NOTICE OF INTENT

Department of Environmental Quality
Office of the Secretary
Legal Division

Amend References to the Office of Environmental Assessment
(LAC 33:I, III, V, VI, IX, and XI) (MM015)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Environmental Quality regulations, LAC 33:I, III, V, VI, IX, and XI (MM015).

This Rule will amend references to the Office of Environmental Assessment. In Act 48 of the 2010 Louisiana Legislative Regular Session, the Office of Environmental Assessment was eliminated. To meet this requirement, this Rule will remove references to the Office of Environmental Assessment and replace the references with either the Office of Environmental Services, Office of Management and Finance or the Office of Environmental Compliance. The basis and rationale for this Rule is to promulgate regulations which meet the requirements of Act 48 of the 2010 Louisiana Legislative Regular Session. This Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

This Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

A public hearing will be held on August 29, 2012, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Deidra Johnson at the address given below or at (225) 219-3985. Two hours of free parking are allowed in the Galvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by MM015. Such comments must be received no later than September 5, 2012, at 4:30 p.m., and should be sent to Deidra Johnson, Attorney Supervisor, Office of the Secretary, Legal Division, Box 4302, Baton Rouge, LA 70821-4302 or to FAX (225) 219-4068 or by e-mail to deidra.johnson@la.gov. Copies of these proposed regulations can be purchased by contacting the DEQ Public Records Center at (225) 219-3168. Check or money order is required in advance for each copy of MM015. These proposed regulations are available on the Internet at www.deq.louisiana.gov/portal/tabid/1669/default.aspx.

These proposed regulations are available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. Fifth Street, Baton Rouge, LA 70802; 1823 Highway 546, West Monroe, LA 71292; State Office Building, 1525 Fairfield Avenue, Shreveport, LA 71101; 1301 Gadwall Street, Lake Charles, LA 70615; 111 New Center Drive, Lafayette, LA 70508; 110 Barataria Street, Lockport, LA 70374; 201 Evans Road, Bldg. 4, Suite 420, New Orleans, LA 70123.
Chapter 12. Requests for Review of Environmental Conditions

§1203. Procedure for Submittal of Request

A. - B.10. ...

C. An applicant shall submit the request for review, in accordance with the requirements of Subsection B of this Section, in triplicate, with the initial minimum fee in Subsection A of this Section, to the administrator of the Office of Environmental Assessment.

D. - E.2. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2001 et seq., and specifically 2011(D)(25), and R.S. 49:316.1(A)(2)(a) and (c).

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, Legal Affairs Division, LR 33:447 (March 2007), amended LR 33:2079 (October 2007), LR 35:2178 (October 2009), LR 38:***.

Subpart 3. Laboratory Accreditation

Chapter 47. Program Requirements

§4701. Accreditation Process

A. The department accreditation process comprises four basic steps:

1. the submittal to the Office of Environmental Assessment Services of a written request from the laboratory in the form of an application provided by the department, along with payment of all applicable fees;

A.2. - B. ...

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, LR 24:919 (May 1998), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:1435 (July 2000), amended by the Office of the Secretary, Legal Affairs Division, LR 31:2434 (October 2005), LR 33:2081 (October 2007). LR 38:***.

§4703. Application for Accreditation

A. ...

B. An application for environmental laboratory accreditation shall be made in writing to the Office of Environmental Assessment Services. This application shall provide all requested information and be accompanied by the appropriate application fee. Information will include at least one satisfactory round of the most recent department-specified proficiency
evaluation test results or an analytical data package for test categories where no accessible proficiency tests exist. Supplemental information may be required.

C. - E. ...

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, LR 24:919 (May 1998), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:1435 (July 2000), amended by the Office of the Secretary, Legal Affairs Division, LR 31:2434 (October 2005), LR 33:2081 (October 2007), LR 38:***.

§4705. Categories of Accreditation

A. At the time of application each applicant must clearly identify both the fields of testing and the test categories for which accreditation is sought. A copy of the relevant test method documentation and the requisite equipment for the method must be available at the laboratory. A current list of approved methodologies for each parameter/analyte will be maintained by the Office of Environmental Assessment Services, and a copy of the list will become a part of the application package. In cases where the methodology used by the laboratory is not listed, the laboratory shall submit documentation that will verify that the results obtained from the method in use are equal to or better than those results obtained from the approved methodology. The department will review the data submitted by the laboratory and will notify the laboratory in writing within 60 calendar days if the method is acceptable or unacceptable as an alternate method of analysis.

