that the aforementioned permit be transferred upon its acquisition of the assets of Safety-Kleen Corporation's Chemical Services Division. The closing date for this acquisition occurred on or about August 30, 2002. A letter from the Department to the Respondent dated August 30, 2002, recognized and approved the transfer of LPDES permit LA0065501 from Safety-Kleen (White Castle), Inc. to Clean Harbors White Castle, L.L.C. contingent upon the completion of the sale of Safety-Kleen Corporation assets. The Respondent submitted an LPDES permit renewal application to the Department on or about March 1, 2006. LPDES permit LA0065501 was re-issued to the Respondent on or about February 12, 2007, with an effective date of March 1, 2007, and an expiration date of February 29, 2012. LPDES permit LA0065501 authorizes the Respondent to discharge treated non-hazardous waste water from its facility to the Mississippi River, waters of the state.

II.

A file review conducted by the Department on or about May 24, 2007, revealed the Respondent submitted incomplete and/or inaccurate Discharge Monitoring Reports (DMRs). Specifically, the Respondent indicated "FECAL301S" on its DMRs for the monitoring periods of September 2003 through February 2004 and September 2004 through February 2005 in the space provided to report its Monthly Average flow. Additionally, the Respondent submitted DMRs with no data and no indication that there was "no discharge" for the monitoring period of September through November 2006 for Outfall TX1Q, and for the monitoring period of September 2006 through February 2007 for Outfalls 001S, 101S, 201S, and 301S. Each failure by the Respondent to submit properly completed DMRs is in violation of

III.

A file review conducted by the Department on or about April 3, 2007, revealed the following permit excursions, as reported by the Respondent on DMRs:

IV.

A file review conducted by the Department on or about April 4, 2007, revealed the Respondent failed to properly operate and maintain its treatment facility. Specifically, the Respondent submitted a letter to the Department dated January 11, 2007, which indicated that extraordinary rainfall during December 2006 caused flooding of land farm cells and run-off from the containment areas. The letter also indicated that a perimeter ditch overflowed its banks and covered the access road on the north side of the facility. As a result, and to prevent further
overflows and/or facility damage, the Respondent discharged inadequately treated wastewater from its facility to waters of the state. A subsequent letter submitted by the Respondent to the Department dated January 25, 2007, indicated that additional flooding resulted in another necessary discharge of inadequately treated sanitary wastewater in January 2007. The letters submitted by the Respondent on or about January 11, 2007, and January 25, 2007, revealed the following permit excursions:

The Respondent's failure to properly operate and maintain its facility is in violation of LPDES permit LA0065501 (Part III, Sections A.2, and B.3), La. R.S. 30:2076 (A) (3), LAC

V.

A file review conducted by the Department on or about April 4, 2007, revealed the Respondent consistently exceeded its estimated flow of 13 Million Gallons per Day (MGD). Specifically, the Respondent indicated Monthly Average and Daily Max flow values on its DMRs for Outfall 001A which were consistently higher than the estimated flow listed in Part I, Page 2 of 9.

**COMPLIANCE ORDER**

Based on the foregoing, the Respondent is hereby ordered:

I.

To immediately take, upon receipt of this COMPLIANCE ORDER, any and all steps necessary to achieve and maintain compliance with permit limitations and conditions contained in LPDES permit LA0065501.

II.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, properly completed Discharge Monitoring Reports (DMRs) for the monitoring periods mentioned in Paragraphs II of the Findings of Fact portion of this Order. If you are submitting copies of DMRs, please be advised that each copy of the DMR shall be signed and dated with an original signature. If no sampling or monitoring was conducted during a monitoring period, the Respondent should indicate this in the space provided for “Comment
and Explanation of Any Violations” and place an “x” in the box provided to indicate “no discharge” in the upper right-hand corner of the DMR.

III.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, a written report that includes a detailed description of the circumstances surrounding the cited violations and actions taken or to be taken to achieve compliance with the Order Portion of this COMPLIANCE ORDER. This report and all other reports or information required to be submitted to the Enforcement Division by this COMPLIANCE ORDER shall be submitted to:

Office of Environmental Compliance
Post Office Box 4312
Baton Rouge, Louisiana 70821-4312
Attention: Chad Keith
Enforcement Tracking No. WE-C-07-0134
Agency Interest No. 8469

THE RESPONDENT SHALL FURTHER BE ON NOTICE THAT:

I.

The Respondent has a right to an adjudicatory hearing on a disputed issue of material fact or of law arising from this COMPLIANCE ORDER. This right may be exercised by filing a written request with the Secretary no later than thirty (30) days after receipt of this COMPLIANCE ORDER.

II.

The request for an adjudicatory hearing shall specify the provisions of the COMPLIANCE ORDER on which the hearing is requested and shall briefly describe the basis for the request. This request should reference the Enforcement Tracking Number and Agency
Interest Number, which are located in the upper right-hand corner of the first page of this document and should be directed to the following:

Agency Interest No. 8469

III.

Upon the Respondent's timely filing a request for a hearing, a hearing on the disputed issue of material fact or of law regarding this COMPLIANCE ORDER may be scheduled by the Secretary of the Department. The hearing shall be governed by the Act, the Administrative Procedure Act (La. R.S. 49:950, et seq.), and the Department's Rules of Procedure. The Department may amend or supplement this COMPLIANCE ORDER prior to the hearing, after providing sufficient notice and an opportunity for the preparation of a defense for the hearing.

IV.

This COMPLIANCE ORDER shall become a final enforcement action unless the request for hearing is timely filed. Failure to timely request a hearing constitutes a waiver of the Respondent's right to a hearing on a disputed issue of material fact or of law under Section 2050.4 of the Act for the violation(s) described herein.

V.

The Respondent's failure to request a hearing or to file an appeal or the Respondent's withdrawal of a request for hearing on this COMPLIANCE ORDER shall not preclude the Respondent from contesting the findings of facts in any subsequent penalty action addressing the
same violation(s), although the Respondent is estopped from objecting to this COMPLIANCE ORDER becoming a permanent part of its compliance history.

VI.

