Title I Modification—any physical change or change in the method of operation of a stationary source which increases the amount of any regulated air pollutant emitted or which results in the emission of any regulated air pollutant not previously emitted and which meets one or more of the following descriptions.

a. The change will constitute a modification as described in 40 CFR 60.14 and therefore result in the applicability of a standard of performance for new stationary sources promulgated pursuant to section 111 of the Clean Air Act.

b. The change will result in a significant net emissions increase under the *prevention of significant deterioration (PSD) program*, as defined in LAC 33:III.509.B.

c. The change will result in a significant net emissions increase under the program for Nonattainment New Source Review, as defined in LAC 33:III.504.

d. The change will result in the applicability of a maximum achievable control technology (MACT) determination pursuant to regulations promulgated under section 112(g) (Modifications, Hazardous Air Pollutants) of the Clean Air Act.
