NOTICE OF INTENT

Department of Environmental Quality Office of the Secretary Legal Affairs Division

Expedited Permit Processing for a Federal Permitting Parity Program (LAC 33:I.1802)

Under the authority of the Louisiana Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Office of the Secretary regulations, LAC 33:I.1802 (OS107).

In accordance with Act 111 of the 2025 Regular Legislative Session, the department is authorized to institute a federal permitting parity program for advanced nuclear power generation applications submitted by electric public utilities. This proposed Rule provides that a utility shall submit that the application is for the development and construction of a small modular reactor and is consistent with a letter of collaboration entered into between the applicant and the federal government. Further, the proposed Rule indicates that the department shall provide notice that the permit is issued under the permitting parity program on the official website for the department. The basis and rationale for this proposed Rule are to institute a federal permitting parity program for advanced nuclear power generation applications submitted by electric public utilities in accordance with Act 111 of the 2025 Regular Legislative Session. This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:963.B(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Expedited Permit Processing for a Federal Permitting Parity Program

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The proposed rule change is not anticipated to have any implementation costs or savings to state or local government units. The department reports that it will be able to implement the proposed rule change using existing budget authority. The department has already established an expedited permitting process and anticipates being able to implement the rule with current staff and resources.

The proposed rule change, in accordance with Act 111 of the 2025 RS, authorizes the Department of Environmental Quality (DEQ) to establish a federal parity program for advanced nuclear power generation applications submitted by

electric public utilities. Under the proposed rule, a utility must demonstrate that its application pertains to the development and construction of a small modular reactor and aligns with a letter of collaboration executed between the applicant and the Federal Government. Additionally, the rule requires the department to provide public notice on its official website when a permit is issued under the Permitting Parity Program.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change is not anticipated to affect revenue collections for state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

The proposed rule change is not anticipated to have any costs for directly affected persons, small businesses, or nongovernmental groups. The Permitting Parity Program is designed to benefit private utility companies, which would allow them to save time in their permitting process to construct small nuclear reactors.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed rule change is not anticipated to impact competition and employment.

NOTICE OF INTENT

**Office of the Governor

Office of Facility Planning And Control**

Designer Contracts (LAC 34:III.129)

Pursuant to the authority set forth in R.S. 39:1410, the Commissioner of Administration proposes to amend LAC 34:III, Chapter 1., Subchapter A., Section 129.

The Louisiana Capital Improvement Projects Procedure Manual for Design and Construction ("Procedure Manual") has been made a part and condition of the Contract Between Owner and Designer ("Design Contract") that the Office of Facility Planning and Control ("OFPC") enters into with design professionals. Currently, the Procedure Manual tracks the language in LAC 34:III.129(D), which appears to require all disputes with designers to be submitted to non-binding mediation followed by arbitration. However, it also states that any "legal action resulting from this contract shall take place in East Baton Rouge." No such ambiguity exists in OFPC's agreements with general contractors.

Because LAC 34:III.129(D) is arguably ambiguous, OFPC could potentially be foreclosed from initiating an action in court against a designer and, consequently, potentially forcing OFPC to pursue separate actions against a contractor and a designer in different forums. As these disputes are often complex and involve shared liability by both the general contractor and the designer, pursuing those two parties in separate actions not only results in additional attorney's fees, but it may result in inconsistent rulings and it may prevent OFPC from obtaining complete recovery when the designer and the contractor raise irreconcilable

allegations against one another. This situation creates a peril to the welfare of the citizens of Louisiana and to the public fisc.

**Title 34
GOVERNMENT CONTRACTS, PROCUREMENT,
AND PROPERTY CONTROL**

Part III. Facility Planning and Control

Chapter 1. Capital Improvement Projects

Subchapter A. Designer Contracts

§129. Other Conditions

A. Insurance. Prior to the signing of the contract between owner and the designer, the designer shall furnish to the owner proof of coverage for the following.

1. Insurance. Professional liability insurance shall be required as per the owner's requirements on a project by project basis. Refer to Exhibit B of the contract for the extent of coverage required. Insurance will be required at the time of contract execution between the owner and the designer. Proof of coverage will be required at that time. No deductible shall be in excess of 5 percent of the amount of the policy.

2. Comprehensive general liability with minimum limits of \$500,000 per accident/occurrence.

3. Comprehensive automobile liability insurance with minimum limits of \$300,000 per accident/occurrence.

4. The designer shall provide a certificate of insurance as proof of workmen's compensation coverage.

B. Affidavit. The designer, on signing the contract, shall submit to the owner, on such form as the owner shall designate, a noncollusion affidavit.

C. When the time schedule has been established by the owner and designer, a completion date shall be set up for delivery of 100 percent completed, coordinated and ready to bid construction documents to the owner. If the designer is delayed through no fault of his/her own, then the completion date shall be extended accordingly, provided the designer makes such request in writing before starting the subsequent phase and the owner approves such as justified. The designer shall continue to work during this process.

D. Fault. Time delays, cost overruns, design inadequacies or other problems with performance of the designer may result in the designer being held "at fault." The owner shall determine if the designer is to be held at fault as provided in R.S. 38:2313.B.(5).

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:1410.

HISORICAL NOTE: Promulgated by the Office of the Governor, Division of Administration, Facility Planning and Control in LR 8:478 (September 1982), amended LR 11:854 (September 1985), LR 46:1571 (November 2020), LR 52:

Family Impact Statement

The proposed Rule is not anticipated to have an impact on family formation, stability, and autonomy as described in R.S. 49:972.

Poverty Impact Statement

The proposed Rule is not anticipated to have an impact on poverty as defined by R.S. 49:973.

Small Business Analysis

Pursuant to R.S. 49:965.6, methods for reduction of the impact on small businesses, as defined in the Regulatory Flexibility Act, have been considered when creating this proposed Rule
