IN THE MATTER OF:

MARTINEAU PETROLEUM,
INCORPORATED

AI # 163915

PROCEEDINGS UNDER THE LOUISIANA
ENVIRONMENTAL QUALITY ACT

SETTLEMENT

The following Settlement is hereby agreed to between Martineau Petroleum, Incorporated ("Respondent") and the Department of Environmental Quality ("DEQ" or "the Department"), under authority granted by the Louisiana Environmental Quality Act, L.a. R.S. 30:2001, et seq. ("the Act").

I

Respondent is a corporation that owned and/or operated an oil and gas production facility located in Pointe Coupée Parish, Louisiana ("the Facility").

II

On December 16, 2016, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement Tracking No. AE-CN-15-00720 (Exhibit 1).

On September 21, 2021, the Department issued to Respondent a Notice of Potential Penalty, Enforcement Tracking No. AE-PP-17-00867 (Exhibit 2).

III

Respondent denies it committed any violations or that it is liable for any fines, forfeitures
and/or penalties.

IV

Nonetheless, Respondent, without making any admission of liability under state or federal statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of TEN THOUSAND FIVE HUNDRED AND NO/100 DOLLARS ($10,500.00), of which One Thousand Four Hundred Thirty-Seven and 13/100 Dollars ($1,437.13) represents the Department’s enforcement costs, in settlement of the claims set forth in this agreement. The total amount of money expended by Respondent on cash payments to the Department as described above, shall be considered a civil penalty for tax purposes, as required by La. R.S. 30:2050.7(E)(1).

V

Respondent further agrees that the Department may consider the permit record(s), the Consolidated Compliance Order & Notice of Potential Penalty, Notice of Potential Penalty and this Settlement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the sole purpose of determining Respondent's compliance history.

VI

This agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any right to administrative or judicial review of the terms of this agreement, except such review as may be required for interpretation of this agreement in any action by the Department to enforce this agreement.
VII

This settlement is being made in the interest of settling the state's claims and avoiding for both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing to the compromise and settlement, the Department considered the factors for issuing civil penalties set forth in La. R. S. 30:2025(E) of the Act.

VIII

As required by law, the Department has submitted this Settlement Agreement to the Louisiana Attorney General for approval or rejection. The Attorney General's concurrence is appended to this Settlement Agreement.

IX

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in Pointe Coupee Parish, Louisiana. The advertisement, in form and wording approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

X

Payment is to be made within ten (10) days from notice of the Secretary's signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. Each
payment shall be accompanied by a completed Settlement Payment Form (Exhibit A).

XI

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement.

XII

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.

CONSOLIDATED
COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY

The following CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued to MARTINEAU PETROLEUM, INCORPORATED (RESPONDENT) by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

FINDINGS OF FACT

I.

The Respondent owns and/or operates the Beech Grove #1 Well – Frisco Field Facility, an oil and gas production facility, located approximately two (2) miles north of Louisiana Highway 90 on Louisiana Highway 978 in Frisco, Pointe Coupee Parish, Louisiana. The facility previously operated under Minor Source Oil & Gas General Permit No. 2260-00173-00 issued to Rodessa Operating Company, Inc. on November 18, 2010.

II.

On or about November 30, 2016, the Department conducted a file review for the facility to determine compliance with the Air Quality Regulations.
While the Department’s investigation is not yet complete, the following violations were discovered during the course of the file review:

A. The Respondent failed to submit a Name/Ownership/Operator Change Form (NOC-1 form) prior to or no later than 45 days after a change in ownership of the facility. According to information from the Louisiana Department of Natural Resources the Respondent was transferred ownership of the facility on or about September 1, 2013; however, a NOC-1 form was not submitted to the Office of Environmental Services. The failure to submit a NOC-1 form is a violation of LAC 33:I.1907(B), LAC 33:III.517.G, and La. R.S. 30:2057(A)(2).

B. The Respondent operated the facility without approval from the permitting authority. Because the Respondent failed to submit a NOC-1 form to the Department, the facility did not retain coverage under Minor Source Oil & Gas General Permit 2260-00173-00 from the date of ownership transfer, September 1, 2013. The operation of the facility after September 1, 2013, without an air permit is a violation of LAC 33:III.501.C.2, La. R.S. 30:2057(A)(1) and 30:2057(A)(2).

