

LOGIN.GOV MIGRATION:

Existing CDX account – NEW Login.gov account

****You will need a pen and paper to note down additional information for your records. Please keep this information safe and do not share your account information with anyone.****

1. Go to the CDX program at the following link: <https://cdx.epa.gov/cdx/login>.
2. Enter in your **NetDMR User ID** and click **Next**. Note this User ID in your records for future use, if not already noted. ****Please note – NetDMR User ID will remain the same, and will be needed to login to CDX even after migration to the Login.gov system****
3. Enter in your **NetDMR password** and click **Login**.
4. A notice alerting you to the mandated migration will appear. Click the button to **Login with Login.gov**.
5. Click the button to **Proceed with Login.gov**.
6. Click on the white and blue header to **Create an Account** and complete the following steps:
 - Enter in the **email address** associated with your existing NetDMR account and note in your records for future use. ****Please note - This email will be used as part of the login process from now on****
 - Click the checkbox beside the statement, **“I read and accept the Login.gov Rules of Use.”** Click **Submit**.
 - Check your email for an email confirmation from Login.gov. Please check your spam folder if it does not appear in your inbox. Click the button in the email to **Confirm email address**.
 - **Create a password** and note in your records for future use. This password must be at least 12 characters. ****Please note – This password replaces your original NetDMR password. The system no longer requires password resets every 90 days****
 - **Setup 1st Authentication method:** LDEQ recommends selecting the checkbox beside **Text or Voice message**, and clicking the **Continue** button. **Enter in your cellphone number** and click the radio button for **text message**. Click the button to **Send Code**. Enter the text messaged code into the prompt on the screen, and click **Submit**.
 - Click the button to **Add another method**.

- **Setup 2nd Authentication method:** LDEQ recommends selecting the checkbox beside **Backup codes**, and clicking the **Continue** button. Print, Copy, or Download these backup codes, and put in a secure place in your records for future use. Click the checkbox next to the statement, **“I’ve put my backup codes in a safe place.”** Click the button to **Continue**. ****PLEASE NOTE** if both authentication methods are lost, the account will need to be deleted and re-created after a 24-48hr re-setting period. Please keep codes in a secure and accessible location.****
- Click the button to **Agree and continue**. You will be redirected back to CDX.

7. Migration to the new Login.gov system is complete. You should see a green bar on the screen confirming the account has been successfully migrated to the new Login.gov login method.

Login.gov does not require the use of a password and security questions to sign DMRs, however you will still need your newly created password to sign in to Login.gov, and the original 3 security question responses used to setup your original CDX account in case of a forgotten password.
