**Small Business Analysis**

The impact of the proposed Rule on small businesses as defined in the Regulatory Flexibility Act has been considered. It is estimated that the proposed action is not expected to have a significant adverse impact on small businesses. The agency, consistent with health, safety, environmental and economic welfare factors has considered and, where possible, utilized regulatory methods in the drafting of the proposed rule that will accomplish the objectives of applicable statutes while minimizing the adverse impact of the proposed rule on small businesses.

**Provider Impact Statement**

The proposed Rule should not have any known or foreseeable impact on providers as defined by HCR 170 of 2014 Regular Legislative Session. In particular, there should be no known or foreseeable effect on:

1. the effect on the staffing level requirements or qualifications required to provide the same level of service;
2. the total direct and indirect effect on the cost to the providers to provide the same level of service; or
3. the overall effect on the ability of the provider to provide the same level of service.

**Public Comments**

Interested persons may submit written comments via the U.S. Mail until noon, August 9, 2024, to Kimberly Tripeaux, Interim Executive Director, Board of Elementary and Secondary Education, Box 94064, Capitol Station, Baton Rouge, LA 70804-9064. Written comments may also be hand delivered to Shan Davis, Executive Director, Board of Elementary and Secondary Education, Suite 5-190, 1201 North Third Street, Baton Rouge, LA 70802 and must be date stamped by the BESE office on the date received. Public comments must be dated and include the original signature of the person submitting the comments.

**FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES**

**RULE TITLE: Criminal Background Checks and Reporting Requirements**

**I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**

There may be implementation costs or savings to state or local governmental units due to the proposed rule change. The proposed rule change updates LAC 28:LXXIX in *Bulletin 741 (Nonpublic)—Louisiana Handbook for Nonpublic School Administrators* and LAC 28:CXV in *Bulletin 741—Louisiana Handbook for School Administrators*, and LAC 28:CXXXI in *Bulletin 746—Louisiana Standards for State Certification of School Personnel*. The changes will require applicants for certification to pay a fee of approximately \$85, to cover the costs of criminal background checks (CBC) with the Louisiana State Police and Federal Bureau of Investigations, as well as the Louisiana Department of Education (LDOE) credentialing fee in order to determine eligibility for the issuance of educator credentials. Some local education agencies (LEA) cover these costs for prospective employees, but this practice varies by LEA. Further, employers are no longer required to obtain CBCs for teachers, but are still authorized to obtain CBCs, which may reduce costs for the applicant or school system.

**II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**

There is an anticipated effect on the revenue collections of state or local governmental units as a result of the proposed rule change. The Louisiana State Police will receive processing and vendor fees for all CBCs requested by the department. Additionally, as a part of the total fee, LDOE will receive a processing fee of \$25 for reviewing and determining eligibility for certification. The fees collected will be used to cover operating expenses of the Credentialing Section of the LDOE Division of Educator Talent and Workforce Development.

**III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)**

There are anticipated costs to directly affected persons, small business, or nongovernmental groups as a result of the proposed rule change. Both first-time applicants for educator credentials and any applicant for credential renewal or update may be subject to fees for CBCs.

**IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)**

There may be an impact on competition and employment as a result of the proposed rule change. If an educator cannot become certified due to a criminal history issue, it could impact their ability to be hired in the field of education. Additionally, if criminal history issues cause a change in the personnel availability to school systems, it could impact the competition between employing school systems for the educators available.

**NOTICE OF INTENT**

Imports and Exports of Hazardous Waste Multi-Rule and e-Manifest Update  
(LAC 33:V.Chapter 1, 1021, Chapter 11, Chapter 13, 1516, 1531, Chapter 38, Chapter 41, and 4911)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Hazardous Waste regulations, LAC 33:V.105, 109, 110, 1021, 1101, 1107, 1108, 1113, 1123, 1127, 1301, 1307, 1309, 1516, 1531, 3835, 3855, 3857, 3871, 3877, 3879, 4105, 4143, 4145, and 4911 (Log # HW127ft).

