

## NOTICE OF INTENT

Department of Environmental Quality  
Office of the Secretary  
Legal Affairs Division

Waste Expedited Permitting  
(LAC 33:I.1801) (OS086)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Office of the Secretary regulations, LAC 33:I.1801 (OS086).

This rule will change the application process and issuance of solid waste permits. This change will allow relatively minor solid waste permitting actions to be issued under the expedited permitting program found in LAC 3:I.Chapter 18. At the same time, this will also allow similar permits under the hazardous waste program to be expedited.

The basis of this rule is to allow minor solid and hazardous waste permit actions to be issued in a more timely fashion while allowing the division to be able to more efficiently reduce the backlog of pending waste permit requests. This Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

This Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

A public hearing will be held on April 27, 2011, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Donald Trahan at the address given below or at (225) 219-3985. Two hours of free parking are allowed in the Galvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by OS086. Such comments must be received no later than May 4, 2011, at 4:30 p.m., and should be sent to Donald Trahan, Attorney Supervisor, Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to FAX (225) 219-4068 or by e-mail to [donald.trahan@la.gov](mailto:donald.trahan@la.gov). SUMMARY  
(Use complete sentences)

In accordance with Section 953 of Title 49 of the Louisiana Revised Statutes, there is hereby submitted a fiscal and economic impact statement on the rule proposed for adoption, repeal or amendment. THE FOLLOWING STATEMENTS SUMMARIZE ATTACHED WORKSHEETS, I THROUGH IV AND WILL BE PUBLISHED IN THE LOUISIANA REGISTER WITH THE PROPOSED AGENCY RULE.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change may result in a minimal increase in the Department of Environmental Quality administrative costs to prepare permits associated with the expedited permit processing program. However, these costs will be offset with the fee associated with the expedited permit processing program. The proposed rule will add solid waste and hazardous waste permits to the types of permits that are eligible for this program.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change may result in an indeterminable increase in revenue collections due to the receipt of expedited permit processing fees to DEQ associated with the expedited permit processing program. Revenue collected through this fee will offset any increase in administrative costs associated with the program.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

The proposed rule will impact applicants who apply for the expedited permit process for solid waste or hazardous waste permits. It is not possible to provide a specific cost estimate because the applicant has the ability to limit the amount to be spent for the expedited process.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed rule change will have no effect on competition and employment.

FISCAL AND ECONOMIC IMPACT STATEMENT  
FOR ADMINISTRATIVE RULES

The following information is requested in order to assist the Legislative Fiscal Office in its review of the fiscal and economic impact statement and to assist the appropriate legislative oversight subcommittee in its deliberation on the proposed rule.

- A. Provide a brief summary of the content of the rule (if proposed for adoption, or repeal) or a brief summary of the change in the rule (if proposed for amendment). Attach a copy of the notice of intent and a copy of the rule proposed for initial adoption or repeal (or, in the case of a rule change, copies of both the current and proposed rules with amended portions indicated).

Expedited permit application processing is currently adopted into the regulations for air permits and water permits. The proposed rule adds solid waste and hazardous waste permits to the existing process. The proposed regulations will allow for a permit applicant to request expedited processing, which will be subject to the current regulations. Landfills and landfarms will not be eligible for expedited permit processing with solid waste and hazardous waste permits. The public notice requirements are not affected by the proposed regulations.

- B. Summarize the circumstances which require this action. If the Action is required by federal regulation, attach a copy of the applicable regulation.

The expedited permit processing regulations found in LAC 33:I.Chapter 18 is authorized by La. R.S. 30:2014.5. The current regulations were promulgated in 2007 and did not include solid waste and hazardous waste permits. The proposed regulations will add solid waste permits and hazardous waste permits to the types of permits eligible for processing under the expedited processing regulations.

- C. Compliance with Act 11 of the 1986 First Extraordinary Session  
(1) Will the proposed rule change result in any increase in the expenditure of funds? If so, specify amount and source of funding.

The proposed rule change will not result in any increase in the expenditure of funds.

- (2) If the answer to (1) above is yes, has the Legislature specifically appropriated the funds necessary for the associated expenditure increase?

(a) \_\_\_ Yes. If yes, attach documentation.

(b) \_\_\_ No. If no, provide justification as to why this rule change should be published at this time.