B. - B.11. ...

C. An accredited laboratory may request the addition of field(s) of testing and test category(ies) to its scope of accreditation at any time. Such a request must be submitted in writing to the Office of Environmental Assessment Services. Unless the previous on-site inspection can verify the competence of the laboratory to perform the additional tests, another on-site inspection may be required.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, LR 24:919 (May 1998), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:1435 (July 2000), LR 26:2443 (November 2000), repromulgated LR 27:38 (January 2001), amended by the Office of Environmental Assessment, LR 31:1570 (July 2005), amended by the Office of the Secretary, Legal Affairs Division, LR 31:2435 (October 2005), LR 33:2081 (October 2007), LR 38:***.

§4711. Proficiency Testing Participation

A. - E. ...

F. Each participating laboratory shall authorize the proficiency test provider to release the results of the proficiency evaluation (PE) test to the Office of Environmental Assessment Services at the same time that they are submitted to the laboratory. Every laboratory that receives test results that are "unacceptable" for a specific analyte must investigate and identify likely causes for these results, resolve any problems, and report such activity to the Office of Environmental Assessment Services, along with the submittal of corrective action
proficiency sample test results. The laboratory shall report only the analytes for which corrective action was required.

§537. Louisiana General Conditions
A. The Louisiana General Conditions listed in the table in this Section (numbered as historically designated in a permit) apply to each source that requires an air permit according to LAC 33:III.501 upon issuance of the initial air permit for the source and shall continue to apply until such time as the permit is terminated or rescinded. These Louisiana General Conditions shall supersede any previous versions of such conditions contained in air permits.
VII. Any emissions testing performed for purposes of demonstrating compliance with the limitations set forth in Louisiana General Condition III shall be conducted in accordance with the methods described in the Specific Requirements of the permit. Any deviation from or modification of the methods used for testing shall have prior approval from the Office of Environmental Assessment Services.

VIII. The emission testing described in Louisiana General Condition VII, or established in the Specific Requirements of the permit, shall be conducted within 60 days after achieving normal production rate or after the end of the shakedown period, but in no event later than 180 days after initial start-up (or restart-up after modification). The Office of Environmental Assessment Services shall be notified at least 30 days prior to testing and shall be given the opportunity to conduct a pretest meeting and observe the emission testing. The test results shall be submitted to the Office of Environmental Assessment Services within 60 days after the completion of testing. As required by LAC 33:III.913, the permittee shall provide necessary sampling ports in stacks or ducts and such other safe and proper sampling and testing facilities as are necessary for proper determination of the emission limits.

Chapter 14. Conformity

Subchapter A. Determining Conformity of General Federal Actions to State or Federal Implementation Plans

§1410. Criteria for Determining Conformity of General Federal Actions

A. - A.5.a. ...

i. the total of direct and indirect emissions from the action (or portion thereof) is determined and documented by the department to result in a level of emissions that, together with all other emissions in the nonattainment or maintenance area, would not exceed the emissions budgets specified in the applicable SIP. As a matter of policy, should the department make such determination or commitment, the federal agency must provide to the Office of Environmental Assessment Services information on all known projects or other actions that may affect air quality or emissions in any area to which this rule is applicable, regardless of whether such project or action is determined to be subject to this rule under LAC 33:III.1405. The department may charge the federal agency requesting such determination a reasonable fee based on the number of manhours required to perform and document the determination; or

§2121. Fugitive Emission Control

A. - E.3. ...

F. Reporting Requirements. The operator of the affected facility shall submit to the Office of Environmental Assessment Services a report semiannually containing the information below for each calendar quarter during the reporting period. The reports are due by the last day of the month (January and July) following the monitoring period or by a date approved by the department. The reports shall include the following information for each quarter of the reporting period:

F.1. - G. Heavy Liquid Service - Liquid Service. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2054.

§2122. Fugitive Emission Control for Ozone Nonattainment Areas and Specified Parishes

A. - F.3. ...
G. Reporting Requirements. The operator of the affected facility shall submit a report semiannually to the Office of Environmental Assessment containing the information below for each calendar quarter during the reporting period. The reports are due by the last day of the month (January and July) following the monitoring period or by a date approved by the department. The reports shall include the following information for each quarter of the reporting period:

Subchapter F. Gasoline Handling

§2132. Stage II Vapor Recovery Systems for Control of Vehicle Refueling Emissions at Gasoline Dispensing Facilities

A. - B.5. ...

6. The regulated facility shall submit the following application information to the Office of Environmental Assessment Compliance prior to installation of the Stage II Vapor Recovery System:

6.a. - 8. ...