This proposed Rule is identical to federal regulations found in 40 CFR 260.2(b) and (d); 260.4(a); 260.5; 260.11(g) and (g)(1); 261.4(d)(1) and (4), (e)(1) and (4); 261.6(a)(3)(i), and (5); 261.39(a)(5)(i), (iv)-(vi), (ix), and (xi); 261.10(d); 261.12(d); 261.41(c); 262.20(a)(1); 262.21(f)(5)-(8); 262.24(c), (e), and (g)-(h); 262 Subpart H; 263.10 and (d); 263.20(a)(2), (8) and (9), (c), (e)(2), (f)(2), and (g); 263.21(a)-(c), 264.12(a); 264.71(a)(2) and (3), (d), (j), and (l); 264.1086(c)(4)(i) and (d)(4)(i); 265.12(a); 265.71(a)(2) and (3), (d), (j), and (l); 266.70(b); 266.80(a); 273.20; 273.39; 273.40; 273.56; 273.62(a); and 273.70, which are applicable in Louisiana. For more information

regarding the federal requirement, contact William Little at (225) 219-3985. No fiscal or economic impact will result from the Rule. This Rule will be promulgated in accordance with the procedures in R.S. 49:963.A(2) and (3).

The proposed Rule adopts four federal rules under Subtitle C of the Resource Conservation and Recovery Act (RCRA): three rules related to the import and export of hazardous waste, and one rule related to fees associated with the hazardous waste e-Manifest system submitted solely to the U.S. Environmental Protection Agency (EPA). This proposed Rule incorporates the Imports and Exports of Hazardous Waste Rule, the Confidentiality Determinations for Hazardous Waste Export and Import Documents Rule, the Conforming Changes to Canada-Specific Hazardous Waste Import-Export Recovery and Disposal Operation Codes Rule, and the Hazardous Waste Electronic Manifest User Fee Rule. This proposed Rule:

- amends the existing regulations regarding the import and export of hazardous wastes into and from the United States of America, enables electronic submittal to the EPA of all import and export related documents, and enables electronic validation of consent for export shipments subject to consent requirements;
- applies a confidentiality determination such that no person can assert confidential business information claims for documents related to the import, export, transit of hazardous waste, and export of excluded cathode ray tubes;
- makes conforming changes to regulations related to 12 hazardous waste import and export recovery and disposal operations used in notices submitted to the EPA by U.S. importers and exporters, and in movement documents that accompany import and export shipments to solely reflect revisions made in Canadian regulations; and
- establishes the methodology the EPA will use to determine the user fees applicable to the national electronic manifest system.

The basis and rationale for this Rule are to mirror federal regulations. This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:963(B)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

1. A generator who transports, or offers for transportation, hazardous waste for off-site treatment, storage, or disposal, or a treatment, storage, and disposal facility that offers for transport a rejected hazardous waste load, shall prepare a Manifest (OMB Control number 2050-0039) on EPA Form 8700-22 and, if necessary, EPA Form 8700-22A.

A.2. - F.2. ...

3. Restriction on Use of Electronic Manifests. A generator may prepare an electronic manifest for the tracking of hazardous waste shipments involving any RCRA hazardous waste only if it is known at the time the manifest is originated that all waste handlers named on the manifest participate in the use of the electronic manifest system, except that a generator may sign by hand and retain a paper copy of the manifest signed by hand of the initial transporter, instead of executing the generator copy electronically, enabling the transporter and subsequent waste handlers to execute the remainder of the manifest copies electronically.

4. ...

5. Special Procedures When Electronic Manifest is Unavailable. If a generator has prepared an electronic manifest for a hazardous waste shipment, but the electronic manifest system becomes unavailable for any reason prior to the time that the initial transporter has signed electronically to acknowledge the receipt of the hazardous waste from the generator, then the generator shall obtain and complete a paper manifest and if necessary, a continuation sheet (EPA Forms 8700-22 and 8700-22A) in accordance with the manifest instructions, and use these paper forms from this point forward in accordance with the requirements of LAC 33:V.1107.D.

6. ...
7. Reserved.

8. Post-receipt Manifest Data Corrections. Any post-receipt data corrections may be submitted at any time by any interested person after facilities have certified to the receipt of hazardous wastes by signing Item 20 of the manifest (e.g., waste handler) named on the manifest. Generators may participate in the post-receipt data corrections process electronically by following the process described in LAC 33:V.1516.L, which applies to corrections made to either paper or electronic manifest records.