C. The Respondent failed to submit annual emissions inventories to the Department by April 30th of the following year of operation. Specifically, the Respondent failed to submit an emissions inventory and associated certification statement for operations that occurred at the facility in 2013, 2014 and 2015. Each failure to submit an annual emissions inventory and associated certification statement is a violation of LAC 33:III.919.F.d.ii and La. R.S. 30:2057(A)(2).

**COMPLIANCE ORDER**

Based on the foregoing, the Respondent is hereby ordered:

I.

To take, immediately upon receipt of this COMPLIANCE ORDER, any and all steps necessary to meet and maintain compliance with the Air Quality Regulations, including, but not limited to, submitting NOC-1 forms and emissions inventories.

II.

To submit, within thirty (30) days after receipt of this COMPLIANCE ORDER, a NOC-1 form according to LAC 33:I Chapter 19 Facility Name and Ownership/Operator Changes Process.
III.

To submit, within thirty (30) days after receipt of this COMPLIANCE ORDER, 2013, 2014 and 2015 annual emissions inventories and associated certification statements according to LAC 33:III.919.

IV.

To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, a written report that includes a detailed description of the circumstances surrounding the cited violations and actions taken or to be taken to achieve compliance with the Order. This report and all other reports or information required to be submitted to the Enforcement Division by this COMPLIANCE ORDER shall be submitted to:
Office of Environmental Compliance
Post Office Box 4312
Baton Rouge, Louisiana 70821-4312
Attn: Richard LeBlanc
Re: Enforcement Tracking No. AE-CN-15-00720
Agency Interest No. 163915

THE RESPONDENT SHALL FURTHER BE ON NOTICE THAT:

I.

The Respondent has a right to an adjudicatory hearing on a disputed issue of material fact or of law arising from this COMPLIANCE ORDER. This right may be exercised by filing a written request with the Secretary no later than thirty (30) days after receipt of this COMPLIANCE ORDER.

II.

The request for an adjudicatory hearing shall specify the provisions of the COMPLIANCE ORDER on which the hearing is requested and shall briefly describe the basis for the request. This request should reference the Enforcement Tracking Number and Agency Interest Number, which are located in the upper right-hand corner of the first page of this document and should be directed to the following:

III.

Upon the Respondent's timely filing a request for a hearing, a hearing on the disputed issue of material fact or of law regarding this COMPLIANCE ORDER may be scheduled by the Secretary of the Department. The hearing shall be governed by the Act, the Administrative Procedure Act (L.a. R.S. 49:950, et seq.), and the Department's Rules of Procedure. The Department may amend or supplement this COMPLIANCE ORDER prior to the hearing, after providing sufficient notice and an opportunity for the preparation of a defense for the hearing.

IV.

This COMPLIANCE ORDER shall become a final enforcement action unless the request for hearing is timely filed. Failure to timely request a hearing constitutes a waiver of the Respondent's right to a hearing on a disputed issue of material fact or of law under Section 2050.4 of the Act for the violation(s) described herein.

V.

The Respondent's failure to request a hearing or to file an appeal or the Respondent's withdrawal of a request for hearing on this COMPLIANCE ORDER shall not preclude the Respondent from contesting the findings of facts in any subsequent penalty action addressing the same violation(s), although the Respondent is estopped from objecting to this COMPLIANCE ORDER becoming a permanent part of its compliance history.

VI.

Civil penalties of not more than twenty-seven thousand five hundred dollars ($27,500) for each day of violation for the violation(s) described herein may be assessed. For violations which occurred on August 15, 2004, or after, civil penalties of not more than thirty-two thousand five hundred dollars ($32,500) may be assessed for each day of violation. The Respondent's failure or refusal to comply with this COMPLIANCE ORDER and the provisions herein will subject the Respondent to possible enforcement procedures under L.a. R.S. 30:2025, which could result in the assessment of a civil penalty in an amount of not more than fifty thousand dollars ($50,000) for each day of continued violation or noncompliance.

VII.

For each violation described herein, the Department reserves the right to seek civil penalties in any manner allowed by law, and nothing herein shall be construed to preclude the right to seek such penalties.

NDPP FORM 2
WHAT IS A SETTLEMENT AGREEMENT?
Once the Department has determined that a penalty is warranted for a violation, the Assistant Secretary of the Department, with the concurrence of the Attorney General, may enter into a settlement agreement with the Respondent as a means to resolve the Department's claim for a penalty.