9. Upon request by the Department of Environmental Quality, the owner or operator of a facility that claims to be exempt from the requirements of this Section shall submit supporting records to the Office of Environmental Assessment Compliance within 30 calendar days from the date of the request. The Department of Environmental Quality shall make a final determination regarding the exemption status of a facility.

C. - D. ...

1. The owner/operator of the facility shall have the installed vapor recovery equipment tested prior to the start-up of the facility. The owner or operator shall notify the Office of Environmental Assessment Compliance at least five calendar days in advance of the scheduled date of testing. Testing must be performed by a contractor that is certified with the Department of Environmental Quality. Compliance with the emission specification for Stage II equipment shall be demonstrated by passing the following required tests or equivalent for each type of system:

1.a. - 2. ...

3. The department reserves the right to confirm the results of the aforementioned testing at its discretion and at any time. Within 30 days after installation or major system modification of a vapor recovery system, the owner or operator of the facility shall submit to the Office of Environmental Assessment Compliance the date of completion of the
installation or major system modification of a vapor recovery system and the results of all functional testing requirements.

Subchapter M. Limiting Volatile Organic Compound (VOC) Emissions from Industrial Wastewater

§2153. Limiting VOC Emissions from Industrial Wastewater

A. - G.4.a. ...

b. in order to maintain exemption status under this Subsection, the owner or operator shall submit an annual report no later than March 31 of each year, starting in 1997, to the Office of Environmental Assessment Compliance that demonstrates that the overall control of VOC emissions at the affected source category from which wastewater is generated during the preceding calendar year is at least 90 percent less than the 1990 baseline emissions inventory. At a minimum, the report shall include the EPN; the PIN; the throughput of wastewater from affected source categories; a plot plan showing the location, EPN, and PIN associated with a wastewater storage, handling, transfer, or treatment facility; and the VOC emission rates for the preceding calendar year. The emission rates for the preceding calendar year shall be calculated in a manner consistent with the 1990 baseline emissions inventory; and

c. all representations in initial control plans and annual reports become enforceable conditions. It shall be unlawful for any person to vary from such representations if the variation will cause a change in the identity of the specific emission sources being controlled or the method of control of emissions, unless the owner or operator of the wastewater component submits a revised control plan to the Office of Environmental Assessment Services within 30 days of the change. All control plans and reports shall include documentation that the overall reduction of VOC emissions from wastewater at the affected source categories continues to be at least 90 percent less than the 1990 baseline emissions inventory. The emission rates shall be calculated in a manner consistent with the 1990 baseline emissions inventory.

5. ...

a. each request for an exemption determination shall be submitted to the Office of Environmental Assessment Services. Each request shall demonstrate that the overall control of VOC emissions from wastewater at the affected source categories will be at least 80 percent less than the 1990 baseline emissions inventory. The request shall include the applicable EPN; the PIN; the calendar year throughput of wastewater from affected source categories; the VOC emission rates; and a plot plan showing the location, EPN, and PIN associated with a wastewater storage, handling, transfer, or treatment facility. The emission rates shall be calculated in a manner consistent with the 1990 baseline emissions inventory;
b. ...  
c. all representations in initial control plans and annual reports become enforceable conditions. It shall be unlawful for any person to vary from such representations if the variation will cause a change in the identity of the specific emission sources being controlled or the method of control of emissions unless the owner or operator of the wastewater component submits a revised control plan to the Office of Environmental Assessment Services within 30 days of the change. All control plans and reports shall include documentation that the overall reduction of VOC emissions at the plant from wastewater affected source categories continues to be at least 80 percent less than the 1990 baseline emissions inventory.

Subchapter N. Method 43—Capture Efficiency Test Procedures

[Editor's Note: This Subchapter was moved and renumbered from Chapter 61 (December 1996).]

§2159. Recordkeeping and Reporting

A. All affected facilities must maintain a copy of the capture efficiency protocol on file. All results of appropriate test methods and CE protocols must be reported to the Office of Environmental Assessment Services within 60 days of the test date. A copy of the results must be kept on file with the source.

B. If any changes are made to capture or control equipment, the source is required to notify the Office of Environmental Assessment Services of these changes and a new test may be required.

