

Attached is a **Sanitary General Wastewater Discharge Permit Notice of Intent (NOI), WPS-G.** To be considered complete, <u>every item</u> on the form must be addressed and the last page signed by an authorized company agent. If an item does not apply, please enter "N/A" (for not applicable) to show that the question was considered.

Two sets (one original and one copy) of your <u>completed</u> NOI, <u>each</u> with a site diagram and a marked **U.S.G.S. Quadrangle map** or equivalent attached, as described in Section VI of the NOI, should be submitted to:

Mailing Address:

Department of Environmental Quality Office of Environmental Services Post Office Box 4313 Baton Rouge, LA 70821-4313 Attention: Water Permits Division

Physical Address:

Department of Environmental Quality Office of Environmental Services 602 N Fifth Street Baton Rouge, LA 70821 Attention: Water Permits Division

NOIs delivered to the Physical Address above MUST be placed in the drop box specifically for in-person deliveries. A LDEQ date stamp is provided at the drop box location if an additional copy/receipt is needed for your records. Please be advised that completion of this NOI may not fulfill all state, federal, or local requirements for facilities of this size and type.

According to L. R. S. 48:385, any discharge to a state highway ditch, cross ditch, or right-of-way shall require approval from:

Louisiana DOTD Office of Highways Post Office Box 94245 Baton Rouge, LA 70804-9245 (225) 379-1927

AND

Louisiana Department of Health Office of Public Health – Center for Environmental Health Services Post Office Box 4489 Baton Rouge, LA 70821 (225) 342-7395

In addition, the plans and specifications for sanitary treatment plants must be approved by the Louisiana Department of Health, Office of Public Health at the address above.

A copy of the LPDES regulations may be obtained from the Department's website at <u>http://deq.louisiana.gov/page/rules-regulations</u> or from the Office of the Secretary, Regulations Development Section, Post Office Box 4301, Baton Rouge, Louisiana 70821-4303, phone (225) 219-3981.

After the review of the NOI, this Office will issue written notification to those applicants who are accepted for coverage under a general permit for sanitary discharges.

For questions regarding this NOI please contact the Water Permits Division at (225) 219-3590. For help regarding completion of this NOI please contact DEQ, Small Business/Community Assistance Program at 1-800-259-2890.

ATTENTION: ANY INFORMATION SUBMITTED TO LDEQ MAY BECOME PUBLIC RECORD IN ACCORDANCE WITH ACT 256 RLS 2019

LPDES NOTICE OF INTENT TO DISCHARGE SANITARY WASTEWATER (Attach additional pages if needed.)

SECTION I - FACILITY INFORMATION

- A. Permit is to be issued to the following: (must have operational control over the facility operations see LAC 33:IX.2501.B and LAC 33:IX.2503.A and B).
- 1. Legal Name of Applicant (Company, Partnership, Corporation, etc.)

2.

Facility Name	
Mailing Address	
	Zip Code:
If applicant named above	e is not also the owner, state owner name, phone # and address.
	Federal Parish Municipal
Please check status:	State Public Private Other:
Does the Louisiana Publ	lic Service Commission regulate this facility?
If yes, under what Comp	any name is this facility regulated?
	C website to determine if your company is regulated.
	a.gov/UtilitySearch.aspx. If your company is regulated please be aware that
you will be required to pr	rovide a financial security mechanism for this facility.
Location of facility. Plea	se provide a specific address, street, road, highway, interstate, and/or River
	e facility for which the NOI is being submitted. If possible, please provide the
911 address.	