HOW DOES THE SETTLEMENT AGREEMENT PROCESS WORK?
To begin the settlement agreement process, the Department must receive a written settlement offer. Once this offer is submitted, it is sent for approval by the Assistant Secretary of the Office of Environmental Compliance. The formal Settlement Agreement is drafted and sent to the Attorney General's office where the Attorney General has a 90 day concurrence period. During this time, the Respondent is required to run a public notice in an official journal and/or newspaper of general circulation in each affected parish. After which, a 45 day public comment period is opened to allow the public to submit comments. Once the Department has received concurrence, the settlement agreement is signed by both parties. The Department then forwards a letter to the responsible party to establish a payment plan and/or beneficial environmental project (BEP).

WHAT SHOULD I INCLUDE IN A SETTLEMENT AGREEMENT?
The Department uses the penalty determination method defined in LAC 33:1.705 as a guideline to accepting settlement offers. The penalty matrix is used to determine a penalty range for each violation based on the two violation specific factors, the nature and gravity of the violation and the degree of risk/impact to human health and property.

<table>
<thead>
<tr>
<th>NATURE AND GRAVITY OF THE VIOLATION</th>
<th>MAJOR</th>
<th>MODERATE</th>
<th>MINOR</th>
</tr>
</thead>
<tbody>
<tr>
<td>MAJOR</td>
<td>$32,500 to $20,000</td>
<td>$20,000 to $15,000</td>
<td>$15,000 to $11,000</td>
</tr>
<tr>
<td>MODERATE</td>
<td>$11,000 to $8,000</td>
<td>$8,000 to $5,000</td>
<td>$5,000 to $3,000</td>
</tr>
<tr>
<td>MINOR</td>
<td>$3,000 to $1,500</td>
<td>$1,500 to $500</td>
<td>$500 to $100</td>
</tr>
</tbody>
</table>

Degree of Risk to Human Health or Property
Major: (actual measurable harm or substantial risk of harm) A violation of major impact to an environmental resource or a hazard characterized by high volume and/or frequency occurrence and/or high pollutant concentration.
Moderate: (potential for measurable detrimental impact) A violation of moderate impact and hazard may be one characterized by occasional occurrence and/or pollutant concentration that may be expected to have a detrimental effect under certain conditions
Minor: (no harm or risk of harm) A violation of minor impact is isolated single incidences and that cause no measurable detrimental effect or are administrative in nature.

Nature and Gravity of the Violation
Major: Violations of statutes, regulations, orders, permit limits, or permit requirements that result in negating the intent of the requirement to such an extent that little or no implementation of requirements occurred.
Moderate: Violations that result in substantially negating the intent of the requirements, but some implementation of the requirements occurred.
Minor: Violations that result in some deviation from the intent of the requirement; however, substantial implementation is demonstrated.

The range is adjusted using the following violator specific factors:
1. history of previous violations or repeated noncompliance;
2. gross revenues generated by the respondent;
3. degree of culpability, recalcitrance, defiance, or indifference to regulations or orders;
4. whether the Respondent has failed to mitigate or to make a reasonable attempt to mitigate the damages caused by the violation; and
5. whether the violation and the surrounding circumstances were immediately reported to the department, and whether the violation was concealed or there was an attempt to conceal by the Respondent.
Given the previous information, the following formula is used to obtain a penalty amount.

\[
\text{Penalty Event Total} = \text{Penalty Event Minimum} + (\text{Adjustment Percentage} \times (\text{Penalty Event Maximum} - \text{Penalty Event Minimum}))
\]

After this, the Department adds any monetary benefit of noncompliance to the penalty event. In the event that a monetary benefit is gained due to the delay of a cost that is ultimately paid, the Department adds the applicable judicial interest. Finally, the Department adds all response costs including, but not limited to, the cost of conducting inspections, and the staff time devoted to the preparation of reports and issuing enforcement actions.

**WHAT IS A BEP?**

A BEP is a project that provides for environmental mitigation which the respondent is not otherwise legally required to perform, but which the defendant/respondent agrees to undertake as a component of the settlement agreement. Project categories for BEPs include public health, pollution prevention, pollution reduction, environmental restoration and protection, assessments and audits, environmental compliance promotion, and emergency planning, preparedness and response. Other projects may be considered if the Department determines that these projects have environmental merit and is otherwise fully consistent with the intent of the BEP regulations.

**WHAT HAPPENS IF MY OFFER IS REJECTED?**

If an offer is rejected by the Assistant Secretary, the Legal Division will contact the responsible party, or anyone designated as an appropriate contact in the settlement offer, to discuss any discrepancies.