#### **§1307. The Manifest System**

A. A transporter may not accept hazardous waste from a generator or another transporter unless it is accompanied by a manifest form (EPA Form 8700-22, and if necessary, EPA Form 8700-22A), signed by the generator in accordance with the provisions of LAC 33:V.1107, or is provided with an electronic manifest that is obtained, completed, and transmitted in accordance with LAC 33:V.1107.A.9, and signed with a valid and enforceable electronic signature as described in LAC 33:V.1107.G. The transportation of any hazardous wastes without a manifest shall be deemed a violation of these regulations and the Act. For exports of hazardous waste subject to 40 CFR Part 262 Subpart H, which is incorporated by reference in LAC 33:V.Chapter 11.Subchapter B, a transporter may not accept hazardous waste without a manifest signed by the generator in accordance with this Chapter, as appropriate, and for exports occurring under the terms of a consent decree issued by EPA on or after December 31, 2016, a movement document that includes all information required by 40 CFR 262.83(d).

B. ...

C. The transporter shall ensure that the manifest accompanies the hazardous waste. The transporter shall ensure that a movement document that includes all information required by 40 CFR 262.83(d) also accompanies the hazardous waste in the case of exports occurring under the terms of a consent issued by EPA to the exporter on or after December 31, 2016. The transporter shall ensure that a movement document that includes all information required by 40 CFR 262.84(d) also accompanies the hazardous waste in the case of imports occurring under the terms of a consent issued by EPA to the country of export or the importer on or after December 31, 2016.

#### **§1309. Compliance with the Manifest**

A. The transporter shall deliver the entire quantity of hazardous waste which he has accepted from a generator or a transporter, except as provided in Subsection B of this Section, to:

1. ...

2. the alternate designated facility, if the hazardous waste cannot be delivered to the designated facility because an emergency prevents delivery;

A.3. - B. ...

1. for a partial load rejection or for regulated quantities of container residues, a copy of the original manifest that includes the facility's date and the signature, the manifest tracking number of the new manifest that will accompany the shipment, and a description of the partial rejection or container residue in the Discrepancy block of the original manifest. The transporter shall retain a copy of this manifest in accordance with LAC 33:V.1311, and give remaining copies of the original to the rejecting facility. If the transporter is forwarding the rejected part of the shipment or a regulated container residue to an alternate facility or returning it to the generator, the transporter shall obtain a new manifest to accompany the shipment, and the new manifest shall include all of the required information in LAC 33:V.1516.C.5.a.(i)-(vi);

2. for a full load rejection that will be taken back by the transporter, a copy of the original manifest which includes the rejecting facility's date and signature and that attests to the rejection, the description of the rejection in the discrepancy block, and the name, address, phone number, and ID number for the alternate facility, or generator, to which the shipment shall be delivered. The transporter shall retain a copy of the manifest and give a copy to the rejecting designated facility. If the original manifest is not used, the transporter shall obtain a new manifest for shipment.

C. - E. ...

F. Emergency Condition. If the hazardous waste cannot be delivered in accordance with Paragraph A.1, 2 or 4 of this Section because of an emergency condition other than rejection of the waste by the designated facility, or alternate designated facility, then the transporter shall contact the generator for further instructions and shall revise the manifest according to the generator's instructions.

G. Transporters without Agency Authority. If the hazardous waste is not delivered to the next designated transporter in accordance with Paragraph A.3 of this Section, and the current transporter is without contractual authorization from the generator to act as the generator's agent with respect to transporter additions or substitutions, then the current transporter shall contact the generator for further instructions prior to making any revisions to the transporter designations on the manifest. Afterwards, the current transporter may make such revisions if:

1. the hazardous waste is not delivered in accordance with Paragraph A.3 of this Section because of an emergency condition; or

2. the current transporter proposes to change the transporter(s) designated on the manifest by the generator, to add a new transporter during transportation, to respond to an emergency, or for purposes of transportation efficiency, convenience, or safety; and

3. the generator authorizes the revision.