City		Zip	Code:	Pa	rish

Method of Coo	rdinate De	termination:					
				(Quad Map, Previo	us Permit, webs	ite, GPS)	
Is the facility lo	cated on li	ndian Lands?	?		Yes	No	
form_7023_r11						Page 2 of 1	
2/18/22						WPS-0	G

	SECTION I - FACILITY INFORMATION (cont.)				
	Is the facility located within 10,000 yards of an airport Yes No				
3.	Name & Title of Contact Person at Facility				
	Phone Fax e-mail				
	SIC (Standard Industrial Classification) Code(s):				
	SIC codes can be obtained from the U.S. Department of Labor internet site at: <u>https://www.osha.gov/pls/imis/sicsearch.html</u>				
	Facility Federal Tax I.D.				
В.	Name and address of responsible representative who completed the NOI:				
	Name & Title				
	Company				
	Phone Fax e-mail				
	Address				
C.	Name and address of responsible billing party (<i>annual water permit invoices will be mailed to this party</i>):				
	Name & Title				
	Company				
	Phone Fax e-mail				
	Address				
D.	Facility Information.				
1. 2.	What is the date by which this permit is needed? Who/what does the treatment facility serve? (e.g. apartment complex, subdivision, restaurant, office building, warehouse, etc.).				
3.	Describe operations at your facility in a comprehensive fashion.				
	Does the treatment facility receive any commercial food service wastes				
3.	and/or participate in commercial food preparation?				
	(e.g. restaurants, catering businesses, hotels/motels/churches/school with kitchens, etc)				
4.	Do any of th <u>e f</u> ollowing activities occur at this site?				
	Yes No Equipment and/or vehicle washing (with or without soaps/detergents).				
	Yes No Loading & unloading of chemicals/compounds.				
	Yes No Outside material and/or equipment storage.				
	Yes No Vehicle and/or equipment maintenance.				

SECTION I - FACILITY INFORMATION (cont.)

Explain any "Yes" response(s).

Please be aware that if "Yes" is checked to any of the activities, this facility may not qualify for coverage under the sanitary general permit. In order to avoid submittal of an additional permit application and delayed permit issuance please contact DEQ at 225-219-3590 to determine the correct application to be submitted for your facility.

5.	Are there any activities that generate wastewater, other than sanitary, which occur at this site? If yes, please explain.
5.	If this application is for a permit modification, please describe the modification (add extra sheets if needed):
	Is this an existing treatment system? Yes No
	Is this for a new construction?

 For new or proposed facilities; if approval of the plans and specifications for the treatment facility has been granted by the Louisiana Department of Health, Office of Public Health, a copy of the approval letter shall be attached to this application.

<u>For existing facilities</u>, a copy of the approval letter from the Louisiana Department of Health, Office of Public Health, shall be provided with this application, if available.

10. Is this a dental office?	Yes	No
If yes, has an amalgam separator been installed at the facility in accordance with 40 CFR Part 441?	Yes	No

SECTION I - FACILITY INFORMATION (cont.)

10. Complete the following information as it applies to your facility:

i v ii	5
SUBDIVISION	SCHOOLS/DAYCARES
Number of existing homes	Elementary school/daycare, number of pupils
Total number of connections	Junior/ high schools, number of pupils
PUBLICLY OWNED TREATMENT WORKS	Total number of employees
Design capacity of treatment facility in gpd	HOTELS/MOTELS
TRAILER PARK	Any food service available? (Yes/No)
Number of existing trailers	Number of rooms
Total number of connections	Total number of employees
OFFICE/WAREHOUSE	RESTAURANT
Total number of employees	Is the restaurant open 24 hours/day?
WASHATERIA/LAUNDROMAT	ls the restaurant along a freeway?
Number of washing machines	Is the restaurant considered a "Fast Food"
APARTMENT COMPLEX	Restaurant? (Yes/No)
Number of 1 bedroom apartments	Total number of employees
Number of 2 bedroom apartments	Number of seats
Number of 3+ bedroom apartments	Is this a seafood restaurant that boils?
·	If yes, does the boil water enter the
	sanitary treatment plant?
	CHURCH
BAR/LOUNGE	Does the church have a kitchen?
	Number of sanctuary seats
Does the bar have regular food service?	RETAIL SHOPPING CENTER
Number of seats	Total number of employees
Number of employees	VIDEO POKER
RV CAMPGROUND	Number of machines
ls there a dump station?	HOSPITAL
Volume of waste accepted/day in gpd	Number of beds
Total number of RV spaces	Number of employees
GAS STATION/CONVENIENCE STORE	NURSING HOME
Number of individual fueling points	Total number of patients
If food service is offered, please fill out	Total number of employees
the section regarding restaurants.	SHOWERS
Total number of employees	
	Number of individual showers
	Number of individual showers

11. If your facility is not listed above, please give a detailed description including the number of units, number of employees/residents, etc.