Civil penalties of not more than twenty-seven thousand five hundred dollars ($27,500) for each day of violation for the violation(s) described herein may be assessed. For violations which occurred on August 15, 2004, or after, civil penalties of not more that thirty-two thousand five hundred dollars ($32,500) may be assessed for each day of violation. The Respondent's failure or refusal to comply with this COMPLIANCE ORDER and the provisions herein will subject the Respondent to possible enforcement procedures under La. R.S. 30:2025, which could result in the assessment of a civil penalty in an amount of not more than fifty thousand dollars ($50,000) for each day of continued violation or noncompliance.

VII.

For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.

VIII.

This COMPLIANCE ORDER is effective upon receipt.

Baton Rouge, Louisiana, this 21st day of May, 2007.

PROCEEDINGS UNDER THE LOUISIANA
ENVIRONMENTAL QUALITY ACT,

CONSOLIDATED
COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY

The following CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued to CLEAN HARBORS WHITE CASTLE, L.L.C. (RESPONDENT) by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, ET SEQ., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

FINDINGS OF FACT

I.

The Respondent owns and operates a privately owned non-hazardous waste land farm facility serving industrial customers, located at 52735 Clark Road in White Castle, Iberville parish, Louisiana. The facility operates under solid waste permit P-0059 and is reporting as a
conditionally exempt small quantity generator of hazardous waste with EPA identification number LAD982549636. In addition, the Respondent was re-issued Louisiana Pollutant Discharge Elimination System (LPDES) permit LA0065501 on or about February 12, 2007, which became effective on or about March 1, 2007, and which shall expire on or about February 29, 2012. LPDES permit LA0065501 authorizes the Respondent to discharge treated sanitary wastewater and treated process wastewater, including contact stormwater and vehicle washwater, into the Mississippi River, waters of the state.

II.

The Respondent was issued COMPLIANCE ORDER WE-C-07-0134 on or about May 21, 2007. The relevant violations of the Findings of Fact were: failure to submit properly completed Discharge Monitoring Reports (DMRs), effluent exceedances, and operation and maintenance deficiencies. The relevant requirements of the COMPLIANCE ORDER were to take any and all steps necessary to achieve and maintain compliance with the permit limitations and conditions contained in LPDES permit LA0065501, to submit properly completed DMRs, and to submit a written report that includes a detailed description of the circumstances surrounding the cited violations and actions taken or to be taken to achieve compliance. The Department received a response to the COMPLIANCE ORDER on or about July 2, 2007 and August 19, 2007. COMPLIANCE ORDER WE-C-07-0134 is a final action of the Department and not subject to further review.

III.

On or about April 19, 2007, April 25, 2007, April 26, 2007, and April 30, 2007, representatives of the Department performed inspections of the facility and noted the following:

A. The Respondent failed to notify the Office of Environmental Services,
Environmental Assistance Division, within seven (7) days of change in the information submitted in the application for the EPA identification number, in violation of LAC 33:V.1105.B. Specifically, the name of the facility, the contact person, and addition of the D009 waste code were incorrect at the time of the inspection. This violation was corrected on May 11, 2007.

B. The Respondent accepted waste that is not designated in the approved Solid Waste Permit Application, in violation of Solid Waste Permit P-0059 (Permit Application, Part II, Pages 55 & 61) and LAC 33:VII.901. Specifically, the facility is approved to accept industrial sludge (oily), industrial sludge (other than oily), and municipal sludge. The facility accepted waste materials other than sludge. A few examples of non-sludge waste material accepted at the site are: washwater, process water, hydrogen peroxide, wood debris ash, non-hazardous soil and debris, sandblast media, non PCB containing transformer oil, rust scale, antifreeze, organics and debris with washwater, waste paint, brown water, triethylene glycol and water, scrubber water contaminated with amines, shot blast dust, UST soil, contaminated soil and water, glycols in water, and beef tallow and lard.

C. The Respondent failed to provide and/or maintain sufficient equipment to meet the facility's operational needs, in violation of LAC 33:VII.715.D.4. Specifically, the tank battery and associated pump house were not functional, the aerators in the runoff containment areas did not operate, some of the aerators in the equalization basin did not operate, and sufficient equipment was not available to maintain the grass and weeds at the site.
D. The Respondent failed to dispose of liquid and solid wastes to the landfarm as indicated in the Permit, in violation of Solid Waste Permit Number P-0059 (Permit Application, Part II, Pages 62 & 64) and LAC 33:VII.901.A. Specifically, wastes entering the landfarm are not being deposited into the above ground closed storage tanks or to the cake sludge storage area before dispersal to the appropriate cell and sludges are being applied directly to the cell instead of via subsurface injection for liquids or via sludge application vehicles for solids.

E. The Respondent accepted waste that is not biodegradable, in violation of LAC 33:VII.715.D.1.f. Specifically, waste paint and sandblasting media were accepted for disposal and are not biodegradable.

F. The Respondent failed to fill out the solid waste disposer annual report form completely, in violation of LAC 33:VII.715.C.1.a.i. Specifically, the Respondent failed to provide an estimated life of the facility or to provide an estimate of the remaining permitted capacity of the facility. In addition, the facility failed to provide the calculations used to compute the quantity of solid waste received at the facility. This violation was corrected on November 20, 2007.

G. The Respondent failed to maintain at the facility all records specified in the application for the permit as necessary for the effective management of the facility and for preparing the required reports, in violation of LAC 33:VII.715.C.1.b.i. Specifically, the Respondent was unable to locate all of the approved permit modifications.

H. The Respondent failed to provide drainage to prevent standing water and allow for drainage away from the facility, in violation of Solid Waste Permit Number P-
0059 (Permit Application, Part II, Page 32) and LAC 33:VII.715.A.1.g. Specifically, Landfarm cells were not graded properly. Water runoff from the landfarm cells onto the landfarm access roadway was observed. In addition, puddles of water were observed in the landfarm cells.

