NetDMR class offered June 21 at LDEQ headquarters in Baton Rouge

BATON ROUGE – The Louisiana Department of Environmental Quality is offering a class on how to use the Internet Discharge Monitoring Report (NetDMR) system. Conducted in a computer lab setting, the class provides a hands-on experience in using NetDMR. The one-day session lasts approximately 3.5 hours and is intended to provide permittees and data providers with an overview of the NetDMR application which will enable the online submission of Discharge Monitoring Reports (DMRs). Participants will walk through registering for an account, entering data, and signing and submitting a DMR online using the NetDMR test environment.

The class will be held June 21, and is limited to 16 participants. Class times are from 8 a.m. to 11:30 a.m. and from 12:30 p.m. to 4 p.m. at the Galvez Building, 602 North 5th St., Baton Rouge, LA 70802. NetDMR classes are free, but registration is required. To register, please go to: www.deq.louisiana.gov/form/netdmr-class-signup. For more information, please email deqnetdmr@la.gov.