SECTION I - FACILITY INFORMATION (cont.)

12. If this facility is a shopping center, list the types of businesses, square footage of the shopping center, and total number of employees served by the treatment facility.

_		SECTION II - TRE		RMATION		
-	Treatment Facility Information What type of treatment system serves this facility? (i.e. aerated treatment system, septic system oxidation pond)					
	What disinfection m	ethod does the facility	utilize?			
-						
-	If this treatment plar	nt receives any wastew	rater other than sanita	ry, list the source	e(s) and amounts	
•						
-						
-						
-						
Are any indirect discharges introduced into the treatment facility (septic hauled wastes, port-o-wastes, etc.)? Please note that acceptance of hauled sewage sludge may prohibit covera under a general sanitary permit.						
Γ	If yes, provide the fo	bllowing for each indire	ct discharger:			
	Company Name	Address	Type of Waste	Average Daily Flow in GPD	Current LDEC Hauler's Licens Number	

SECTION III - DISCHARGE INFORMATION

Α.	Discharges requiring approval from the US Fish and Wildlife Service:
	Discharges to certain sensitive waters deemed important for the conservation of threatened and
	endangered species require approval from the US Fish and Wildlife Service (USFWS) prior to eligibility
	for automatic coverage under the general permit. You must consult the attached GUIDANCE
	DOCUMENT FOR DETERMINING IF YOUR DISCHARGE(S) REQUIRE PRIOR APPROVAL FROM
	THE FISH AND WILDLIFE SERVICE
	Note: For further environmental review process consultation, including listed species, critical habitat,
	migratory birds, or other natural resources that may be impacted by your project, please see the
	USFWS IPaC project planning tool: <u>https://ipac.ecosphere.fws.gov/</u>
	After consultation with the attached guidance document, please check the appropriate statement:
	I have determined that the discharge(s) will not enter sensitive waters and that I do not need to obtain
	approval from the US Fish and Wildlife Service prior to submittal for coverage under this
L	general permit.
	I have determined that the discharge(s) will enter sensitive waters. I have obtained the necessary
	approval from the US Fish and Wildlife Service and a copy of that approval is attached.
L	
В.	Discharges Requiring Approval from the Louisiana State Historic Preservation Officer:
	If this NOI is being completed for a facility that has not yet been cleared or excavated, you should
	contact the Section 106 Review Coordinator in the Office of Cultural Development, Archaeology Division
	(P. O. Box 44247, Baton Rouge, LA 70804 or telephone (225) 342-8170) to determine if construction
	activities or the proposed discharges will adversely affect properties listed or eligible for listing in the
	National Register of Historic Places.
	This is an existing facility and no construction activities related to this NOI are proposed.
L	
	This is a proposed facility and construction activities are not yet complete. I have <u>not</u> obtained approval
	from the State Historic Preservation Officer for the proposed construction activities. Please refer to the
	permit for instructions related to additional permitting requirements for storm water discharges related to
_	construction activities.
	This is a proposed facility and construction activities are not yet complete but I have obtained approval
	from the State Historic Preservation Officer for the proposed construction activities. (Submit a copy of
	the approval letter with your NOI.) Please refer to the permit for instructions related to additional
	permitting requirements for storm water discharges related to construction activities.
	Please note that if an application for a new proposed facility is received without the certification
	form from SHPO, it will not be considered administratively complete. The applicant is
	responsible for obtaining and submitting this certification to LDEQ; therefore, the applicant is

encouraged to submit the SHPO certification along with the NOI to avoid processing delays.