I. The Respondent failed to collect a biotoxicity sample for the fourth quarter of 2006 in accordance with LPDES permit LA0065501. Each failure to sample the effluent as specified in the permit is a violation of LPDES permit LA0065501 (Part I, Page 2 through 7 of 7 and Part III, Sections A.2, and C.2), La. R.S. 30:2076 (A) (3), LAC 33:IX.501.A, and LAC 33:IX.2701.A.

J. The Respondent was estimating flow rather than measuring the flow using either a totalizing meter or a totalizer, as required by LPDES permit LA0065501. The failure to record the flow measurement by a totalizing meter or a totalizer is a violation of LPDES permit LA0065501 (Part I, Page 2 through 6 of 7 and Part III, Sections A.2, and C.6), La. R.S. 30:2076 (A) (3), LAC 33:IX.501.A, and LAC 33:IX.2701.A.

L. The Respondent failed to record the times and dates of sampling for 24 hour composites of the biomonitoring analyses required by LPDES permit LA0065501 from January 2004 to February 2007. Specifically, the chain of custody contained the date and time sampling began. However, the date and time sampling ended was not included on the forms. Each failure to record monitoring information correctly is in violation of LPDES permit LA0065501 (Part III, Sections A.2 and C.4), La. R.S. 30:2076 (A) (3), LAC 33:IX.501.A, LAC33:IX.2701.A, and LAC 33:IX.2701.J.3.

N. The Respondent failed to submit properly completed DMRs as required by LPDES permit LA0065501. Specifically, the Respondent failed to report the correct results for Alpha-BHC, Aldrin, and Endrin for the December 2006 monitoring period and for COD for the August 2004 monitoring period. The Respondent submitted a DMR for the February 2004 monitoring period indicating a passing sample for Daphnia pulex when the control group was documented as being invalid. In addition, the Respondent submitted DMRs for the monitoring periods between September 2006 and November 2006 that indicated “no

O. The Respondent failed to properly operate and maintain its facility with regards to LPDES permit LA0065501. Specifically, the Respondent failed to properly operate the paddle aerators in the equalization basin, develop standard operating procedures, and maintenance and repair manuals for the aerators. The discharge point for Outfall 301 was heavily vegetated and a representative sample was impossible to collect, and the discharge pipe for Outfall 101 was clogged and could not discharge. These deficiencies in operations and maintenance are violations of LPDES permit LA0065501 (Part III, Sections A.2 and B.3), La. R. S. 30:2076 (A) (3), LAC 33:IX.501.A, LAC 33:IX.2701.A, and LAC 33:IX.2701.E.

P. At the time of the inspection the chlorine contact chamber for Outfall 301 was broken.

IV.

On or about May 27, 2008, a review of the permit renewal application for the Respondent disclosed the following violations:

A. The Respondent installed a number of circulation pumps along the perimeter ditch without submitting a permit modification, in violation of LAC 33:VII.517.
B. The Respondent installed additional aerators in the EQ Basins without submitting a permit modification, in violation of LAC 33:VII.517.

V.

On or about June 25, 2008, the Department conducted a file review which revealed the following violations:

A. The Respondent reported effluent violations on DMRs as follows:

B. The Respondent failed to properly operate and maintain its treatment facility. Specifically, the Respondent discharged inadequately treated wastewater from its facility to waters of the state on or about October 22, 2007. On or about November 28, 2007, the Department received a non-compliance report (NCR) from the Respondent describing the discharge event and indicating the following effluent violations recorded during the event:

COMPLIANCE ORDER

Based on the foregoing, the Respondent is hereby ordered:

I.

To immediately cease, upon receipt of this COMPLIANCE ORDER, accepting unpermitted waste for disposal and institute procedures to ensure that unpermitted waste is not accepted for disposal.

II.

To provide, within thirty (30) days after receipt of this COMPLIANCE ORDER, sufficient equipment to meet the facility's operational needs.

III.

To immediately cease, upon receipt of this COMPLIANCE ORDER, storing and disposing of wastes to the landfill except as indicated in the Permit and approved modifications.

IV.

To immediately cease, upon receipt of this COMPLIANCE ORDER, accepting waste that is not biodegradable.

V.

To immediately maintain at the facility, upon receipt of this COMPLIANCE ORDER, all records specified in the application for the permit as necessary for the effective management of the facility and for preparing the required reports.

VI.

To provide, within thirty (30) days after receipt of this COMPLIANCE ORDER, drainage to prevent standing water and allow for drainage away from the facility.
VII.

To submit to the Office of Environmental Services, within thirty (30) days after receipt of this COMPLIANCE ORDER, requests for permit modifications to allow for the additional circulation pumps along the perimeter ditch and the additional aerators in the EQ Basins.

VIII.

To immediately cease, upon receipt of this COMPLIANCE ORDER, all unauthorized discharges from the Respondent's facility to waters of the state, and to take any and all steps necessary to meet and maintain compliance with the Louisiana Hazardous Waste Regulations, Solid Waste Regulations, and Water Quality Regulations, including, but not limited to sampling the effluent, recording monitoring information correctly, analyzing pH samples within the holding period, submitting accurate DMRs, and properly operating and maintaining the facility.

IX.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, properly completed Discharge Monitoring Reports (DMRs) for the monitoring periods mentioned in Paragraph III.M of the Findings of Fact portion of this Order. If you are submitting copies of DMRs, please be advised that each copy of the DMR shall be signed and dated with an original signature. If no sampling or monitoring was conducted during a monitoring period, the Respondent should indicate this in the space provided for "Comment and Explanation of Any Violations."

X.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, a written report that includes a detailed description of the circumstances surrounding the cited violations and actions taken or to be taken to achieve
compliance with the Order Portion of this COMPLIANCE ORDER. This report and all other reports or information required to be submitted to the Enforcement Division by this COMPLIANCE ORDER shall be submitted to:

Office of Environmental Compliance
Post Office Box 4312
Baton Rouge, Louisiana 70821-4312
Attention: Tom Cranford
Enforcement Tracking No. MM-CN-07-0106
Agency Interest No. 8469

THE RESPONDENT SHALL FURTHER BE ON NOTICE THAT:

I.

