STATE OF LOUISIANA

DEPARTMENT OF ENVIRONMENTAL QUALITY

IN THE MATTER OF:

UTILITIES, INC. OF LOUISIANA

AI # 19208

PROCEEDINGS UNDER THE LOUISIANA
ENVIRONMENTAL QUALITY ACT

SETTLEMENT

The following Settlement is hereby agreed to between Utilities, Inc. of Louisiana ("Respondent") and the Department of Environmental Quality ("DEQ" or "the Department"), under authority granted by the Louisiana Environmental Quality Act, La. R.S. 30:2001, et seq. ("the Act").

I

Respondent is a corporation that owns and/or operates a sanitary wastewater treatment plant located in Covington, St. Tammany Parish, Louisiana ("the Facility").

II

On March 24, 2021, the Department issued to Respondent a Notice of Potential Penalty, Enforcement Tracking No. WE-PP-20-00794 (Exhibit 1).

III

Respondent denies it committed any violations or that it is liable for any fines, forfeitures and/or penalties.

IV

Nonetheless, Respondent, without making any admission of liability under state or federal
statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of 
FIVE THOUSAND AND NO/100 DOLLARS ($5,000.00), of which One Thousand Twenty and 
38/100 Dollars ($1,020.38) represents the Department’s enforcement costs, in settlement of the 
claims set forth in this agreement. The total amount of money expended by Respondent on cash 
payments to the Department as described above, shall be considered a civil penalty for tax purposes, 
as required by La. R.S. 30:2050.7(E)(1).

V

Respondent further agrees that the Department may consider the inspection report(s), permit 
record(s), the Notice of Potential Penalty and this Settlement for the purpose of determining 
compliance history in connection with any future enforcement or permitting action by the 
Department against Respondent, and in any such action Respondent shall be estopped from objecting 
to the above-referenced documents being considered as proving the violations alleged herein for the 
sole purpose of determining Respondent's compliance history.

VI

This agreement shall be considered a final order of the Secretary for all purposes, including, 
but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any 
right to administrative or judicial review of the terms of this agreement, except such review as may 
be required for interpretation of this agreement in any action by the Department to enforce this 
agreement.

VII

This settlement is being made in the interest of settling the state's claims and avoiding for 
both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing to 
the compromise and settlement, the Department considered the factors for issuing civil penalties set

VIII

As required by law, the Department has submitted this Settlement Agreement to the Louisiana Attorney General for approval or rejection. The Attorney General’s concurrence is appended to this Settlement Agreement.

IX

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in St. Tammany Parish, Louisiana. The advertisement, in form and wording approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

X

Payment is to be made within ten (10) days from notice of the Secretary’s signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. Each payment shall be accompanied by a completed Settlement Payment Form (Exhibit A).

XI

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement.
XII

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.

NOTICE OF POTENTIAL PENALTY

This NOTICE OF POTENTIAL PENALTY is issued by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and 30:2050.3(B).

FINDINGS OF FACT

An authorized representative of the Department inspected the aforementioned facility or conducted a file review of the facility to determine the degree of compliance with regulations promulgated in the Louisiana Administrative Code, Title 33. The State regulatory citations for the violation(s) cited during the inspection and/or file review are indicated below.

The Respondent owns and/or operates a sanitary wastewater treatment plant located north of Interstate 12, approximately 0.5 mile west of Louisiana Highway 21, in Covington, St. Tammany Parish, Louisiana. The Respondent was issued Louisiana Pollutant Discharge Elimination System (LPDES) Permit LA00665567 on June 23, 2011, with an effective date of August 1, 2011, and expiration date of July 31, 2016. The Respondent submitted a renewal application on or about April 7, 2016, and LPDES Permit LA00665567 was administratively continued until it was resubmitted on October 21, 2016, with an effective date of December 1, 2016. LPDES Permit LA00665567 will expire on November 30, 2021. Under the terms and conditions of LPDES Permit LA00665567, the Respondent is permitted to discharge treated sanitary wastewater into Flowers Bayou, thence into the Tchefuncte River, all waters of the state.

Date of Violation Description of Violation

The Respondent failed to comply with LPDES Permit LA00665567. Specifically, a review of Discharge Monitoring Reports (DMRs) between October 2016 and January 2020, revealed that the Respondent reported exceedances of permit effluent limitations for TSS, Ammonia/Nitrogen, and Fecal coliform.

See Attachment A (LPDES Permit LA00665567 Limit Effluent Limits and Monitoring Requirements, pg. 1 of 3; Standard Conditions, Section A.2), La. R.S. 30:2076(A)(3), and LAC 33:IX.501A)

The Respondent failed to properly operate and maintain all facilities and systems of treatment and control. Specifically, the Respondent reported the following sanitary sewer overflows (SSO):

Each failure to properly operate and maintain the facility is in violation of LPDES Permit LA00665567 (Standard Conditions, Sections A.2 and B.3.a), La. R.S. 30:2076(A)(3), and LAC 33:IX.2701 E.

File Review 3/3/21

A file review conducted by the Department revealed that the Respondent failed to timely reapply for a permit 180 days before the expiration date of the permit. Prior to the most recent reauthorization, LPDES permit had an expiration date of July 31, 2016; however, the renewal application was not received until April 7, 2016. LPDES Permit LA00665567 (Part II, Sections A.2 and A.5.e) La. R.S. 30:2076(A)(3), LAC 33:IX.501.A, and LAC 33:IX.2501 D

If the Respondent chooses not to submit the requested most current annual gross revenue statement within ten (10) days, it will be viewed by the Department as an admission that the Respondent has the ability to pay the statutory maximum penalty as outlined in La. R.S. 30:2053.