SECTION III - DISCHARGE INFORMATION (cont.)

- C. Complete this section for each discharge outfall. Outfalls are discharge points. An external outfall is a discrete discharge point beyond which the waste stream receives no further mixing with other waste streams prior to discharging into a receiving waterbody. An internal outfall is an outfall for a waste stream that combines with other waste stream(s) before discharging into an "external" outfall. Make additional copies for each outfall.
- 1. Outfall Identification. Provide a description of all the wastewater types to the effluent. (ex: Outfall 001 sanitary wastewater 5,000 gpd)

The average flow reported below relates solely to discharge flow, not treatment system size requirements. The Louisiana Department of Health and Hospitals uses additional criteria including, but not limited to, biological loading to determine design capacity requirements which may differ from the discharge flow.

Outfall No.	Wastewater Type	Average Flow (gpd)	

2. Outfall Location. Provide a description of the physical location for each outfall.

3. Latitude/Longitude of Discharge Point: Latitude-___deg. ___min. ___sec. Longitude-___deg. ___min. ___sec. Method of Coordinate Determination: (Quad Map, Previous Permit, website, GPS)

4. If a new discharge, when do you expect to begin discharging?

5. Indicate how the wastewater reaches state waters (named water bodies). This will usually be either directly, by open ditch (if it is a highway ditch, indicate the highway), or by pipe. Please specifically name all of the minor water bodies that your wastewater will travel through on the way to a major water body. This information can be obtained from U.S.G.S. Quadrangle Maps. Include river mile of discharge point if available.

Ву	(effluent pipe, ditch, etc.);
thence into	(parish drainage ditch, canal, etc.);
thence into	(named bayou, creek, stream, etc.);
thence into	(river, lake, etc.).

If this section is left blank, or specifically name waterbody and/or discharge point coordinates are not included, this application will not be accepted as complete.

SECTION III - DISCHARGE INFORMATION (cont.)

6. If the discharge is intermittent or seasonal, please complete the following table.

Frequency of Flow (average)			Flow Rate (mgd)	
		Number of		
per Year	per Week	Hours per Day	Long Term Avg.	Daily Maximum

SECTION IV – COMPLIANCE HISTORY

A. Report the history of all violations and enforcement actions for this facility and all other facilities owned or operated by this applicant, a summary of all permit excursions including effluent violations reported on the facility's Discharge Monitoring Reports (DMRs) and bypasses for the last three years. Using a brief summary, report on the current status of all administrative orders, compliance orders, notices of violation, cease and desist orders, and any other enforcement actions either already resolved within the past 3 years or currently pending. The state administrative authority may choose, at its discretion, to require a more in-depth report of violations and compliance actions for the applicant covering any law, permit, or order concerning pollution at this or any other facility owned or operated by the applicant. **Please attach the report to this application.**

SECTION V – LAC 33:I.1701 REQUIREMENTS

A. Does the company or owner have federal or state environmental permits identical to, or of a similar nature to, the permit for which you are applying in other states? (This requirement applies to all individuals, partnerships, corporations, or other entities who own a controlling interest of 50% or more in your company, or who participate in the environmental management of the facility for an entity applying for the permit or an ownership interest in the permit.)

	Permits in Louisiana. List Permit Numbers:
	Permits in other states (list states):
	No other environmental permits.
B.	Do you owe any outstanding fees or final penalties to the Department?
	If yes, please explain.
C.	Is your company a corporation or limited liability company?
	If yes, is the corporation or LLC registered with the Louisiana Secretary of State? Yes No
	If ves, attach a copy of your company's Certificate of Registration and/or Certificate of

If yes, attach a copy of your company's Certificate of Registration and/or Certificate of Good Standing from the Louisiana Secretary of State.