The Respondent has a right to an adjudicatory hearing on a disputed issue of material fact or of law arising from this COMPLIANCE ORDER. This right may be exercised by filing a written request with the Secretary no later than thirty (30) days after receipt of this COMPLIANCE ORDER.

II.

The request for an adjudicatory hearing shall specify the provisions of the COMPLIANCE ORDER on which the hearing is requested and shall briefly describe the basis for the request. This request should reference the Enforcement Tracking Number and Agency Interest Number, which are located in the upper right-hand corner of the first page of this document and should be directed to the following:

III.

Upon the Respondent's timely filing a request for a hearing, a hearing on the disputed issue of material fact or of law regarding this **COMPLIANCE ORDER** may be scheduled by the Secretary of the Department. The hearing shall be governed by the Act, the Administrative Procedure Act (La. R.S. 49:950, et seq.), and the Department's Rules of Procedure. The Department may amend or supplement this **COMPLIANCE ORDER** prior to the hearing, after providing sufficient notice and an opportunity for the preparation of a defense for the hearing.

IV.

This **COMPLIANCE ORDER** shall become a final enforcement action unless the request for hearing is timely filed. Failure to timely request a hearing constitutes a waiver of the Respondent's right to a hearing on a disputed issue of material fact or of law under Section 2050.4 of the Act for the violation(s) described herein.

V.

The Respondent's failure to request a hearing or to file an appeal or the Respondent's withdrawal of a request for hearing on this **COMPLIANCE ORDER** shall not preclude the Respondent from contesting the findings of facts in any subsequent penalty action addressing the same violation(s), although the Respondent is estopped from objecting to this **COMPLIANCE ORDER** becoming a permanent part of its compliance history.

VI.

Civil penalties of not more than twenty-seven thousand five hundred dollars ($27,500) for each day of violation for the violation(s) described herein may be assessed. For violations which occurred on August 15, 2004, or after, civil penalties of not more that thirty-two thousand five hundred dollars ($32,500) may be assessed for each day of violation. The Respondent's
failure or refusal to comply with this **COMPLIANCE ORDER** and the provisions herein will subject the Respondent to possible enforcement procedures under La. R.S. 30:2025, which could result in the assessment of a civil penalty in an amount of not more than fifty thousand dollars ($50,000) for each day of continued violation or noncompliance.

VII.

For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.

**NOTICE OF POTENTIAL PENALTY**

I.

Pursuant to La. R.S. 30:2050.3(B), you are hereby notified that the issuance of a penalty assessment is being considered for the violation(s) described herein. Written comments may be filed regarding the violation(s) and the contemplated penalty. If you elect to submit comments, it is requested that they be submitted within ten (10) days of receipt of this notice.

II.

Prior to the issuance of additional appropriate enforcement action(s), you may request a meeting with the Department to present any mitigating circumstances concerning the violation(s). If you would like to have such a meeting, please contact Tom Cranford at (225) 219-3789 within ten (10) days of receipt of this **NOTICE OF POTENTIAL PENALTY**.

III.

The Department is required by La. R.S. 30:2025(E)(3)(a) to consider the gross revenues of the Respondent and the monetary benefits of noncompliance to determine whether a penalty will be assessed and the amount of such penalty. Please forward the Respondent's most current
annual gross revenue statement along with a statement of the monetary benefits of noncompliance for the cited violation(s) to the above named contact person within ten (10) days of receipt of this NOTICE OF POTENTIAL PENALTY. Include with your statement of monetary benefits the method(s) you utilized to arrive at the sum. If you assert that no monetary benefits have been gained, you are to fully justify that statement.

IV.

This CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is effective upon receipt.

Baton Rouge, Louisiana, this 27th day of August, 2008.

The Department hereby amends paragraph IV of the Findings of Fact Section of COMPLIANCE ORDER WE-C-07-0134 to add the following:

“IV.

A file review conducted by the Department on or about April 4, 2007, revealed the Respondent failed to properly operate and maintain its treatment facility. Specifically, the Respondent submitted a letter to the Department dated January 11, 2007, which indicated that extraordinary rainfall during December 2006 caused flooding of land farm cells and run-off from the containment areas. The letter also indicated that a perimeter ditch overflowed its banks and covered the access road on the north side of the facility. As a result, and to prevent further
overflows and/or facility damage, the Respondent discharged inadequately treated wastewater from its facility to waters of the state. A subsequent letter submitted by the Respondent to the Department dated January 25, 2007, indicated that additional flooding resulted in another necessary discharge of inadequately treated sanitary wastewater in January 2007. In addition, an incident report received by the Department on or about August 28, 2008, revealed that the Respondent discharged inadequately treated wastewater from its facility to waters of the state on August 25, 2008. Letters submitted by the Respondent on or about January 11, 2007, January 25, 2007, and September 24, 2008, revealed the following permit exceedances:

AGENCY INTEREST NO. 8469

CONSOLIDATED
COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY

The following CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued to CLEAN HARBORS WHITE CASTLE, L.L.C. (RESPONDENT) by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

FINDINGS OF FACT

I.
The Respondent owns and operates a privately owned non-hazardous waste land farm facility serving industrial customers, located at 52735 Clark Road in White Castle, Iberville Parish, Louisiana. The facility operates under solid waste permit P-0059 and is reporting as a conditionally exempt small quantity generator of hazardous waste with EPA identification number LAD982549636.

II.
The Respondent was issued CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY (CONOPP) MM-CN-07-0106 on or about August 27, 2008, and
it was received on or about September 10, 2008. The Department received a response to the CONOPP on or about September 29, 2008. CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY MM-CN-07-0106 was not appealed and is a final action of the Department.

III.

On or about April 29, 2009, and May 13, 2009, representatives of the Department performed inspections of the facility and noted the following:

A. The Respondent installed one (1) air-jammer type aerator in each Run-Off Containment Area (ROCA) without an approved permit modification, in violation of LAC 33:VII.517, Permit P-0059, and LAC 33:VII.901.A. The facility has submitted a permit modification as part of the permit renewal to request the use of a 5-HP air-jammer type aerator per ROCA.