C. The source must notify the Office of Environmental Assessment Services 30 days prior to performing any capture efficiency and/or control efficiency tests.

Chapter 51. Comprehensive Toxic Air Pollutant Emission Control Program

Subchapter A. Applicability, Definitions, and General Provisions

§5113. Notification of Start-Up, Testing, and Monitoring

A. - B. ...
1. The department may require any owner or operator to conduct tests to determine the emission of toxic air pollutants from any source whenever the department has reason to believe that an emission in excess of those allowed by this Subchapter is occurring. The department may specify testing methods to be used in accordance with good professional practice. The department may observe the testing. The Office of Environmental Assessment Services shall be notified at least 30 days prior to testing to afford the department the opportunity to conduct a pretest conference and to have an observer present. All tests shall be conducted by qualified personnel. The Office of Environmental Assessment Services shall be given a copy of the test results in writing signed by the person responsible for the tests within 60 days after completion of the test.

2. - 4.e. ...

5. Unless otherwise specified, samples shall be analyzed and emissions determined within 30 days after each emission test has been completed. The owner or operator shall report the determinations of the emission test to the Office of Environmental Assessment Services by a certified letter sent before the close of business on the sixtieth day following the completion of the emission test.

6. ...

7. The owner or operator shall notify the Office of Environmental Assessment Services of any emission test required to demonstrate compliance with this Subchapter at least 30 days before the emission test to allow the administrative authority the opportunity to have an observer present during the test.

C. - C.1. ...

2. When required at any other time requested by the administrative authority, the owner or operator of a source being monitored shall conduct a performance evaluation of the monitoring system and furnish the Office of Environmental Assessment Services with a copy of a written report of the results within 60 days of the evaluation. The owner or operator of the source shall furnish the Office of Environmental Assessment Services with written notification of the date of the performance evaluation at least 30 days before the evaluation is to begin.

3. - 4. ...

5. The administrative authority may require a continuous monitoring system where such systems are deemed feasible and necessary to demonstrate compliance with applicable standards. The owner or operator of a facility that the administrative authority has required to install a continuous monitoring system shall submit to the Office of Environmental Assessment Services for approval a plan describing the affected sources and the methods for ensuring compliance with the continuous monitoring system. The plan for the continuous monitoring system must be submitted to the department within 90 days after the administrative authority requests either the initial plan or an updated plan.

Chapter 9. Voluntary Remediation

§911. Application Process

A. Voluntary Remedial Investigation Applications. Prior to performing a remedial investigation and submission of the application in Subsection B of this Section, the applicant may submit a voluntary remedial investigation application for review and approval by the administrative authority, which consists of the following:
1. a Voluntary Remedial Investigation Application Form VCP001, available from the Office of Environmental Assessment and on the department's website, with required attachments, accompanied by the remedial investigation work plan review fee; and

2 2.f. ...

B. Voluntary Remediation Applications. Prior to implementation of a voluntary remedial action at a site, applicants must submit a voluntary remediation application to the Office of Environmental Assessment for review and final approval. The application shall consist of the following:

1. a Voluntary Remediation Application Form VCP002, available from the Office of Environmental Assessment and on the department's website, with required attachments, accompanied by the remedial action plan review fee;

B.2. - C.1. ...

2. After the application is accepted for public review and before the beginning of the public comment period provided in Subsections D and F of this Section, the applicant shall provide the number of copies of the accepted application specified by the administrative authority to the Office of Environmental Assessment.

3. ...

D. Public Notice. Upon acceptance of the voluntary remediation application, as set forth in Subsection C of this Section, the applicant must place a public notice of the proposed voluntary remedial action plan in the local newspaper of general circulation in the parish where the voluntary remediation site is located. The public notice shall be a single classified advertisement at least 4 inches by 6 inches in size in the legal or public notices section. The applicant must provide proof of publication of the notice to the Office of Environmental Assessment prior to final approval of the plan. The public notice shall:

1. - 2. ...

3. indicate that comments shall be submitted to the Office of Environmental Assessment (including the contact person, mailing address, and physical address), as well as indicate the deadline for submission of comments;

4. - 5. ...