SECTION VI – MAPS/DIAGRAMS

A. Site Diagram. Attach to this NOI a complete site diagram of your facility showing the boundaries of your facility, the location of all buildings and/or storage areas, the location of treatment units (such as settling basins, oxidation ponds, sewage treatment plants), and demonstrate how the wastewater flows through your facility into each <u>clearly labeled discharge point</u> (including all treatment points). Please indicate the location of the facility and the front gate or entrance to the facility on the site diagram. The diagram does not need to be drawn to scale.

SECTION VI - MAPS/DIAGRAMS (cont.)

B. Topographic Map. Attach to this NOI a map or a copy of a section of the map which has been highlighted to show the path of your wastewater from your facility to the first named water body. Include on the map the area extending at least one mile beyond your property boundaries. Indicate the outline of the facility, the location of each of its existing and proposed discharge structures.

A U.S.G.S. 1:24,000 scale map (7.5' Quadrangle) would be appropriate for this item. Appropriate maps can be obtained from local government agencies such as DOTD or the Office of Public Works. Maps can also be obtained online at http://map.deg.state.la.us/. Private map companies can also supply you with these maps. If you cannot locate a map through these sources you can contact the Louisiana Department of Transportation and Development at:

1201 Capitol Access Road Baton Rouge, LA 70802 (225) 379-1107 maps@dotd.louisiana.gov

IF A SITE DIAGRAM AND A TOPOGRAPHIC MAP ARE NOT INCLUDED THIS APPLICATION WILL NOT BE ACCEPTED AS COMPLETE

SECTION VII – SITE HISTORY

- A. If this is an existing system, date operations began at this site:
- **B.** Is the current operator the original operator?

Yes

If **no**, give a <u>reverse</u> chronological list of previous operators. Include the company name and telephone number (if available), and the dates through which the company operated this facility.

Compony	Dates of Operation		Telephone Number
Company	From	То	Number

According to the Louisiana Water Quality Regulations, LAC 33:IX.2503, the following requirements shall apply to the signatory page in this application:

Chapter 25. Permit Application and Special LPDES Program Requirements

2503. Signatories to permit applications and reports

- A. All permit applications shall be signed as follows:
 - 1. For a corporation by a responsible corporate officer. For the purpose of this Section responsible corporate officer means:

(a) A president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy- or decision-making functions for the corporation, or

(b) The manager of one or more manufacturing, production, or operating facilities provided: the manager is authorized to make management decisions that govern the operation of the regulated facility, including having the explicit or implicit duty of making major capital investment recommendations and initiating and directing other comprehensive measures to ensure long term environmental compliance with environmental laws and regulations; the manager can ensure that the necessary systems are established or actions taken together complete and accurate information for permit application requirements; and the authority to sign documents has been assigned or delegated to the manager in accordance with corporation procedures.

NOTE: LDEQ does not require specific assignments or delegations of authority to responsible corporate officers identified in the Permit **Standard Conditions**, **Section D.10.a.(1)(a)**. The agency will presume that these responsible corporate officers have the requisite authority to sign permit applications unless the corporation has notified the state administrative authority to the contrary. Corporate procedures governing authority to sign permit applications may provide for assignment or delegation to applicable corporate positions under Permit **Standard Conditions**, **Section D.10.a.(1)(b)** rather than to specific individuals.

- 2. For a partnership or sole proprietorship by a general partner or the proprietor, respectively; or
- 3. For a municipality, state, federal or other public agency by either a principal executive officer or ranking elected official. For the purposes of this section a principal executive officer of a federal agency includes:
 - (a) The chief executive officer of the agency, or
 - (b) A senior executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., Regional Administrators of EPA).
- B. All reports required by permits and other information requested by the state administrative authority shall be signed by a person described in Permit Standard Conditions, Section D.10.a., or by a duly authorized representative of that person. A person is a duly authorized representative only if:
 - 1. The authorization is made in writing by a person described in Permit **Standard Conditions, Section D.10.a**.
 - 2. The authorization specifies either an individual or a position having responsibility for the overall operation of the regulated facility or activity such as the position of plant manager, operator of a well or well field, superintendent, position of equivalent responsibility, or an individual or position having overall responsibility for environmental

matters for the company, (a duly authorized representative may thus be either a named individual or any individual occupying a named position); and