H. Transporters With Agency Authority. If the hazardous waste is not delivered to the next designated transporter in accordance with Paragraph A.3 of this Section, and the current transporter has authorization from the generator to act as the generator's agent, then the current transporter may change the transporter(s) designated on the manifest, or add a new transporter during transportation without the generator's prior explicit approval, provided that:

1. the current transporter is authorized by a contractual provision that provides explicit agency authority for the transporter to make such transporter changes on behalf of the generator;

2. the transporter enters in Item 14 of each manifest in which a change is made, the following statement of its agency authority: "Contract retained by generator confers agency authority on initial transporter to add or substitute additional transporters on generator's behalf;" and

3. the change in designated transporters is necessary to respond to an emergency, or for purposes of transportation efficiency, convenience, or safety.

I. Generator Liability. The grant by a generator of authority to a transporter to act as the agent of the generator with respect to changes to transporter designations under Paragraph B.3 of this Section does not affect the generator's liability or responsibility for complying with any applicable requirement under this Chapter, or grant any additional authority to the transporter to act on behalf of the generator.

c. immediately give the transporter at least one copy of the manifest;

d. within 30 days after the delivery, send a copy of the manifest to the generator; and

e. retain at the facility a copy of each manifest for at least three years from the date of delivery.

2. - 3. ...

4. Within three working days of the receipt of a shipment subject to LAC 33:V.Chapter 11.Subchapter B, the owner or operator of the facility shall provide a copy of the movement document bearing all required signatures to the foreign exporter, to the competent authorities of the countries of export and transit that control the shipment as an export and transit of hazardous waste respectively; and on or after the electronic import-export reporting compliance date, to EPA electronically using EPA's Waste Import Export Tracking System (WIETS), or its successor system. The original copy of the movement document must be maintained at the facility for at least three years from the

date of signature. The owner or operator of a facility may satisfy this recordkeeping requirement by retaining electronically submitted documents in the facility's account on EPA's WIETS, or its successor system, provided that copies are readily available for viewing and production if requested by any EPA or authorized state inspector. No owner or operator of a facility may be held liable for the inability to produce the documents for inspection under this Section if the owner or operator of a facility can demonstrate that the inability to produce the document is due exclusively to technical difficulty with EPA's WIETS, or its successor system, for which the owner or operator of a facility bears no responsibility.

5. The owner or operator of a facility receiving hazardous waste subject to LAC 33:V.Chapter 11.Subchapter B from a foreign source shall:

a. list the relevant consent number from consent documentation supplied by EPA to the facility for each waste listed on the manifest matched to the relevant list number for the waste from Block 9b. b. send a copy of the manifest within 30 days of delivery to EPA using the addresses listed in 40 CFR 262.82(e), until the facility can submit such a copy to the e-Manifest system according to Paragraph B.7 of this Section.

6. ...

7. Paper Manifest Submission Requirements. Beginning on June 30, 2021, the requirement to submit the top copy (page 1) of the paper manifest and any paper continuation sheet to the e-Manifest system for purposes of data entry and processing may be met by the owner or operator only by transmitting an image file of page 1 of the manifest and any continuation sheet to the EPA system, or by transmitting both a data file and the image file corresponding to page 1 of the manifest and any continuation sheet to the EPA system, within 30 days of the date of delivery. Submissions of copies to the e-Manifest system shall be made to the electronic mail/submission address specified at the e-Manifest program website's directory of services.

C. - I. ...

J. Imposition of User Fee for Manifest Submissions. An owner or operator who is a user of the electronic manifest system may be assessed a user fee by EPA for the submission and processing of each electronic manifest and paper manifest. EPA shall update the schedule of user fees and publish them to the user community, as provided in 40 CFR 264.1313. An owner or operator subject to user fees under this Section shall make user fee payments in accordance with the requirements of 40 CFR 264.1314, subject to the informal fee dispute resolution process of 40 CFR 264.1316, and subject to the sanctions for delinquent payments under 40 CFR 264.1315.

K. ...

L. Post-Receipt Manifest Data Corrections. After facilities have certified to the receipt of hazardous wastes by signing Item 20 of the manifest, any post-receipt data corrections may be submitted at any time by any interested person (e.g., waste handler) shown on the manifest. Interested persons shall meet the requirements of the *Code of*

*Federal Regulations* at 40 CFR 264.71(l), up to date as of July 1, 2021, which are hereby incorporated by reference.