B. The Respondent collected samples of incoming waste loads at the scale house/laboratory instead of during unloading without an approved permit modification, in violation of LAC 33:VII.517, Permit P-0059, and LAC 33:VII.901.A. The facility has submitted a permit modification as part of the permit renewal to address the waste sampling procedures.

C. The Respondent failed to utilize high flotation type equipment vehicles in land farming of sludges, in violation of Permit P-0059, and LAC 33:VII.901.A.

D. The Respondent failed to dispose of liquid and solid wastes to the landfarm as indicated in the Permit, in violation of LAC 33:VII.517, Permit P-0059, MM-CN-07-0106, and LAC 33:VII.901.A. Specifically, wastes entering the landfarm are not being deposited into the above ground closed storage tanks or to the cake sludge storage area before dispersal to the appropriate cell and sludges are being applied directly to the cell instead of via subsurface injection for liquids or via sludge application vehicles for solids.

E. The Respondent failed to label ten (10), recently installed, groundwater monitoring wells, in violation of LAC 33:VII.805.A.3.(e). An inspection on November 9, 2009, noted that all wells were properly labeled.

F. The Respondent failed to wash all trucks after unloading at the facility, in violation of Permit P-0059, and LAC 33:VII.901.A.
COMPLIANCE ORDER

Based on the foregoing, the Respondent is hereby ordered:

I.

To utilize, within thirty (30) days after receipt of this COMPLIANCE ORDER, high flotation type equipment vehicles in land farming of sludges as indicated in the Permit and approved modifications.

II.

To immediately cease, upon receipt of this COMPLIANCE ORDER, storing and disposing of wastes to the landfarm except as indicated in the Permit and approved modifications.

III.

To immediately institute procedures, upon receipt of this COMPLIANCE ORDER, to ensure that all vehicles unloading at the facility are routed to the truck wash area for cleaning prior to weigh-out as indicated in the Permit.

IV.

To immediately take, upon receipt of this COMPLIANCE ORDER, any and all steps necessary to meet and maintain compliance with the Solid Waste Regulations.

V.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, a written report that includes a detailed description of the circumstances surrounding the cited violations and actions taken or to be taken to achieve compliance with the Order Portion of this COMPLIANCE ORDER. This report and all other reports or information required to be submitted to the Enforcement Division by this COMPLIANCE ORDER shall be submitted to:

Office of Environmental Compliance
Post Office Box 4312
Baton Rouge, Louisiana 70821-4312
Attention: Tom Cranford
Enforcement Tracking No. SE-CN-09-0371
Agency Interest No. 8469
THE RESPONDENT SHALL FURTHER BE ON NOTICE THAT:

I.

The Respondent has a right to an adjudicatory hearing on a disputed issue of material fact or of law arising from this COMPLIANCE ORDER. This right may be exercised by filing a written request with the Secretary no later than thirty (30) days after receipt of this COMPLIANCE ORDER.

II.

The request for an adjudicatory hearing shall specify the provisions of the COMPLIANCE ORDER on which the hearing is requested and shall briefly describe the basis for the request. This request should reference the Enforcement Tracking Number and Agency Interest Number, which are located in the upper right-hand corner of the first page of this document and should be directed to the following:

Attn: Hearings Clerk, Legal Division  
Re: Enforcement Tracking No. SE-CN-09-0371  
Agency Interest No. 8469

III.

Upon the Respondent's timely filing a request for a hearing, a hearing on the disputed issue of material fact or of law regarding this COMPLIANCE ORDER may be scheduled by the Secretary of the Department. The hearing shall be governed by the Act, the Administrative Procedure Act (La. R.S. 49:950, et seq.), and the Department's Rules of Procedure. The Department may amend or supplement this COMPLIANCE ORDER prior to the hearing, after providing sufficient notice and an opportunity for the preparation of a defense for the hearing.

IV.

This COMPLIANCE ORDER shall become a final enforcement action unless the request for hearing is timely filed. Failure to timely request a hearing constitutes a waiver of the Respondent's right to a hearing on a disputed issue of material fact or of law under Section 2050.4 of the Act for the violation(s) described herein.
V.

The Respondent's failure to request a hearing or to file an appeal or the Respondent's withdrawal of a request for hearing on this COMPLIANCE ORDER shall not preclude the Respondent from contesting the findings of facts in any subsequent penalty action addressing the same violation(s), although the Respondent is estopped from objecting to this COMPLIANCE ORDER becoming a permanent part of its compliance history.

VI.

Civil penalties of not more than twenty-seven thousand five hundred dollars ($27,500) for each day of violation for the violation(s) described herein may be assessed. For violations which occurred on August 15, 2004, or after, civil penalties of not more that thirty-two thousand five hundred dollars ($32,500) may be assessed for each day of violation. The Respondent's failure or refusal to comply with this COMPLIANCE ORDER and the provisions herein will subject the Respondent to possible enforcement procedures under La. R.S. 30:2025, which could result in the assessment of a civil penalty in an amount of not more than fifty thousand dollars ($50,000) for each day of continued violation or noncompliance.

VII.

For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.

NOTICE OF POTENTIAL PENALTY

I.

Pursuant to La. R.S. 30:2050.3(B), you are hereby notified that the issuance of a penalty assessment is being considered for the violation(s) described herein. Written comments may be filed regarding the violation(s) and the contemplated penalty. If you elect to submit comments, it is requested that they be submitted within ten (10) days of receipt of this notice.

II.

Prior to the issuance of additional appropriate enforcement action(s), you may request a meeting with the Department to present any mitigating circumstances concerning the violation(s). If you would like to have such a meeting, please contact Tom Cranford at (225) 219-3789 within ten (10) days of receipt of this NOTICE OF POTENTIAL PENALTY.
III.

The Department is required by La. R.S. 30:2025(E)(3)(a) to consider the gross revenues of the Respondent and the monetary benefits of noncompliance to determine whether a penalty will be assessed and the amount of such penalty. Please forward the Respondent’s most current annual gross revenue statement along with a statement of the monetary benefits of noncompliance for the cited violation(s) to the above named contact person within ten (10) days of receipt of this NOTICE OF POTENTIAL PENALTY. Include with your statement of monetary benefits the method(s) you utilized to arrive at the sum. If you assert that no monetary benefits have been gained, you are to fully justify that statement.