- 3. The written authorization is submitted to the state administrative authority.
- C. Changes to authorization. If an authorization under Permit Standard Conditions, Section D.10.b is no longer accurate because a different individual or position has responsibility for the overall operation of the facility, a new authorization satisfying the requirements of Section D.10.b must be submitted to the state administrative authority prior to or together with any reports, information, or applications to be signed by an authorized representative.
- D. Any person signing any document under Permit **Standard Conditions**, **Section D.10.a. or b** shall make the following certification:

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations."

SIGNATORY AND AUTHORIZATION

Pursuant to the Water Quality Regulations (specifically LAC 33:IX.2503) promulgated September 1995, the state NOI must be signed by a responsible individual as described in LAC 33:IX.2503 and that person shall make the following certification:

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations."

CHECKLIST

To prevent any unnecessary delay in the processing of your notice of intent to be covered under the general permit, please take a moment and check to be certain that the following items have been addressed and enclosed:

- 1. <u>ALL</u> questions and requested information have been answered (N/A <u>only</u> if the question or information was not applicable).
- 2. <u>ALL</u> required maps, drawings, lab analysis, and other reports are enclosed.
 - Site Map
 - Topographical Map
 - Compliance History Report
 - LDH Wastewater Approval Letter
 - SHPO certification (if applicable)
- 3. The <u>appropriate</u> person has signed the signatory page. If an unauthorized representative of the facility signs the application, the application will not be processed. Please note that electronic or digital signatures will not be accepted.
- 4. Please forward the original and one copy of this NOI and all attachments.

ANY NOI THAT DOES NOT CONTAIN ALL OF THE REQUESTED INFORMATION WILL BE CONSIDERED INCOMPLETE. NOI PROCESSING WILL NOT PROCEED UNTIL ALL REQUESTED INFORMATION HAS BEEN SUBMITTED.

NOTE: UPON RECEIPT AND SUBSEQUENT REVIEW OF THE NOI BY THE PERMITS DIVISION, YOU MAY BE REQUESTED TO FURNISH ADDITIONAL INFORMATION IN ORDER TO COMPLETE THE PROCESSING OF THE PERMIT.

GUIDANCE DOCUMENT FOR DETERMINING IF YOUR DISCHARGE(S) REQUIRE PRIOR APPROVAL FROM THE US FISH AND WILDLIFE SERVICE

If discharges from your operation will enter any of the segments listed below in the Lake Pontchartrain, Pearl River, Vermilion-Teche, Red River, or Ouachita River Basins then a copy of your NOI must be submitted to the US Fish and Wildlife Service for their approval PRIOR TO SUBMITTAL TO LDEQ. Discharges into the subsegments listed below will be automatically authorized by LDEQ only if you have received comments from the US Fish and Wildlife Service. You must attach a copy of their comments to your NOI in order to be automatically authorized to discharge under this general permit.

Your request to the US Fish and Wildlife Service should be directed to:

Fish and Wildlife Service 646 Cajundome Boulevard Suite 400 Lafayette LA 70506 (337) 291-3100

You must submit a copy of your correctly completed NOI, including a copy of the topographic map depicting the proposed location of the facility, each outfall number and location, and the route that discharges will flow from the facility to the nearest receiving water body.

ATCHAFALAYA RIVER BASIN:

Atchafalaya River Headwaters and Floodplain – from Old River Control Structure to Simmesport; includes Old River Diversion Channel, Lower Red River, Lower Old River

Atchafalaya River Mainstem – from Simmesport to Whiskey Bay Pilot Channel at mile 54
