### Hands-on training offered by DEQ for NetDMR online reporting

BATON ROUGE – The Louisiana Department of Environmental Quality is offering training for permittees on the use of the NetDMR online application for the submission of discharge monitoring reports. A discharge monitoring report, known as a DMR, is a self-reporting document that is generated by permittees that have a Louisiana Pollutant Discharge Elimination System permit. The DMR contains information pertaining to water discharges into waters of the state.

DEQ's training is conducted in person in a computer lab setting to allow for hands-on experience using NetDMR. The one-day session lasts approximately three hours and is intended to provide permittees and data providers with an overview of the NetDMR application which will enable the online submission of Discharge Monitoring Reports. Participants will walk through registering for an account, entering data, and signing and submitting a DMR online using the NetDMR test environment.

The training schedule is as follows:

#### **Baton Rouge – July 12**

8:30am - 11:30am  
DEQ Headquarters  
602 N. 5<sup>th</sup> street  
Baton Rouge

#### **Jennings - August 1**

9:00am - 12:00 pm  
Louisiana Technical College's Morgan Smith Campus  
1230 North Main Street  
Jennings

Registering is required as space is limited. To register, please email [deqnetdmr@la.gov](mailto:deqnetdmr@la.gov). To find out more information on the NetDMR program, please go to [www.deq.louisiana.gov/netdmr](http://www.deq.louisiana.gov/netdmr).