IV.

This CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is effective upon receipt.

CONSOLIDATED  
COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY  

The following CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued to CLean HarBoRs WhITe CaSTle, lLC (RESPONDENT) by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, ET SEQ., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).  

FINDINGS OF FACT  

I.  
The Respondent owns and/or operates an existing privately owned non-hazardous treatment facility serving industrial customers in southeast Louisiana, located on La. Hwy. 1, three miles south of White Castle, in Iberville Parish, Louisiana. The Respondent was granted coverage under Louisiana Pollutant Discharge Elimination System (LPDES) Individual Permit LA0065501 with an effective date of March 1, 2007, which will expire February 29, 2012. Under the terms and conditions of the LPDES permit, the Respondent is authorized to discharge treated process wastewater, treated contact stormwater, and treated truck washwater from Outfall
001, and treated sanitary wastewater from internal Outfalls 101, 201 and 301 to the Mississippi River, waters of the state.

II.

The Respondent was issued COMPLIANCE ORDER WE-C-07-0134 on or about May 21, 2007, and AMENDED COMPLIANCE ORDER WE-C-07-0134A on or about February 20, 2009, for the following areas of concern: effluent violations and operations and maintenance deficiencies. The Order required the Respondent to immediately take any and all steps necessary to meet and maintain compliance with LPDES permit LA0065501, submit properly completed DMRs, and submit a written report to include the circumstances of the cited violations and the actions taken to achieve compliance. The Respondent submitted a written response to warning letter WE-L-07-0134 on or about May 23, 2007. COMPLIANCE ORDER WE-C-07-0134 and AMENDED COMPLIANCE ORDER WE-C-07-0134A are final actions of the Department and not subject to further review.

III.

An inspection conducted by the Department on or about June 25, 2009, and a subsequent file review conducted by the Department on or about March 23, 2010, revealed the Respondent exceeded effluent limitations. These effluent excursions, as reported by the Respondent on Discharge Monitoring Reports (DMRs) and noncompliance report, are summarized below:

IV.

A file review conducted by the Department on or about March 23, 2010, revealed the Respondent failed to properly operate and maintain its treatment facility and therefore caused or allowed the unauthorized discharge of inadequately treated wastewater that began on October 15, 2009, and continued until October 18, 2009. The Respondent submitted a letter to the Department dated October 19, 2009, stating that 9.58 inches of rain resulted from severe weather conditions that caused flooding of land farm cells and run-off from the containment areas. The letter also indicated that a perimeter ditch overflowed its banks and the access road and submerged electrical panels and pumps. As a result, and to prevent further overflows and continued damage to the electrical system, the facility initiated an emergency discharge to the Mississippi via LPDES outfall 001. Sampling results conducted during the incident are included on the effluent table in paragraph III of the Findings of fact. The Respondent's failure to properly operated and maintain its facility is a violation of LPDES permit LA0065501 (Part III, Sections A.2 and B.3), La. R.S. 30:2076(A)(3), LAC 33:IX.501.A, LAC 33:IX.2701.A, and LAC 33:IX.2701.E.
COMPLIANCE ORDER

Based on the foregoing, the Respondent is hereby ordered:

I.

To immediately take, upon receipt of this COMPLIANCE ORDER, any and all steps necessary to achieve and maintain compliance with permit limitations and conditions contained in LPDES permit LA0065501.

II.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, a written report that includes a detailed description of the circumstances surrounding the cited violations and actions taken or to be taken to achieve compliance with the Order Portion of this COMPLIANCE ORDER. This report and all other reports or information required to be submitted to the Enforcement Division by this COMPLIANCE ORDER shall be submitted to:

Baton Rouge, Louisiana 70821-4312
Attention: Naz Zanjani-Bachar
Enforcement Tracking No. WE-CN-10-00346
Agency Interest No. 8469

THE RESPONDENT SHALL FURTHER BE ON NOTICE THAT:

I.

The Respondent has a right to an adjudicatory hearing on a disputed issue of material fact or of law arising from this COMPLIANCE ORDER. This right may be exercised by filing a written request with the Secretary no later than thirty (30) days after receipt of this COMPLIANCE ORDER.

II.

The request for an adjudicatory hearing shall specify the provisions of the COMPLIANCE ORDER on which the hearing is requested and shall briefly describe the basis for the request. This request should reference the Enforcement Tracking Number and Agency Interest Number, which are located in the upper right-hand corner of the first page of this document and should be directed to the following:

Baton Rouge, Louisiana 70821-4302
Attn: Hearings Clerk, Legal Division
Re: Enforcement Tracking No. WE-CN-10-00346
Agency Interest No. 8469

III.

Upon the Respondent's timely filing a request for a hearing, a hearing on the disputed issue of material fact or of law regarding this COMPLIANCE ORDER may be scheduled by the Secretary of the Department. The hearing shall be governed by the Act, the Administrative Procedure Act (La. R.S. 49:950, et seq.), and the Department's Rules of Procedure. The Department may amend or supplement this COMPLIANCE ORDER prior to the hearing, after providing sufficient notice and an opportunity for the preparation of a defense for the hearing.

IV.

This COMPLIANCE ORDER shall become a final enforcement action unless the request for hearing is timely filed. Failure to timely request a hearing constitutes a waiver of the Respondent's right to a hearing on a disputed issue of material fact or of law under Section 2050.4 of the Act for the violation(s) described herein.

V.

The Respondent's failure to request a hearing or to file an appeal or the Respondent's withdrawal of a request for hearing on this COMPLIANCE ORDER shall not preclude the Respondent from contesting the findings of facts in any subsequent penalty action addressing the same violation(s), although the Respondent is estopped from objecting to this COMPLIANCE ORDER becoming a permanent part of its compliance history.

VI.