E. Direct Notice to Landowners. Within five days of the public notice in Subsection D of this Section, the applicant must send a direct written notice of the voluntary remedial action plan to persons owning immovable property contiguous to the voluntary remediation site. This notice shall be sent to persons listed as owners of the property on the rolls of the parish tax assessor as of the date on which the voluntary remediation application is submitted. The notice must be sent by certified mail and contain the same information that is provided in the public notice. Return receipts or other evidence of the receipt or attempted delivery of the direct notice must be provided to the Office of Environmental Assessment prior to final approval of the plan.

F. Public Hearing and Comment

1. Comments on the voluntary remedial action plan shall be accepted by the Office of Environmental Assessment for a period of 30 days after the date of the public notice and shall be fully considered by the administrative authority prior to final approval of the plan. However, if the administrative authority determines a shorter or longer comment
period is warranted, the administrative authority may provide for a shorter or longer comment period in the public notice described in Paragraph D.1 of this Section. Also, the comment period provided in the public notice may be extended by the administrative authority if the administrative authority determines such an extension is warranted.

Part XI. Underground Storage Tanks

Chapter 3. Registration Requirements, Standards, and Fee Schedule

§301. Registration Requirements

A. - A.2. ...

3. All existing UST systems previously registered with the department shall be considered to be in compliance with this requirement if the information on file with the department is current and accurate. Maintaining current and accurate information with the department includes notifying the Office of Environmental Assessment/Compliance of changes in ownership, or of changes in UST system descriptions resulting from upgrading, by filing an amended registration form within 30 days of the change in ownership or in description of the UST system.

B. New UST Systems. Upon the effective date of these regulations, all owners of new UST systems (as defined in LAC 33:XI.103) must, at least 30 days before bringing such tanks into use, register them on an Underground Storage Tank Registration Form (UST-REG-01). Registration forms shall be filed with the Office of Environmental Assessment/Compliance. The following registration requirements apply to new UST systems.

1. - 2. ...

C. All UST system owners or operators shall comply with the following requirements.

1. Any person who sells a UST system shall so notify the Office of Environmental Assessment/Compliance in writing within 30 days after the date of the transaction. A person selling a UST must also notify the person acquiring a regulated UST system of the owner's registration obligations under this Section.

2. Any person who acquires a UST system shall submit to the Office of Environmental Assessment/Compliance an amended registration form within 30 days after the date of acquisition.

3. - 4. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2001 et seq.

§303. Standards for UST Systems

A. - C.1. ...

2. The department may grant an extension to these dates only in the event that the UST or UST system installation is delayed due to adverse weather conditions or other unforeseen, unavoidable circumstances. A written contract alone does not qualify as an
unforeseen, unavoidable circumstance. In order to obtain an extension, the UST owner must submit a written request to the Office of Environmental Assessment, describing the circumstances that have caused the installation delay.

**D. - D.6.b.i.(e). ...**

ii. Beginning January 20, 1992, all owners and operators must ensure that the individual exercising supervisory control over installation critical-junctures (as defined in LAC 33:XI.1303) of a UST system is certified in accordance with LAC 33:XI.Chapter 13. To demonstrate compliance with Subparagraph D.6.a of this Section, all owners and operators must provide a certification of compliance on the UST Registration of Technical Requirements Form (UST-REG-02) within 60 days of the introduction of any regulated substance. Forms shall be filed with the Office of Environmental Assessment.

c. Notification of Installation. The owner and operator must notify the Office of Environmental Assessment in writing at least 30 days before beginning installation of a UST system by:

6.c.i. ... ii. notifying the appropriate regional office of the Office of Environmental Assessment by mail or fax seven days prior to commencing the installation and before commencing any installation-critical juncture (as defined in LAC 33:XI.1303);

D.6.c.iii - E.6. ...

a. The owner and operator must notify the Office of Environmental Assessment in writing at least 30 days before beginning a UST system upgrade.

b. An amended registration form (UST-REG-02) must be submitted to the Office of Environmental Assessment within 30 days after the UST system is upgraded. The owner and operator must certify compliance with Subsection C of this Section on the amended registration form (UST-REG-02). Beginning January 20, 1992, the amended registration forms (UST-REG-01 and 02) shall include the name and department-issued certificate number of the individual exercising supervisory control over those steps in the upgrade that involve repair-critical junctures or installation-critical junctures (as defined in LAC 33:XI.1303) of a UST system.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

LOG #: MM015

Person Preparing Statement: Brenda Hayden
Dept.: Environmental Quality
Office: Office of the Secretary/Legal Affairs Division
Phone: (225) 219-3981
Brenda.Hayden@la.gov
Return Address: 602 North Fifth Street
Rule Title: Amendments to References to the Office of Environmental
Assessment (LAC 33:I, III, V, VI, IX, and XI)

Baton Rouge, LA, 70802

Date Rule Takes Effect: Upon Promulgation

SUMMARY
(Use complete sentences)

In accordance with Section 953 of Title 49 of the Louisiana Revised Statutes, there is hereby submitted a fiscal and economic impact statement on the rule proposed for adoption, repeal or amendment. THE FOLLOWING STATEMENTS SUMMARIZE ATTACHED WORKSHEETS, I THROUGH IV AND WILL BE PUBLISHED IN THE LOUISIANA REGISTER WITH THE PROPOSED AGENCY RULE.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change will have no impact on state or local governmental expenditures. Act 48 of the 2010 Regular Legislative Session reorganized the Department of Environmental Quality and eliminated the Office of Environmental Assessment. The proposed rule removes references to the Office of Environmental Assessment and replaces the references with either the Office of Environmental Services, Office of Environmental Compliance, or the Office Management and Finance. The rule change codifies current law into department rules.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There is no estimated effect on revenue collections of state or local governmental units as a result of the proposed rule change.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

There will be no costs to directly affected persons or non-governmental groups as a result of the proposed rule change.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no estimated effect on competition or employment in the public or private sector because of the proposed rule change.

Signature of Agency Head or Designee
Legislative Fiscal Officer or Designee

Herman Robinson, CPM, Executive Counsel
Typed Name and Title of Agency Head or Designee

Date of Signature
The following information is requested in order to assist the Legislative Fiscal Office in its review of the fiscal and economic impact statement and to assist the appropriate legislative oversight subcommittee in its deliberation on the proposed rule.

A. Provide a brief summary of the content of the rule (if proposed for adoption, or repeal) or a brief summary of the change in the rule (if proposed for amendment). Attach a copy of the notice of intent and a copy of the rule proposed for initial adoption or repeal (or, in the case of a rule change, copies of both the current and proposed rules with amended portions indicated).

This rule will revise the references to the Office of Environmental Assessment which was eliminated in Act 48 of the 2010 Louisiana Legislative Regular Session. To meet this requirement, the Rule will remove references to the Office of Environmental Assessment and replace the references with Office of Environmental Services, Office of Management and Finance, or the Office of Environmental Compliance.

B. Summarize the circumstances which require this action. If the Action is required by federal regulation, attach a copy of the applicable regulation.

The Office of Environmental Assessment was eliminated in Act 48 of the 2010 Louisiana Legislative Regular Session. To meet this requirement, the Rule will remove references to the Office of Environmental Assessment and replace the references with either the Office of Environmental Services, Office of Management and Finance, or the Office of Environmental Compliance.

C. Compliance with Act 11 of the 1986 First Extraordinary Session

(1) Will the proposed rule change result in any increase in the expenditure of funds? If so, specify amount and source of funding.

The proposed rule will not result in any increase in the expenditure of funds.

(2) If the answer to (1) above is yes, has the Legislature specifically appropriated the funds necessary for the associated expenditure increase?

(a) _____ Yes. If yes, attach documentation.
(b) _____ No. If no, provide justification as to why this rule change should be published at this time.

This question is not applicable.

FISCAL AND ECONOMIC IMPACT STATEMENT WORKSHEET

B. Provide a narrative explanation of each increase or decrease in revenues shown in "A." Describe all data, assumptions, and methods used in calculating these increases or decreases.

No increase or decrease in revenues will be realized.

III. COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS

A. What persons or non-governmental groups would be directly affected by the proposed action?

For each, provide an estimate and a narrative description of any effect on costs, including workload adjustments and additional paperwork (number of new forms, additional documentation, etc.), they may have to incur as a result of the proposed action.

The proposed rule impacts only the permitting authority (i.e., the Louisiana Department of Environmental Quality. There will be no effect on costs, including workload adjustments and additional paperwork, as a result of the proposed action.

B. Also provide an estimate and a narrative description of any impact on receipts and/or income resulting from this rule or rule change to these groups.

There will be no impact on receipts or income resulting from the proposed rule.

IV. EFFECTS ON COMPETITION AND EMPLOYMENT

Identify and provide estimates of the impact of the proposed action on competition and employment in the public and private sectors. Include a summary of any data, assumptions and methods used in making these estimates.

There will be no effect on competition or employment in the public or private sectors resulting from the proposed rule.