Civil penalties of not more than twenty-seven thousand five hundred dollars ($27,500) for each day of violation for the violation(s) described herein may be assessed. For violations which occurred on August 15, 2004, or after, civil penalties of not more that thirty-two thousand five hundred dollars ($32,500) may be assessed for each day of violation. The Respondent's failure or refusal to comply with this COMPLIANCE ORDER and the provisions herein will
subject the Respondent to possible enforcement procedures under La. R.S. 30:2025, which could result in the assessment of a civil penalty in an amount of not more than fifty thousand dollars ($50,000) for each day of continued violation or noncompliance.

VII.

For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.

NOTICE OF POTENTIAL PENALTY

I.

Pursuant to La. R.S. 30:2050.3(B), you are hereby notified that the issuance of a penalty assessment is being considered for the violation(s) described herein. Written comments may be filed regarding the violation(s) and the contemplated penalty. If you elect to submit comments, it is requested that they be submitted within ten (10) days of receipt of this notice.

II.

Prior to the issuance of additional appropriate enforcement action(s), you may request a meeting with the Department to present any mitigating circumstances concerning the violation(s). If you would like to have such a meeting, please contact Naz Zanjani-Bachar at (225) 219-3722 within ten (10) days of receipt of this NOTICE OF POTENTIAL PENALTY.

III.

The Department is required by La. R.S. 30:2025(E)(3)(a) to consider the gross revenues of the Respondent and the monetary benefits of noncompliance to determine whether a penalty will be assessed and the amount of such penalty. Please forward the Respondent’s most current annual gross revenue statement along with a statement of the monetary benefits of noncompliance for the cited violation(s) to the above named contact person within ten (10) days of receipt of this NOTICE OF POTENTIAL PENALTY. Include with your statement of monetary benefits the method(s) you utilized to arrive at the sum. If you assert that no monetary benefits have been gained, you are to fully justify that statement.

IV.

This CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is effective upon receipt.

PROCEEDINGS UNDER THE LOUISIANA
ENVIRONMENTAL QUALITY ACT,

CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY

The following CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued to CLEAN HARBORS WHITE CASTLE, LLC (RESPONDENT) by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

I.

The Respondent owns and/or operates an existing privately owned non-hazardous treatment facility serving industrial customers in southeast Louisiana, located on La. Hwy. 1, three miles south of White Castle, in Iberville Parish, Louisiana. The Respondent was granted coverage under Louisiana Pollutant Discharge Elimination System (LPDES) Individual Permit LA0065501 with an effective date of March 1, 2007, which will expire February 29, 2012. Under the terms and conditions of the LPDES permit, the Respondent is authorized to discharge treated process wastewater, treated contact stormwater, and treated truck washwater from Outfall 001, and treated sanitary wastewater from internal Outfalls 101, 201 and 301 to the Mississippi River, waters of the state.
II.

The Respondent was issued COMPLIANCE ORDER WE-C-07-0134 on or about May 21, 2007, and AMENDED COMPLIANCE ORDER WE-C-07-0134A on or about February 20, 2009, for the following areas of concern: effluent violations and operations and maintenance deficiencies. The Order required the Respondent to immediately take any and all steps necessary to meet and maintain compliance with LPDES permit LA0065501, submit properly completed DMRs, and submit a written report to include the circumstances of the cited violations and the actions taken to achieve compliance. The Respondent submitted a written response to warning letter WE-L-07-0134 on or about May 23, 2007. COMPLIANCE ORDER WE-C-07-0134 and AMENDED COMPLIANCE ORDER WE-C-07-0134A are final actions of the Department and not subject to further review. The Respondent was issued CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY WE-CN-10-00346 on or about May 10, 2010, for the following areas of concern: effluent violations and operations and maintenance deficiencies. The Order required the Respondent to immediately take any and all steps necessary to meet and maintain compliance with LPDES permit LA0065501 and submit a written report to include the circumstances of the cited violations and the actions taken to achieve compliance. The Respondent did request an adjudicatory hearing regarding CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY WE-CN-10-00346 on or about June 30, 2010. The request was granted on or about July 23, 2010.

III.

On or about February 18, 2008, the Respondent requested that the Department consider a modification to LPDES permit LA0065501 in order to resolve on-going COD issues. An SCC-2 application for the modification of the Respondent's permit was received by the Department on March 19, 2009. Subsequently, the U.S. Environmental Protection Agency provided a letter of No Objection to the Department concerning the draft permit on March 11, 2011 and a draft LPDES permit LA0065501 was issued to the Respondent on March 17, 2011. In the draft LPDES permit, the concentration limits for COD have been changed to mass limits based on a maximum discharge of 10 MGD. The permit still requires the Respondent to monitor and report COD concentrations.
IV.

An inspection conducted by the Department on or about September 27, 2010, and a subsequent file review conducted by the Department on or about May 2, 2011, revealed the Respondent exceeded effluent limitations. These effluent excursions, as reported by the Respondent on Discharge Monitoring Reports (DMRs) and noncompliance report, are summarized below:

*reported on noncompliance report

V.

On or about August 31, 2010, the Respondent submitted a 10-day advance notice of anticipated bypass. According to the submittal, the Respondent was holding approximately 400,000,000 gallons of water at the site and there was a fear of a catastrophic failure of the containment levees. A previous situation regarding elevated levels of COD concentrations in the water related to the former use of a polymer for water treatment had lead to the Respondent not discharging the water through outfall 001. On or about September 28, 2010, the Department did not approve the request to conduct a bypass discharge however it was noted that the Respondent did demonstrate compliance with the notification requirements.
VI.

An inspection conducted by the Department on or about September 27, 2010, revealed that the Respondent did cause or allow a discharge of inadequately treated wastewater greater than the effluent limits provided in LPDES permit LA0065501. Specifically, laboratory results of a sample taken from outfall 001 revealed a COD concentration of 260 mg/L. The effluent limit for this parameter as provided in LPDES permit LA0065501 is 150 mg/L (Daily Maximum). The discharge of inadequately treated wastewater greater than effluent limits is in violation of LPDES permit LA0065501 (Part I and Part III, Sec. A.2), La. R.S. 30:2076(A)(3) and LAC 33:IX.501.1A.

COMPLIANCE ORDER

Based on the foregoing, the Respondent is hereby ordered:

I.

To immediately take, upon receipt of this COMPLIANCE ORDER, any and all steps necessary to achieve and maintain compliance with permit limitations and conditions contained in LPDES permit LA0065501.

II.

In order to protect water quality, the Respondent will comply with the following interim effluent limits and monitoring requirements until a final modified LPDES permit is issued by the Department or until the Respondent is otherwise notified in writing by the Department.

The Respondent shall comply with all the remaining terms and conditions of LPDES permit LA0065501 until final modified LPDES permit is issued by the Department or until the Respondent is otherwise notified in writing by the Department.
III.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, a written report that includes a detailed description of the circumstances surrounding the cited violations and actions taken or to be taken to achieve compliance with the Order Portion of this COMPLIANCE ORDER. This report and all other reports or information required to be submitted to the Enforcement Division by this COMPLIANCE ORDER shall be submitted to:

Attention: Wayne R. Slater
Enforcement Tracking No. WE-CN-11-00457
Agency Interest No. 8469

THE RESPONDENT SHALL FURTHER BE ON NOTICE THAT:

I.

The Respondent has a right to an adjudicatory hearing on a disputed issue of material fact or of law arising from this COMPLIANCE ORDER. This right may be exercised by filing a written request with the Secretary no later than thirty (30) days after receipt of this COMPLIANCE ORDER.

II.

The request for an adjudicatory hearing shall specify the provisions of the COMPLIANCE ORDER on which the hearing is requested and shall briefly describe the basis for the request. This request should reference the Enforcement Tracking Number and Agency Interest Number, which are located in the upper right-hand corner of the first page of this document and should be directed to the following:

III.

Upon the Respondent's timely filing a request for a hearing, a hearing on the disputed issue of material fact or of law regarding this COMPLIANCE ORDER may be scheduled by the Secretary of the Department. The hearing shall be governed by the Act, the Administrative Procedure Act (La. R.S. 49:950, et seq.), and the Department's Rules of Procedure. The Department may amend or supplement this COMPLIANCE ORDER prior to the hearing, after providing sufficient notice and an opportunity for the preparation of a defense for the hearing.

IV.

This COMPLIANCE ORDER shall become a final enforcement action unless the request for hearing is timely filed. Failure to timely request a hearing constitutes a waiver of the Respondent's right to a hearing on a disputed issue of material fact or of law under Section 2050.4 of the Act for the violation(s) described herein.

V.

The Respondent's failure to request a hearing or to file an appeal or the Respondent's withdrawal of a request for hearing on this COMPLIANCE ORDER shall not preclude the Respondent from contesting the findings of facts in any subsequent penalty action addressing the same violation(s), although the Respondent is estopped from objecting to this COMPLIANCE ORDER becoming a permanent part of its compliance history.

VI.

Civil penalties of not more than twenty-seven thousand five hundred dollars ($27,500) for each day of violation for the violation(s) described herein may be assessed. For violations which occurred on August 15, 2004, or after, civil penalties of not more that thirty-two thousand five hundred dollars ($32,500) may be assessed for each day of violation. The Respondent's failure or refusal to comply with this COMPLIANCE ORDER and the provisions herein will subject the Respondent to possible enforcement procedures under La. R.S. 30:2025, which could result in the assessment of a civil penalty in an amount of not more than fifty thousand dollars ($50,000) for each day of continued violation or noncompliance.

VII.

For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.
NOTICE OF POTENTIAL PENALTY

I.

Pursuant to La. R.S. 30:2050.3(B), you are hereby notified that the issuance of a penalty assessment is being considered for the violation(s) described herein. Written comments may be filed regarding the violation(s) and the contemplated penalty. If you elect to submit comments, it is requested that they be submitted within ten (10) days of receipt of this notice.

II.

Prior to the issuance of additional appropriate enforcement action(s), you may request a meeting with the Department to present any mitigating circumstances concerning the violation(s). If you would like to have such a meeting, please contact Wayne R. Slater at (225) 219-3722 within ten (10) days of receipt of this NOTICE OF POTENTIAL PENALTY.

III.

The Department is required by La. R.S. 30:2025(E)(3)(a) to consider the gross revenues of the Respondent and the monetary benefits of noncompliance to determine whether a penalty will be assessed and the amount of such penalty. Please forward the Respondent’s most current annual gross revenue statement along with a statement of the monetary benefits of noncompliance for the cited violation(s) to the above named contact person within ten (10) days of receipt of this NOTICE OF POTENTIAL PENALTY. Include with your statement of monetary benefits the method(s) you utilized to arrive at the sum. If you assert that no monetary benefits have been gained, you are to fully justify that statement.

IV.

This CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is effective upon receipt.

CONSOLIDATED

COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY

The following CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued to CLEAN HARBORS WHITE CASTLE, LLC (RESPONDENT) by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

FINDINGS OF FACT

I.

The Respondent owns and/or operates an existing privately owned non-hazardous treatment facility serving industrial customers in southeast Louisiana, located on La. Hwy. 1, three miles south of White Castle, in Iberville Parish, Louisiana. The Respondent was granted coverage under Louisiana Pollutant Discharge Elimination System (LPDES) Permit LA0065501 with an effective date of March 1, 2007, and expiration date of February 29, 2012. On or about February 18, 2008, the Respondent requested that the Department consider a modification to LPDES permit LA0065501 in order to resolve on-going Chemical Oxygen Demand (COD) issues. LPDES permit LA0065501, with new limits for COD based on mass loadings, was issued to the Respondent on May 12, 2011, and will expire on May 11, 2016. Under the terms and conditions of the LPDES permit, the Respondent is authorized to discharge treated process wastewater, treated contact stormwater, and treated truck washwater from
Outfall 001, and treated sanitary wastewater from internal Outfalls 201 and 301 to the Mississippi River, waters of the state.

II.

A file review conducted by the Department on or about December 19, 2011, revealed the Respondent exceeded effluent limitations. These effluent exceedances, as reported by the Respondent on Discharge Monitoring Reports (DMRs) are summarized below:
